ELIGIBLE INVESTORS

For details in relation to Eligible Investors, please refer to section titled “Issue Procedure” beginning on page 221 of this Draft Prospectus.

RISK IN RELATION TO THE FIRST ISSUE

This being the first public issue of the Equity Shares of our Company, there has been no formal market for the Equity Shares of our Company. The face value of the Equity Shares of the Company is ₹10.00 per equity share and the Issue Price is 10.00 times of the face value. The Issue Price (will be determined and justified by our Company in consultation with the Lead Manager as stated under the paragraph “Basis for Issue Price” on page 72 of this Draft Prospectus) should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active and/or sustained trading in the Equity Shares of our Company or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the “Risk Factors” carefully before taking an investment decision in this Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares offered in the Issue have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of this Draft Prospectus. **Specific attention of the investors is invited to the section titled “Risk Factors” beginning on page 21 of this Draft Prospectus.**

ISSUER’S ABSOLUTE RESPONSIBILITY

Our Issuer have made all reasonable inquiries, accepts responsibility for and confirms that this Draft Prospectus contains all information with regard to our Company and this Issue, which is material in the context of this Issue, that the information contained in this Draft Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Draft Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.

LISTING

The Equity Shares offered through this Draft Prospectus are proposed to be listed on the SME Platform of National Stock Exchange of India Limited (“NSE” i.e. “NSE EMERGE”) in terms of the Chapter IX of the SEBI ICDR Regulation, 2018 as amended from time to time. The words and expressions used but not defined in this Draft Prospectus will have the same meaning as assigned to such terms under the Companies Act, the Securities and Exchange Board of India Act, 1992 (the “SEBI Act”), the SCRA, the Depositories Act and the rules and regulations made thereunder.

Notwithstanding the foregoing, terms in “Main Provisions of the Articles of Association”, “Statement of Tax Benefits”, “Industry Overview”, “Regulations and Policies”, “Financial Information of the Company”, “Outstanding Litigation and Material Developments” and “Issue Procedure”, will have the meaning ascribed to such terms in these respective sections.

CERTAIN CONVENTIONS; PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

Certain Conventions

All references in the Draft Prospectus to “India” are to the Republic of India. All references in the Draft Prospectus to the “U.S.,” “USA” or “United States” are to the United States of America.

In this Draft Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, “Ksolves India Limited”, “KSIL”, and, unless the context otherwise indicates or implies, refers to Ksolves India Limited. In this Draft Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Draft Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off.

Use of Financial Data

Unless stated otherwise, throughout this Draft Prospectus, all figures have been expressed in Rupees and Lakh. Unless stated otherwise, the financial data in the Draft Prospectus is derived from our financial statements prepared and restated for the financial year ended on March 31, 2020, 2019 and 2018 in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2018 included under Section titled “Financial Information of our Company” beginning on page 129 of this Draft Prospectus. Our Company have made investment in wholly owned Subsidiary Company on October 01, 2019. Accordingly, financial information relating to us is presented on a Consolidated & Standalone basis both. Our fiscal year commences on April 1 of every year and ends on March 31st of every next year.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “Risk Factors”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in the Draft Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Review Auditor, set out in section titled “Financial Information of our Company” beginning on page 129 of this Draft Prospectus.

For additional definitions used in this Draft Prospectus, see the section “Definitions and Abbreviations” on page 01 of this Draft Prospectus. In the section titled “Main Provisions of Articles of Association”, on page 247 of the Draft Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Currency and Units of Presentation

All references to:

- “Rupees” or “INR” or “Rs.” or “₹” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” are to United States Dollar, the official currency of the United States.

Our Company has presented certain numerical information in this Draft Prospectus in “Lakhs” units. One Lakh represents 1,00,000. In this Draft Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal place.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Draft prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and

website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Prospectus is reliable, it has not been independently verified by us or the LM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, the section titled “Basis for Issue Price” on page 72 of the Draft Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the LM, have independently verified such information.

FORWARD LOOKING STATEMENTS

All statements contained in this Draft Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Draft Prospectus regarding matters that are not historical facts. We have included statements in the Draft Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. Our ability to successfully implement our strategy, our growth and expansion, technological changes.
2. Failure to anticipate and develop new services and enhance existing services in order to keep pace with rapid changes in technologies and the industries we focus on;
3. The business or financial condition of our clients or the economy generally, or any developments in the IT sector in macroeconomic factors, which may affect the rate of growth in the use of technology in business type of technology spending by our clients and the demand for our services;
4. Pricing pressure due to intense competition in the market for IT Services;
5. Fail to attract, retain and manage the transition of our management team and other skilled professionals;
6. Our ability to protect our intellectual property rights and not infringing intellectual property rights of other parties;
7. Ability to respond to technological changes;
8. Failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
9. Inability to successfully obtain registrations in a timely manner or at all;
10. General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
11. Our ability to effectively manage a variety of business, legal, regulatory, economic, social and political risks associated with our operations;
12. Recession in the market;
13. Changes in laws and regulations relating to the industries in which we operate;
14. Effect of lack of infrastructure facilities on our business;
15. Our ability to successfully implement our growth strategy and expansion plans;
16. Our ability to meet our capital expenditure requirements;
17. Our ability to attract, retain and manage qualified personnel;
18. Failure to adapt to the changing technology in our industry of operation may adversely affect our business and financial condition;
19. Failure to obtain any approvals, licenses, registrations and permits in a timely manner;
20. Changes in political and social conditions in India or in countries that we may enter, the monetary and interest rate policies of India and other countries, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
21. Occurrence of natural disasters or calamities affecting the areas in which we have operations;
22. Conflicts of interest with affiliated companies, the promoter group and other related parties;
23. The performance of the financial markets in India and globally;
24. Any adverse outcome in the legal proceedings in which we may be involved;
25. Our ability to expand our geographical area of operation;
26. Concentration of ownership among our Promoters.

For further discussion of factors that could cause our actual results to differ, see the Section titled "Risk Factors"; “Our Business” & and "Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 21, 88 & 180 respectively of the Draft Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company, our Directors, our Officers, Lead Manager and Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company, and the Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION II: OFFER DOCUMENT SUMMARY

A. PRIMARY DETAIL OF BUSINESS AND INDUSTRY

Summary of Business

We are an ISO certified software services and product company offering solutions that enables client organizations to rapidly develop powerful applications addressing their strategic business needs. The applications created by us enable organizations to drive digital transformation and competitive differentiation. Our Company is basically engaged in software development, enterprise solutions and consulting, providing a range of Information Technology (“IT”) solutions to companies across sectors such as Real Estate, E-Commerce, Finance, Telecom and Healthcare etc. We design, develop and maintain software systems and solutions, create new applications and enhance the functionality of our customer’s existing software products.

For further details, please refer chapter titled “Our Business” beginning on Page no. 88 of this Draft Prospectus.

Summary of Industry

The services sector’s significance in the Indian economy has continued to increase, with the sector now accounting for around 55 per cent of total size of the economy and GVA growth, two-thirds of total FDI inflows into India and about 38 per cent of total exports. The share of services sector now exceeds 50 per cent of Gross State Value Added in 15 out of the 33 states and UTs, with this share more than 80 per cent in Delhi and Chandigarh. However, data on GVA growth, high-frequency indicators and sectoral trends suggest a moderation in services sector activity during 2019-20.

