RBI allows settlement of trade transactions with Lanka in rupee

PRESS TRUST OF INDIA Mumbai, May 19

IN VIEW OF difficulties being faced by exporters in getting payments from crisis-hit Sri Lanka, the RBI on Thursday allowed settlement of trade transactions in Indian rupee outside the Asian Clearing Union (ACU) mechanism.

In March, the government had guaranteed a term loan of \$1 billion extended by State Bank of India (SBI) to Sri Lanka for financing purchase of essential goods by the island nation from India.

"In view of the difficulties

The move, which is outside the Asian Clearing Union mechanism, was

taken in view of issues being faced by exporters in getting payments from the crisis-hit island nation

being experienced by exporters in receipt of export proceeds from Sri Lanka and SBI's credit facility...it has been decided that such trade transactions with Sri Lanka, falling under the said arrangement, may be settled in INR outside the ACU mechanism," the RBI

said in a circular.

Under the arrangement, financing of export of eligible goods and services from India would be allowed subject conditions and whose purchase may be agreed to be financed by SBI under the agreement.

The island nation is facing its worst economic crisis since gaining independence from Britain in 1948.

The crisis has been caused in part by a lack of foreign currency, which means the country cannot afford to pay for imports of staple foods and fuel, leading to acute shortages and very high prices.

SIX MONTHS ON

Govt removes price limit on raw jute

PRESS TRUST OF INDIA Kolkata, May 19

AROUND SIX MONTHS after the price of raw jute was capped at ₹6,500 per quintal, which allegedly led to a crisis in the industry, the government on Thursday decided to withdrawit from May 20, according to a notification.

The move followed pressure from various quarters, including Arjun Singh who is a BJP MP of West Bengal where the majority of the jute mills of the country are located.

"After careful analysis and considering the current market scenario of raw jute availability, the September 30 notification stands withdrawn from May 20," the Jute Commissioner's Office (JCO), a central government agency that looks after orderly development and promotion of the industry, said in the notification.

The Indian Jute Mills Association (IJMA), which had claimed that millers were not getting rawjute below ₹7,000 a quintal leading to the crisis, and Arjun Singhwelcomed the step. About a dozen-odd jute mills had to shut operations due to raw jute availability at the government price, rendering job loss for thousands of workers. The price cap removal is

expected to help farmers, mills and the jute MSME sector. There are around 2.5 lakh jute mill workers and 40 lakh

■ Price cap removal is expected to help farmers, mills and the

jute MSME sector

■ There are around 2.5 lakh jute mill workers and 40 lakh jute farmers

■ Capped at ₹6,500 a quintal, the price allegedly led to a crisis in the industry

jute farmers.

In the past one week, raw jute prices have corrected to ₹6,700 per quintal, down from ₹7,200 a quintal, over bumper crop projection. "It is a very welcome step. Any regulation in commodities is unwarranted," IJMA chairman Raghavendra Gupta told PTI. Thanking Prime Minister

Narendra Modi and Union textiles minister Piyush Goyal for the move, Singh tweeted that it is a "big victory" for lakhs farmers and workers and the jute industry.

LPG costlier by ₹3.5, crosses ₹1,000 mark

PRESS TRUST OF INDIA New Delhi, May 19

COOKING GAS LPG price was on Thursday hiked by ₹.50 per cylinder, the second increase in rate this month following the firming of international energy rates. Non-subsidised LPG now costs ₹1,003 per 14.2-kg cylinder in the national capital, up from ₹999.50 previously, according to a price notification of stateowned fuel retailers.

This is the second increase in LPG rate this month and the third in less than two months. The price was hiked by ₹50 per cylinder on March 22 and again by the same quantum on May 7. Since April 2021, prices have

risen by ₹193.5 per cylinder. Petrol and diesel prices, however, continue to be on

freeze for the 43rd day in a row.

The pause followed rates being hiked by a record ₹10 per litre in a matter of 16 days beginning March 22. Non-subsidised cooking gas is the one that consumers

buy after exhausting their quota of 12 cylinders at subsidised or below-market rates. However, the government pays no subsidy on LPG in most

cities and the price of the refill that consumers, including the poor women who got free connection under the muchtalked Ujjwala scheme, is the same as that for non-subsidised or market price LPG.

Cumin prices jump amid crop shortfall **NAYAN DAVE**

Unjha, May 19

cumin crop in Rajasthan and Gujarat, coupled with an exceptionally high export demand, has inflated prices of the commodity to ₹4,500 per 20 kg. Traders and exporters in the Asia's biggest seeds spices hub Unjha said that on Thursday cumin spot prices hovered in the range of ₹3,900 to ₹4,500 per 20 kg depending on the quality of cumin. After cleaning, sorting and

AN OVER 40% shortfall in the

packaging, cumin is being sold in the retail market at prices ranging from ₹275 per kg to over ₹300 per kg (₹5,500 to ₹6,000 per 20 kg), says Arvind Patel, a cumin trader in Unjha. On the National Commodities and Derivatives Exchange

(NCDEX), May Jeera futures touched a high of ₹21,765 per quintal on Thursday. Spot Jeera prices in Unjha mandi on NCDEX Jodhpur stood at ₹21,701.70 per quintal (₹4,340 per 20 kg). At Jodhpur mandi, it was at ₹22,500 per quintal. Patel, who is also vicechairman of Unjha Agriculture Produce Market Committee (APMC), went on to say that if the upcoming monsoon season was weak, prices of cumin will further zoom beyond ₹6,000 in the second half of the current calendar year. "Prices of cumin remained

in the range of ₹2,400 to ₹2,700 per 20 kg in the previous season. Cumin production in Rajasthan and Gujarat remained nearly 90 lakh bags (55 kg per bag). This year we are

expecting cumin production of hardly around 55 lakh bags in the country," says Patel. Sowing of cumin happens

during October to December

and harvest begins from February till April end. Jodhpur and Nagaur districts in Rajasthan are the major pockets of cumin farming. In Gujarat, cumin is being sown in Banaskantha, Kutch and Saurashtra regions. Farmers and traders from both the states ultimately come to Unjha to sell their crop. Of the total arrival of cumin at Unjha, nearly 60% comes from Rajasthan and remaining 40% from different parts of Gujarat

For the 2021-22 season, cumin sowing in Gujarat was restricted to little over 3 lakh hectares compared to previous year's 4.70 lakh hectares. Same is the case with neighbouring Rajasthan, which registered a 20% reduction in acreage. As cumin crop is highly sensitive to weather and disease, farmers in Rajasthan and Gujarat switched to other crops in demand, including cotton, mustard seed, groundnut, soyabean and coriander seed, this season, Dinesh Patel, chairman of Unjha APMC, said.