L. There are no financing arrangements whereby the Promoter Group, the Directors of our Company who are the Promoters of our Company, the Directors of our Company and their relatives have financed the purchase by any other person of securities of our Company during the period of 6 (six) months immediately preceding the date of this Draft Prospectus.

M. The weighted average price of acquisition of Equity Shares by our Promoters in last one year is:

Our Promoter has acquired Equity Shares in last year. For further details refer chapter titled “Capital Structure” beginning on page no. 56 of this Draft Prospectus.

N. The average cost of acquisition of Equity Shares by our Promoters is:

Name of the Promoter	No. of Shares held	Average Cost of Acquisition per Share (In Rs.)*
Ratan Kumar Srivastava	5,03,800	9.78
Deepali Verma	5,04,000	9.78

*Average cost of acquisition is calculated on the basis of face value of equity shares of Rs. 10/- each.

O. Our Company does not contemplate any issuance or placement of Equity Shares from the date of this Draft Prospectus till the listing of the Equity Shares.

- P.** Our Company has not issued any Equity Shares for consideration other than cash in the one year preceding the date of this Draft Prospectus
- Q.** Our Company has not undertaken a split or consolidation of the Equity Shares in the one year preceding the date of this Draft Prospectus.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a better understanding, you should read this section together with “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 88 and 180, respectively, as well as the other financial and statistical information contained in this Draft Prospectus. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial condition and prospects.

If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our cash flows, business, financial condition and results of operations could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risks where the impact is not quantifiable and hence the same has not been disclosed in such risk factors. Investment in equity and equity related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. Before making an investment decision, investors must rely on their own examination of the Issue and us.

This Draft Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

In this Draft Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “Risk Factors” on page 21 and “Management Discussion and Analysis of Financial Condition and Results of Operations” on page 180 respectively of this Draft Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “Financial Information of our Company” prepared in accordance with the Indian Accounting Standards.

Materiality

The Risk factors have been determined and disclosed on the basis of their materiality. The following factors have been considered for determining the materiality:

1. Some events may have material impact quantitatively;
2. Some events may have material impact qualitatively instead of quantitatively;
3. Some events may not be material individually but may be found material collectively;
4. Some events may not be material at present but may be having material impact in future.

INTERNAL RISK FACTORS

- 1. We are dependent on our ability to develop new services and products, and enhance our existing services and products. If our products and services do not gain market acceptance, our operating results may be negatively affected.***

Rapid technological advances, changing delivery models and evolving standards in software development and changing and increasingly sophisticated customer needs and frequent new product introductions and enhancements characterize the industry in which we operate. Digitization is driving major changes in the global business software market, with IT leaders looking to adopt new technologies and software platforms to meet business needs, including revenue growth driven through new products and services, better customer experience and delivery mechanisms, and growth in revenue and profits. Our success depends upon our ability to anticipate, design, develop, test, market and support new software products, services, and enhancements of current products and services in response to evolving industry requirements.

To effectively meet customer demand, it is important that we continue to enhance our products and service offerings. We have developed progressive applications and software. The markets for our offerings are rapidly evolving due to which the level of acceptance of such products and services is not certain.

If we are unable to develop new or sufficiently differentiated products and services, enhance our product offerings and support services in a timely manner or position and price our products and services to meet demand including in response to new industry standards, customers may not purchase or subscribe to our software products or cloud offerings or renew software support subscription.

If the markets for our services fail to develop, develop slower than expected or experience increased competition, our business may suffer. As a result, we may be unable to successfully market our existing services and products, develop and successfully launch new products and services and enhancements to existing products and services, complete customer implementations on a timely basis, or complete products and services currently under development. If our services are not accepted by our customers or by associated businesses in our target verticals and markets, our business, operating results and financial condition will be materially adversely affected. For further details regarding our business, please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

2. *We require certain approvals or licenses in the ordinary course of business and the failure to renew, obtain or retain them in a timely manner, or at all, may affect our operations.*

We require certain statutory and regulatory approvals, licenses, registrations and permissions, and applications need to be made at the appropriate stages for our business to operate. Although we believe that we have obtained required license for carrying our business activity. There can be no assurance that the relevant authorities will renew these approvals or licenses in a timely manner. As a result, we may not be able to execute our business plan as planned. An inability to obtain or maintain approvals or licenses required for our operations may adversely affect our operations. Government approvals, licenses, clearances and consents are often also subject to numerous conditions, some of which are onerous and may require significant expenditure. Further the name of Company is changed from Ksolves India Private Limited to Ksolves India Limited and our license are pending for renewal due to change in name of Company and our shop and establishment registration is pending for renewal. Also certain of registration are bearing address of office where company’s operations are not presently operated. Any problem arises in renewal of the same will affect our business.

Furthermore, approvals, licenses, clearances, and consents covering the same subject matter are often required at State and central Government levels. If we fail to comply, or a regulator claims that we have not complied, with these conditions, we may not be able to commence or continue with work or operate our business activity. For further information on various approvals or licenses required in connection with our operations, please see the section entitled “Government and other Approvals” on page 199 of this Draft Prospectus.

3. *We have limited financial history and our prior period financial results may not accurately represent our future financial performance.*

We have experienced significant growth in our limited operating history. Our Company was incorporated in the year 2014-15. For the period ended March 31, 2020 our Company’s Total Standalone Income and Restated Standalone Profit after Tax were Rs. 814.51 Lacs and Rs. 67.19 Lacs, respectively. For the year ended March 31, 2019, our Company’s Total Standalone Income and Restated Standalone Profit after Tax were Rs. 542.62 Lacs and Rs. 15.83 Lacs, respectively as compared to our Company’s Total Standalone Income and Restated Standalone Profit after Tax was Rs. 340.85 Lacs and Rs. 5.50 Lakhs respectively for the year ended March 31, 2018. Additionally our Company has incurred losses in the initial year i.e. 2014-15 as per Audited Financial Statements due to process in setting up the business. Our business prospects must be considered in light of the risks and uncertainties encountered by companies undergoing rapid growth in competitive markets. Although we have grown significantly our prior growth rates may not be sustainable or a good predictor of future operating results. This substantial growth has placed, and will continue to place, demands on our management and other resources and there is no assurance that these demands will be met successfully. We may not be able to increase revenue or maintain profitability on a quarterly or an annual basis. If this occurs, our results of operations and financial condition will be adversely affected. Our growth exposes us to a wide range of increased risks. It will also place significant demands on our management, financial and other resources and will require us to continuously develop and improve our operational, financial and internal controls.

There can be no assurance that we will be able to successfully pursue our growth strategies, or that pursuing these strategies will provide us the anticipated benefits in terms of growth and profitability. Further, we may be unable to develop adequate systems, infrastructure and technologies, devote sufficient financial resources or develop and attract talent to manage our growth. Our inability to pursue our growth strategies successfully or at all, or an inability to manage our growth, may adversely affect our

prospects. For further details, please refer to section titled “Financial Information of our Company” beginning on Page 129 of this Draft Prospectus.

4. Interruptions or performance problems associated with our technology may harm our business and results of operations.

Our growth depends in part on the ability of our existing and potential customers to access our applications and softwares at any time. Although there have not been instances in the past where interruptions or problems with our technology have caused performance issues, we may in future experience disruptions, data loss, outages and other performance problems with our technology due to a variety of factors, including introductions of new functionality, human or software errors, capacity constraints, denial of service attacks or other security-related incidents. In some instances, we may not be able to identify the cause or causes of these performance problems within an acceptable period of time. It may become increasingly difficult to maintain and improve our performance.

Any disruptions in these services, including as a result of actions outside of our control, would significantly impact the continued performance. Any loss of the right to use any of these services could result in decreased functionality of our products until equivalent technology is either developed by us or, if available from another provider, is identified, obtained and integrated into our infrastructure. To the extent that we do not effectively address capacity constraints, upgrade our systems as needed, and continually develop our technology and network architecture to accommodate actual and anticipated changes in technology, our business, results of operations and financial condition could be harmed. For further details regarding our business, please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

5. There are outstanding legal proceedings involving our Company & Promoter. Any adverse decision in such proceedings may have a material adverse effect on our business, results of operations and financial condition.

We are involved in certain legal proceedings which are pending with Income Tax department. We cannot provide assurance that these legal proceedings will be decided in our favor. Any adverse decisions in any of the proceedings may have a significant adverse effect on our business, results of operations, cash flows and financial condition. A summary of the pending civil and other proceedings involving the Company & Promoter is provided below:

Litigation involving Our Company and Promoter:

A. Cases against our Company & Promoter

Nature of Cases	No of Outstanding Cases	Amount involved (In Lacs)
Criminal Complaints	--	--
Statutory/ Regulatory Authorities	--	--
Litigation involving Taxation issues	4	3.09
Other Litigation	--	--

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities. For further details of legal proceedings involving the Company & Promoter, please see “Outstanding Litigation and Material Developments” beginning on page 195 of this Draft Prospectus

6. We may be sued by third parties for alleged infringement or misappropriation of their proprietary rights.

There is considerable intellectual property development activity in our industry. Our future success depends in part on not infringing upon or misappropriating the intellectual property rights of others. Our competitors or other third parties may claim that we are infringing upon or misappropriating their intellectual property rights, and we may be found to be infringing upon or misappropriating such rights. We may be unaware of the intellectual property rights of others that may cover some or all of our technology, or technology that we obtain from third parties.

Any claims or litigation could cause us to incur significant expenses and, if successfully asserted against us, could require that we pay substantial damages, prevent us from offering our products or using certain technologies, require us to implement expensive work-arounds or require that we comply with other unfavorable terms. We may also be obligated to indemnify our customers or business partners in connection with any such claims or litigation and to obtain licenses, modify our products or refund fees, which could further exhaust our resources.

In addition, we may incur substantial costs to resolve claims or litigation, whether or not successfully asserted against us, which could include payment of significant settlement, or license fees, modification of our products or refunds to customers of fees. Even if we were to prevail in the event of claims or litigation against us, any claim or litigation regarding our intellectual property could be costly and time consuming and divert the attention of our management and other employees from our business operations and disrupt our business. For further details regarding our business, please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

7. *Our Company has made investments in its wholly owned subsidiary company in the FY 2019-20. While the investments offer the opportunity for substantial returns and capital gains, they also involve a high degree of risk that can result in substantial losses.*

We have made investments in our wholly owned subsidiary company on October 01, 2019 and may continue to make such investments in the future with parties that we believe can provide access to new markets, capabilities or assets. Also the Company has not made any provision for decline in value of such investment on reporting date. The acquisition and investments subject us to risks and we cannot assure that any such investments will be successful or meet our expectations. There can be no assurance that our Company will correctly evaluate the nature and magnitude of the various factors that may affect the value of such investments. If it does not, we may suffer losses, dilute value to shareholders, may not be able to take advantage of appropriate investment opportunities or complete transactions on terms commercially acceptable to us. The value of the investments may fluctuate due to variety of factors that are difficult to predict, such as domestic or international economic and political developments, which may significantly affect the value of our investments and thereby affect our results of operations and financial condition. For further details of our investment, section titled “Financial Information of our Company” beginning on Page 129 of this Draft Prospectus.

8. *We may need to change our pricing models to compete successfully.*

The competition we face in the sale of our products and services and general economic and business conditions as well as changes in the IT industry standards and landscape, can put pressure on us to change our pricing models. If our competitors offer deep discounts on certain products or services or develop products that the marketplace considers more valuable, we may need to lower prices or offer other favourable terms in order to compete successfully. Any such changes may reduce our sales or margins and could adversely affect our business and operating results.

Our competitors may offer lower pricing on their offerings, which could put pressure on us to further discount our products and services. Any broad-based change to our prices and pricing policies could cause our revenues to decline or be delayed as our sales force implements and our customers adjust to the new pricing policies. Some of our competitors may bundle products for promotional purposes or as a long-term pricing strategy or provide guarantees of prices and product implementations. These practices could, over time, significantly constrain the prices that we can charge for some of our products. If we do not adapt our pricing models to reflect changes in customer use of our products or changes in customer demand, our revenues could decrease. For further details regarding our business and competition, please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

9. *We derive a significant portion of our revenues from our top ten customers approximate to 72%. The loss of, or a significant reduction in the revenues we receive from, one or more of these clients, may adversely affect our business.*

Our top ten customers contribute approximately 72% of our revenues for the financial year ended March 31, 2020. Any decline in our Quality standards, growing competition and any change in the demand for our services by these customers may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, from these customers, and loss of business from one or more of them may adversely affect our revenues and profitability. However, the composition and revenue generated from these clients might change as we continue to add new clients in normal course of business. We intend to retain our customers by offering applications & software to address specific needs in a proactive, cost effective and time efficient manner. This helps us in providing better value to each customer thereby increasing our engagement with our new and existing customer base that presents a substantial opportunity for growth.

For further details of our ten top customers, please refer chapter titled “Management’s Discussion & Analysis of Financial Conditions & Results of Operations” beginning on Page 180 of Draft Prospectus.

10. *Product development is a long, expensive and uncertain process and our current expenditure in product development may not provide a sufficient or timely return.*

The development of our applications and software is a complex and time-consuming process, and the investment in their development often involves a long wait until a return is achieved on such an investment. We have made, and will continue to make,

significant investments in product development and related product opportunities. Investments in new technology and processes are inherently speculative. Commercial success depends on many factors, including the degree of innovation of the software products and services developed and effective distribution and marketing. Such expenditure may adversely affect our operating results if they are not offset by corresponding and timely revenue increases. However, significant revenues from new application and software investments may not be achieved for a number of years, or at all. Moreover, new software products and services may not be profitable, and even if they are profitable, operating margins for new software products and services may not be in line with the margins we have experienced for our existing or historical application and software. For further details regarding our business, please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

11. Our industry is highly competitive and we may not be able to compete effectively with competitors.

Our industry is highly fragmented and intensely competitive. Our competitors are numerous, ranging from small private firms to multi-billion dollar public companies. Contract awards are based primarily on quality of service, relevant experience, staffing capabilities, reputation, geographic presence, stability and price. In addition, the technical and professional aspects of our services generally do not require large upfront capital expenditures and provide limited barriers against new competitors. Many of our competitors have achieved greater market penetration in some of the markets in which we compete and have more personnel, technical, marketing and financial resources or financial flexibility than we do. If our competitors develop and implement methodologies that yield greater efficiency and productivity, they may be able to offer services similar to ours at lower prices without adversely affecting their profit margins. Even if our offerings address industry and client needs, our competitors may be more successful at selling their services. If we are unable to provide our clients with superior services and solutions at competitive prices or successfully market those services to current and prospective clients, our business, results of operations and financial condition may suffer. These competitive forces could force us to make price concessions or otherwise reduce prices for our services. If we are unable to maintain our competitiveness, our market share, revenue, and profits could decline. For further details regarding our business and competition, please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

12. Our operating results could be adversely affected by weakening of economic conditions due to lock-down in all parts of India and other parts of world due to pandemic covid-19.

Our overall performance depends in part on the global economic conditions. Certain economies have experienced periods of downturn due to the present situation prevailing in India and outside India due to pandemic disease of Covid-19 which impact financial markets, concerns regarding the stability and viability of major financial institutions, declines in gross domestic product, and increases in unemployment and volatility in commodity prices and worldwide stock markets, and excessive government debt.

Moreover, the instability in the global economy affects countries in different ways, at different times and with varying severity, which makes the impact to our business unforeseeable and indeterminate. During such downturns, many customers may delay or reduce technology purchases. Contract negotiations may become more protracted or conditions could result in reductions in the sale of applications and other services, longer sales cycles, pressure on our margins, difficulties in collection of accounts receivable or delayed payments, increased default risks associated with our accounts receivables, slower adoption of new technologies and increased price competition. In addition, deterioration of the global credit markets could adversely impact our ability to complete licensing transactions and services transactions, including maintenance and support renewals. Any of these events, as well as a general weakening of, or declining corporate confidence in the global economy, or a curtailment in government or corporate spending could delay or decrease our revenues and therefore have a material adverse effect on our business, operating results and financial condition.

13. Our failure to adapt to technological developments or industry trends could affect the performance and features of our products and services, and reduce our attractiveness to our customers.

As our operations grow in scope and size, whether through offering of new services or expansion into new markets, we must continuously improve, upgrade, adapt and expand our systems and infrastructure to offer our customers enhanced services, features and functionality ahead of rapidly evolving customer demands, while maintaining the reliability and integrity of our systems and infrastructure in a cost-efficient and competitive manner. The systems, infrastructure and technologies we currently employ may become obsolete or be unable to support our increased size and scale. Even if we are able to maintain, upgrade or replace our existing systems or innovate or customize and develop new technologies and systems, we may not be as quick or efficient as our competitors in upgrading or replacing our systems. We may be unable to devote adequate financial resources or obtain sufficient financing on commercially acceptable terms in time, or at all, which may have a material adverse effect on our business, prospects, results of operation and financial condition. For further details regarding our business, please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

14. *Increases in manpower cost for IT professionals could reduce our cash flows and profit margins.*

Historically, manpower costs in the Indian IT services industry have been significantly lower than manpower costs in developed countries for comparable skilled technical personnel, which has been one of India’s competitive strengths. However, manpower cost increases in India may prevent us from sustaining this competitive advantage and may negatively affect our profit margins. In the long term, wage increases may make us less competitive unless we are able to continue increasing the efficiency and productivity of our professionals and the quality of our services and the prices we can charge for our products and services. Increases in wages, including an increase in the cash component of our compensation expenses, may reduce our cash flows and our profit margins and have a material adverse effect on our business, financial conditions and results of operations. For further details regarding our human resource, please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

15. *We have entered into and may enter into related party transactions in the future also.*

Our Company and our Subsidiary Company has in the course of our business entered into, and will continue to enter into, transactions with related parties. Our Company has entered into several related party transactions with our Promoters and promoter group including in relation to reimbursements, loans and salary etc. For more information regarding our related party transactions, see Annexure J and 10 – Statement of Related Party Transactions” under chapter titled “Financial Information of our Company” beginning on page 129 of this Draft Prospectus. We cannot assure you that we will receive similar terms in our related party transactions in the future. Further we cannot assure you that we could not have achieved more favourable terms had such transactions been entered into with unrelated parties and such transactions, individually or in the aggregate, will not have an adverse effect on our reputation, cash flows, business, results of operations and financial condition.

16. *We have experienced negative cash flows in the past. Any such negative cash flows in the future could affect our business, results of operations and prospects.*

Our Company had reported certain negative cash flows from our investing activities and financing activities in the previous years as per the Restated Standalone Financial Statements and the same are summarized as under:

Particulars	For the year ended March 31,		
	2020	2019	2018
Cash flow from Operating Activities	103.10	28.61	22.30
Cash flow from Investing Activities	(102.10)	(19.30)	(19.73)
Cash flow from Financing Activities	--	(14.58)	--

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If our Company is not able to generate sufficient cash flows, it may affect our business and financial operations. For further please refer chapter titled Financial Information of our Company” beginning on Page 129 of this Draft Prospectus.

17. *Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements.*

We have declared & paid cash dividends on our Equity Shares in past. Our ability to pay dividends in the future will depend on our earnings, financial condition, cash flow, working capital requirements, capital expenditure and restrictive covenants of our financing arrangements. The declaration and payment of dividends will be recommended by the Board of Directors and approved by the Shareholders, at their discretion, subject to the provisions of the Articles of Association and applicable law, including the Companies Act, 2013. As on date, our Company has not adopted any formal dividend policy. For further please refer chapter titled “Dividend Policy” beginning on Page 128 of this Draft Prospectus.

We may retain all future earnings, if any, for use in the operations and expansion of the business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements. We cannot assure you that we will be able to pay dividends in the future. Accordingly, realization of a gain on Shareholders’ investments will depend on the appreciation of the price of the Equity Shares. There is no guarantee that our Equity Shares will appreciate in value.

18. We utilize the services of certain consultants for our operations. Any deficiency or interruption in their services could adversely affect our business operations and reputation.

We engage third party consultants from time-to-time for certain of our services and development of our products. Our ability to control the manner in which services are provided by third party consultants is limited and we may be liable legally or suffer reputational damage on account of any deficiency of services on part of such consultants. We cannot assure you that we will be successful in continuing to receive uninterrupted and quality services from our third-party consultants. Any disruption or inefficiency in the services provided by our third party consultants could interrupt our business operations and damage our reputation. For further details of our business, please refer chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

19. Our Promoters and Executive Directors hold Equity Shares in our Company and are therefore interested in the Company’s performance in addition to their remuneration and reimbursement of expenses.

Our Promoters and Directors are interested in our Company, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding in our Company. We cannot assure you that our Promoters will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoters may take or block actions with respect to our business which may conflict with the best interests of the Company or that of minority shareholders. For further information on the interest of our Promoters and Directors of our Company, other than reimbursement of expenses incurred or normal remuneration or benefits, see “Our Management” and “Our Promoters and Promoter Group” on pages 111 and 123, respectively of this Draft Prospectus.

20. We have had certain inaccuracy in relation to regulatory filings and our company has made non-compliances of certain provision under applicable law. We cannot assure you that our Company will not be subjected to any liability on account of such non-compliance and discrepancies.

We manage our internal compliance by monitoring and evaluating internal controls and ensuring all applicable statutory and regulatory compliances. However, there can be no assurance that deficiencies in our internal controls will not arise, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all. For instance, our Company has violated section 15(1) of Companies Act, 2013 in respect noting that should made on alteration in memorandum or articles of a company at the time of filing the forms in Registrar of Companies. In addition, the interest of one of our Promoter was advertently not shown in incorporation forms filed with Registrar of Companies. Also our Company has violated the provision of section 152(4) of Companies Act, 2013 in respect of appointment one of Director in the year 2014. Further our Company may have not complied with some Accounting Standard for instance, Accounting Standards 3 & 15. Also our company has issued shares to Promoters by converting their outstanding balance in Company and some of Roc forms are belated filed with requisite late fees. Further there has been certain clerical errors in the details of meetings, promoters and category of capital entered in forms MGT-7 filed under Section 92 of the Companies Act, 2013 filed our Company in past years. Although no show cause notice have been issued against the Company till date in respect of above, in the event of any cognizance being taken by the concerned authorities in respect of above, penal actions may be taken against the Company and its directors, in which event the financials of the Company and its directors may be affected

21. We have historically sold a significant majority of our products to customers in five verticals. Rapid changes or consolidation in these verticals could affect the level of demand for our products.

We have historically derived a significant portion of our revenue from customers in top five verticals such as Services, E-commerce, Healthcare, Power utility and Telecom, and sales in these verticals continue to be important for our future growth. In fiscals 2020, our total revenue from customers in these verticals was approximately to 79%, of our revenue from operations.

Any slowdown in these verticals may result in the reduction, postponement or consolidation of IT spending by our customers, contract terminations, deferrals of projects or delays in IT procurement, any of which, may adversely affect our business, financial condition and results of operation. Further, increased regulation or other regulatory changes affecting these verticals may lead to a decrease in demand for our products and services.

The level of demand for our products and services from customers in these verticals may be affected by various other factors, whether general or industry-specific, which are beyond our control but may adversely affect our business, operating results, and financial condition. For further details of our business, Please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

22. *We have not entered into any long term contracts with our customers, hence termination of service may have an adverse impact on our business and financial operations.*

Our services are sold through specific requirement of our customer and we have not entered into any long term contracts with any of our customers for providing our product and services. Each of our applications and software is customized to the requirements of our customers. Although we have placed strong emphasis on performance, adherence to scheduled timelines set by our customers and meeting their quality requirements, any change in their buying strategy could result in termination of service and could materially or adversely affect our business, profits and results of operations. For further details of our business, Please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

23. *We depend on our executive officers and other key employees and the loss of one or more of these employees or an inability to attract and retain highly skilled employees could harm our business.*

Our success depends largely upon the continued services of our executive officers and key employees. We rely on our leadership team and other key employees in the areas of strategy, operations, security, marketing, IT, support and general and administrative functions. The loss of one or more of our executive officers or key employees could harm our business growth & our result of operations.

In addition, in order to execute our growth plan, we must attract and retain highly qualified personnel. We have from time to time experienced, and we expect to continue to experience, difficulty hiring and retaining employees with appropriate qualifications. Our success is dependent, in large part, on our ability to keep our supply of skills and resources in balance with client demand and our ability to attract and retain personnel with the knowledge and skills to lead our business. Experienced personnel in our industry are in high demand, and competition for talent is intense. We must hire, retain and motivate appropriate numbers of talented people with diverse skills in order to serve clients, respond quickly to rapid and ongoing technology, industry and macroeconomic developments and grow and manage our business. If we are unable to hire talented engineering personnel, we may be unable to scale our operations or release new services on time and, as a result, customer satisfaction with our services may decline. If there is increase in demand for outsourcing services, we may not be able to develop and deliver the services and solutions to fulfil client demand. If we fail to attract new personnel or fail to retain and motivate our current personnel, our business, results of operations and financial condition could be harmed. For further details of our executive officers and Key managerial person, please refer to chapter titled “Our Management” beginning on Page 111 of this Draft Prospectus.

24. *Our marketing and advertising campaigns may not be successful in increasing the popularity of our products and offerings. If our marketing initiatives are not effective, this may adversely affect our business and results of operations.*

Our revenues are influenced by our marketing plans including advertising. If we adopt unsuccessful marketing and advertising campaigns, we may fail to attract new customers or retain existing customers. If our marketing and advertising strategies are unsuccessful, our business and results of operations could be materially adversely affected. In addition the support of our employees is also critical for the success of our marketing programmes, such as local marketing and any new strategic initiatives we seek to undertake. While we can mandate certain strategic initiatives, we need the active support of our employees if the implementation of these initiatives is to be successful. The failure of our employees to support our marketing programmes and strategic initiatives could adversely affect our ability to implement our business strategy and harm our business, financial condition, results of operations and prospects.

In addition, increased spending by our competitors on advertising and promotion or an increase in the cost of advertising in the markets in which we operate, could adversely affect our results of operations and financial condition. Moreover, a material decrease in our funds earmarked for marketing and advertising or an ineffective advertising campaign relative to that of our competitors, could also adversely affect our business and results of operations. For further details of our business, Please refer to chapter titled “Our Business” beginning on Page 88 of this Draft Prospectus.

25. *Our business is substantially affected by prevailing economic, political and other prevailing conditions in India.*

Our Company is incorporated in India, and our assets and employees are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- any increase in Indian interest rates or inflation;
- any exchange rate fluctuations;
- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;

- prevailing income conditions among Indian consumers and Indian corporations;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters
- prevailing regional or global economic conditions, including in India's principal export markets; and
- Other significant regulatory or economic developments in or affecting India or its IT sector.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely impact our business, results of operations and financial condition and the price of the Equity Shares.

26. *We face foreign exchange risks that could affect our results of operations.*

Since our complete sales is outside India i.e. Export sales so that our revenue from operations are effected by foreign exchanges fluctuations. Because of our foreign currency exposures, exchange rate fluctuations, can have a material impact on our results of operations, cash flows and financial condition. The exchange rate between the Indian Rupee and U.S. dollar has been volatile in recent periods and may continue to fluctuate in the future.

Fluctuations in the exchange rates may affect us to the extent of our sales. Our Company may enter into certain contracts to hedge exchange rate fluctuations which may or may not adequately cover the potential loss that may arise as a result of such foreign exchange transactions. Moreover, these hedges do not cover all such exposures and are in any event subject to their own risks, including counterparty credit risk. Adverse moves in exchange rates that we have not adequately hedged may impact our profitability and financial condition.

For further details of our financial statements, please refer to the chapter titled "Financial Information of our Company" on page 129 of this Draft Prospectus.

27. *We do not own any of the properties from which we operate. If we are unable to renew our current leases or if we renew them on terms which are detrimental to our Company, we may suffer a disruption in our operations or increased relocating costs, or both, which could adversely affect our business, results of operations, cash flows and financial condition.*

We lease/license properties for our operations, including our registered office in Delhi and corporate office space in Noida. There is no guarantee that these leases/licenses will be renewed or extended once their term is complete. If we are unable to renew or extend our current leases/licenses, or if we renew or extend them on terms which are detrimental to us, we may suffer a disruption in our operations or increased relocating costs, or both, which could adversely affect our business, results of operations, cash flows and financial condition. In addition our rent agreement dated April 01, 2020 for registered office is not on stamp paper due to prevailing conditions of lock-down, the same will be executed on stamp paper after resuming the normal situations. Also our registered office is shared with our Subsidiary Company i.e. Kartik Solutions Private Limited. For further details regarding our leased premises, please refer to chapter titled "Our Business" beginning on Page 88 of this Draft Prospectus.

28. *We have issued Equity Shares during the last one year at a price that may be below the Issue Price. Furthermore, the average cost of acquisition of Equity Shares by our Promoters could be lower than the Issue Price.*

During the last one year we have issued Equity Shares at a price that may be lower than the Issue Price. Furthermore, our Promoters average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price as may be decided by the Company, in consultation with the LM. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer to the chapters "Capital Structure" beginning on page 56 of this Draft Prospectus.

29. *We are a company with limited operating history, and therefore investors may not be able to assess our prospects on the basis of historical results.*

We were incorporated as a Private limited company in July, 2014. As we do not have significant operating and financial history, it may be difficult to evaluate our current or future prospects on the basis of historical results. Our past performance should not be construed as an indication of our future performance. For details regarding to business and financial Information, please refer to Chapter titled "Our Business" and "Financial Information of our Company" on page 88 and 129 of this Draft Prospectus.

30. Our software products and services may contain coding, manufacturing or configuration errors or other defects that could harm our reputation, be expensive to correct, delay revenues, and expose us to litigation.

Our software products and services are fairly complex. Despite testing prior to the release and throughout the lifecycle of a product or service, our products may sometimes contain coding or errors that can impact their function, performance and security, and result in other negative consequences. This includes third party software products or services incorporated into our own software products.

Errors may be found in new software products or services or improvements to existing products or services after delivery to our customers. If these defects are discovered after the release of such products to our customers, we may not be able to successfully correct such errors in a timely manner. In addition, despite the extensive tests we conduct on all our software products and services, we may not be able to fully simulate the environment in which our products and services will operate in the customers' ecosystem, and, as a result, we may be unable to adequately detect the design defects or software errors which may become apparent only after the products are used in an end-user's environment, and users have transitioned to our services. The occurrence of errors, defects and failures in our software products and services could result in the delay or the denial of market acceptance of our products and alleviating such errors and failures may require us to incur significant expenditure.

Customers often use our services for critical business processes and as a result, any defect or disruption in our products and solutions, any data breaches or misappropriation of proprietary information, or any error in execution, including human error or third-party activity such as denial of service attacks or hacking, may harm our quality. The errors in or failure of our software products and services could also result in us losing customer transaction documents and other customer files, causing significant customer dissatisfaction and possibly giving rise to claims for monetary damages and litigations. The harm to our reputation resulting from such product and service errors and failures may be materially damaging. For further details of our business, Please refer to chapter titled "Our Business" beginning on Page 88 of this Draft Prospectus.

31. If we are unable to protect our intellectual property against third party infringement or are found to infringe on the intellectual property rights of others, it could have a material adverse effect on our business, results of operations and financial condition.

We cannot guarantee that our registered intellectual property rights or our know-how, or claims thereto, will now or in the future successfully protect what we consider to be the intellectual property underlying our products and services, or that our rights will not be successfully opposed or otherwise challenged. We also cannot guarantee that each application filed with respect to any new technology will be approved. To the extent that our innovations, products and names services are not protected by trademarks or other intellectual property rights, third parties, including competitors, may be able to commercialize our innovations or products or use our know-how. Additionally, we may in the future face claims that we are infringing the intellectual property rights of others. If any of our application and software are found to infringe the trademarks or other intellectual property rights of others, our sale of product and service could be significantly restricted or prohibited and we may be required to pay substantial damages or on-going licensing fees. If we are unable to protect our intellectual property rights or are found to infringe on the intellectual property rights of others, it could have a material adverse effect on our business, results of operations and financial condition. Also our domain is registered on name of our Promoter i.e., Mr. Ratan Kumar Srivastava and our company has entered into assignment agreement. For further details regarding our registered trademark and domain, please refer to chapter titled "Government and other Approvals" beginning on Page 199 of this Draft Prospectus.

32. We will continue to be controlled by our Promoters and Promoter Group after the completion of the Issue, which will allow them to influence the outcome of matters submitted for approval of our shareholders.

As on the date of this Draft Prospectus, our Promoters and Promoter Group hold 93.33% of the issued and outstanding paid-up share capital of our Company. Following the completion of the Issue, our Promoters and Promoter Group will continue to hold together 68.02% of our post-Issue Equity Share capital. As a result, they will have the ability to influence matters requiring shareholders' approval, including the ability to appoint Directors to our Board and the right to approve significant actions at Board and at shareholders' meetings, including the issue of Equity Shares and dividend payments, business plans, mergers and acquisitions, any consolidation or joint venture arrangements, any amendment to our Memorandum of Association and Articles of Association, and any other business decisions. We cannot assure you that our Promoters and Promoter Group will not have conflicts of interest with other shareholders or with our Company. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business. For further details regarding our shareholding, please refer to chapter titled "Capital Structure" beginning on Page 56 of this Draft Prospectus.

33. *The future operating results are difficult to predict and may fluctuate or adversely vary from the past performance.*

The company's operating results may fluctuate or adversely vary from past performances in the future due to a number of factors, many of which are beyond the company's control. The results of operations during any financial year or from period to period may differ from one another or from the expected results operation. Its business, results of operations and financial condition may be adversely affected by, inter alia, a decrease in the growth and demand for the products and services offered by the us or any strategic alliances which may subsequently become a liability or non-profitable. Due to various reasons including the above, the future performance may fluctuate or adversely vary from our past performances and may not be predictable. For further details of our operating results, section titled "Financial Information of our Company" beginning on Page 129 of this Draft Prospectus.

34. *Any failure to retain and attract additional skilled employees, particularly engineering and technical personnel, could have a material adverse effect on our business, financial condition and results of operations.*

Our success depends in part on our ability to retain and attract additional skilled employees, particularly engineering and technical personnel. Without a sufficient number of skilled employees, our company cannot operate. Competition for qualified technical personnel with established customer relationships is intense, both in retaining our existing employees and when replacing or finding additional suitable employees. Any failure to retain and attract additional skilled technical or sales personnel could have a material adverse effect on our business, financial condition and results of operations. For further details of our business, Please refer to chapter titled "Our Business" beginning on Page 88 of this Draft Prospectus.

35. *Our Subsidiary Company and our Promoter Group Companies are engaged in the line of business similar to our Company. There are no non - compete agreements between our Company and Subsidiary Company & Promoter Group Companies. We cannot assure that our Promoters will not favour the interests of such Entities over our interest or that the said entities will not expand which may increase our competition, which may adversely affect business operations and financial condition of our Company.*

Our Subsidiary Company i.e Kartik Solutions Private Limited and our Promoter Group Companies i.e Ksolves Technology Private Limited & Ksolves LLC is engaged in the similar line of business of IT and IT enabled Services as of our Company. Further, we have not entered into any non-compete agreement with any of our said entities. We cannot assure that our Promoters who have common interest in said entities will not favour the interest of the said entities As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and our Subsidiary Company & Promoter Group Companies in circumstances where our respective interests diverge. In cases of conflict, our Promoters may favour other companies in which our Promoters have interests. There can be no assurance that our Promoters or our Subsidiary Company & Promoter Group Companies or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations. For further details, please refer to "Common Pursuits" under chapter titled "Our Promoter and Promoter Group" on Page 123 of this Draft Prospectus.

36. *Our continued success is dependent on our Promoters, senior management and skilled manpower. Our inability to attract and retain key personnel or the loss of services of our Promoter or Managing Director may have an adverse effect on our business prospects.*

Our Promoter, Managing Director and senior management have significantly contributed to the growth of our business, and our future success is dependent on the continued services of our senior management team. Our Managing Director Mr. Ratan Kumar Srivastava has been employed with our Company since our incorporation and he is having vast experience in IT Industry which turn out beneficial for the Company. Also the critical decision in our Company are taken by Promoters which make dependent on Promoters. An inability to retain any key managerial personnel may have an adverse effect on our operations. Our ability to obtain new clients also depends on our ability to attract, train, motivate and retain highly skilled professionals, particularly at managerial levels. We might face challenges in recruiting suitably skilled personnel, particularly as we continue to grow and diversify our operations. In the future, we may also not be unable to compete with other larger companies for suitably skilled personnel due to their ability to offer more competitive compensation and benefits. The loss of any of the members of our senior management team, our whole time directors or other key personnel or an inability on our part to manage the attrition levels; may materially and adversely impact our business, results of operations, financial condition and growth prospects.

The success of our business is also dependent upon our ability to hire, retain, and utilize qualified personnel, including engineers, and corporate management professionals who have the required experience and expertise. From time to time, it may be difficult to attract and retain qualified individuals with the requisite expertise and we may not be able to satisfy the demand from customers for our services because of our inability to successfully hire and retain qualified personnel. For every new service we expand into, we require suitably skilled personnel.

For further details of our employees and Key Managerial Persons, Please refer chapter titled “Our Business” and “Our Management” beginning on Page 88 & 111 of this Draft Prospectus.

37. Our inability to effectively manage our growth or to successfully implement our business plan and growth strategy could have an effect on our business, results of operations and financial condition.

The success of our business will depend greatly on our ability to effectively implement our business and growth strategy. Our growth strategy involves focusing on Optimal Utilization of Resources and to developed relationships with customer. Also company is maintaining good relationship with customers due to which demand is continuously growing. However, given the stiff competition, the ability of company to maintain the margins would be critical. For further details, see the section titled “Our Business” on page 88 of this Draft Prospectus. Our success in implementing our growth strategies may be affected by:

- Our ability to identify new markets to expand;
- Our ability to maintain the quality of our service;
- Changes in the Indian regulatory environment in field of Information Technology.

There can be no assurance that we will be able to execute our strategy on time and within our estimated budget, or that our expansion and development plans will increase our profitability. Any of these factors could impact our results of operations. We cannot assure you that we will not face any time or cost overruns in respect of implementation of our strategies in the future. Further, we expect our growth strategy to place significant demands on our management, financial and other resources and require us to continue developing and improving our operational, financial and other internal controls. Our inability to manage our business and implement our growth strategy could have effect on our business, financial condition and profitability.

38. We have not independently verified certain data in this Draft Prospectus.

We have not independently verified data from the Industry and related data contained in this Draft Prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

39. We are subject to the risk of failure of, or a material weakness in, our internal control systems.

We are exposed to risks arising from the inadequacy or failure of internal systems or processes, and any actions we may take to mitigate these risks may not be sufficient to ensure an effective internal control environment. Given our high volume of transactions, errors may be repeated or compounded before they are discovered and rectified. Our management information systems and internal control procedures may not be able to identify non-compliance or suspicious transactions in a timely manner, or at all. Where internal control weaknesses are identified, our actions may not be sufficient to fully correct such weaknesses. As a result, we may incur expenses or suffer monetary losses, which may not be covered by our insurance policies and may result in a material effect on our business, financial condition and results of operations.

40. We are susceptible to risks relating to unionization of our employees employed by us.

We cannot assure you that our employees will not unionize, or attempt to unionize in the future, that they will not otherwise seek higher salary and enhanced employee benefits. We also cannot assure you that we will not experience disruptions in our work due to disputes or other problems with our workforce. If not resolved in a timely manner, these risks could limit our ability to provide our services to our clients, cause clients to limit their use of our services or result in an increase in our cost of employee benefits and other expenses. If any of these risks materialize, our business, results of operations and financial condition could be affected.

41. Our international sales and operations subject us to additional risks that can adversely affect our results of operations.

We derive our 100% revenues from our business operations outside India. Compliance with international laws and regulations that apply to our international operations may increase our cost of doing business in such foreign jurisdictions. These laws and regulations include local laws which may include stricter data privacy requirements, tax laws, intellectual property laws, anti-competition regulations, foreign currency and trade restrictions. Violations of these laws and regulations could result in fines,

criminal sanctions against us, our officers or our employees, prohibitions on the conduct of our business, as well as default under our contracts with customers. For details of our turnover, please refer section titled “Financial Information of our Company” beginning on Page 129 of this Draft Prospectus.

Compliance with these laws requires a significant amount of management attention and effort, which may divert management’s attention from managing our business operations and growth strategy, and increase our expenses as we engage specialised or other additional resources to assist us with our compliance efforts. Our success depends, in part, on our ability to anticipate these risks and manage these difficulties.

In addition, we may not possess the same familiarity with the economy, customer preferences, commercial operation and distribution network in some of the markets where propose to expand our operations. Further, expanding our geographical footprint poses risks and potential costs such as failure to attract a sufficient number of customers, or to anticipate competitive conditions that are different from those in our existing markets, and significant marketing and promotion costs, among others. We may face the risk that our competitors and the established players in such geographies may enjoy better brand visibility, and may be more experienced in such markets and they may enjoy better relationships with channel partners and customers, gain early access to information regarding attractive marketing opportunities and be better placed to launch software products or services with other advantages of being a first mover.

Further, our expansion plans could be delayed or abandoned, and we may incur additional expenditure for execution than anticipated, and may divert our resources, including our management’s attention, from other aspects of our business. Consequently, it may place a strain on our management, operational and financial resources, as well as our information systems, any of which could impact our competitive position and reduce our revenue and profitability. There can be no assurance that we will be able to effectively manage our expansion into new international markets.

42. The present promoters of the Company are first generation entrepreneurs.

Our present Promoters are first generation entrepreneur. Their experience in managing and being instrumental in the growth of our Company is limited to the extent of their knowledge and experience and we cannot assure that this will not affect our business growth. Although our Promoter Director, Ratan Kumar Srivastava have vast experience of around 15 years in the Information Technology. For further details of our Director, Please refer chapter titled “Our Management” beginning on Page 111 of Draft Prospectus.

43. Our Company has not taken any insurance which may expose our company from potential losses to which we may be subject to risk and this may have a material effect on our business and financial condition.

While our IT systems, policies and procedures have proved to be adequate in the past, we cannot assure you that they will always be effective or that we will always be successful in monitoring or evaluating the compliance risks in the future, to which we are or may be exposed as our Company has not taken any insurance policy related to our corporate office and for keyman Insurance policy of our Company. Any unforeseen situation or any liability will not compensate due to absence of Insurance policy. Further, our business involves risks and hazards which may adversely affect our profitability, including failure of systems and employee frauds. We cannot assure you that the operation of our business will not be affected by any of the incidents and hazards listed above or by other factors.

In addition, in the future, we may not be able to maintain insurance of the types or at levels which we deem necessary or adequate or at rates which we consider reasonable. The occurrence of an event for which we are not adequately or sufficiently insured or the successful assertion of one or more large claims against us that exceed available insurance coverage, or changes in our insurance policies (including premium increases or the imposition of large deductible or co-insurance requirements), could have an effect on our business, results of operations, financial condition and cash flows.

44. If there is a change in policies related to tax, duties or other such levies applicable to us, it may affect our results of operations.

We benefit from certain general tax regulations and incentives that accord favourable treatment to certain of our operations as well as for our activities. These tax benefits include income tax deductions and other taxes. For details regarding income tax deductions, please refer to the chapter “Statement of Special Tax Benefits” on page 75 of this Draft Prospectus.

New or revised accounting policies or policies related to tax, duties or other such levies promulgated from time to time by the relevant authorities may significantly affect our results of operations. We cannot assure you that we would continue to be eligible for such lower tax rates or any other benefits. The reduction or termination of our tax incentives, or non-compliance with the

conditions under which such tax incentives are made available, will increase our tax liability and affect our business, prospects, results of operations and financial condition.

45. *The unsecured loan availed by our Subsidiary Company from our Promoter maybe recalled at any given point of time.*

Our Subsidiary Company has been availing unsecured loans from our Promoter from time to time. The total outstanding payable to them as on March 31, 2020 amounting to Rs. 3.00 Lacs. Although there are no terms and condition prescribed for repayment, this outstanding loan which can be recalled at any given point of time during ordinary course of business and thus may affect the business operations and financial performance of our Subsidiary Company.

For further details regarding loans availed by our Subsidiary Company, please refer “Restated Consolidated Financial Statement” on page no. 153 of this Draft Prospectus.

46. *Any Penalty or demand raise by statutory authorities in future will affect our financial position of the Company.*

Our Company is mainly engaged in business of IT & IT enabled Services which attracts tax liability such as Income tax & Goods and Service Tax and other applicable provision of the Acts. However, the Company has been depositing the return under above applicable acts but any demand or penalty raise by concerned authority in future for any previous year and current year will affect the financial position of the Company. For detail, please refer “Outstanding Litigation and Material Development” beginning on page 195 of this Draft Prospectus. Any such penalty arising in future may lead to financial loss to our Company.

47. *We have not identified any alternate source of raising the working capital mentioned as our ‘Objects of the Issue’. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.*

Our Company has not identified any alternate source of funding for our working capital requirement and for general corporate purposes and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds can adversely affect our growth plan and profitability. The delay/shortfall in receiving these proceeds could result in inadequacy of working capital or may require our Company to borrow funds on unfavourable terms, both of which scenarios may affect the business operation and financial performance of the Company.

For further details of our Object for the Issue, Please refer chapter titled “Object for the Issue” beginning on Page 67 of this Draft Prospectus.

48. *Our Company’s management will have flexibility in utilizing the Net Proceeds from the Issue. The deployment of the Net Proceeds from the Issue is not subject to any monitoring by any independent agency.*

Our Company intends to primarily use the Net Proceeds towards working capital requirement and for general corporate purposes as described in “Objects of the Issue” on page 67 of this Draft Prospectus. In terms of the SEBI (ICDR) Regulations, we are not required to appoint a monitoring agency since the Issue size is not in excess of ₹100 crores. The management of our Company will have discretion to use the Net Proceeds from the Issue, and investors will be relying on the judgment of our Company’s management regarding the application of the Net Proceeds from the Issue. Our Company may have to revise its management estimates from time to time and consequently its requirements may change.

Further, pursuant to Section 27 of the Companies Act 2013, any variation in the objects would require a special resolution of the Shareholders and our Promoters or controlling Shareholders will be required to provide an exit opportunity to the Shareholders of our Company who do not agree to such proposal to vary the objects, in such manner as may be prescribed in future by the SEBI.

Accordingly, prospective investors in the Issue will need to rely upon our management’s judgment with respect to the use of Net Proceeds. If we are unable to enter into arrangements for utilization of Net proceeds as expected and assumed by us in a timely manner or at all, we may not be able to derive the expected benefits from the proceeds of the Issue and our business and financial results may suffer.

49. *Our Equity Shares have never been publicly traded and may experience price and volume fluctuations following the completion of the Issue, an active trading market for the Equity Shares may not develop, the price of our Equity Shares may be volatile and you may be unable to resell your Equity Shares at or above the Issue Price or at all.*

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for our Equity Shares will develop or, if developed, the liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares is determined considering various financials

factors of the Company and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. There has been significant volatility in the Indian stock markets in the recent past, and the trading price of our Equity Shares after this Issue could fluctuate significantly as a result of market volatility or due to various internal or external risks, including but not limited to those described in this Draft Prospectus. A decrease in the market price of our Equity Shares could cause you to lose some or all of your investment

50. Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities may differ from those that would apply to a company in another jurisdiction. Investors may have more difficulty in asserting their rights as shareholders in an Indian company than as shareholder of a corporation in another jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other jurisdictions. Under the Companies Act, prior to issuance of any new equity shares, a public limited company incorporated under Indian law must offer its equity shareholders pre-emptive rights to subscribe to a proportionate number of equity shares to maintain existing ownership, unless such pre-emptive rights are waived by a special resolution by a three-fourths majority of the equity shareholders voting on such resolution. If you are a foreign investor and the law of the foreign jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such foreign jurisdiction, you will be unable to exercise such pre-emptive rights, unless we make such a filing. If we elect not to file an offering document or a registration statement, the new securities may be issued to a custodian, who may sell the securities for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional interest in our Company would decline.

51. The Issue Price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the Issue Price and you may not be able to sell your Equity Shares at or above the Issue Price.

The Issue Price of our Equity Shares has been determined on the basis of the Fixed Price Issue. This price is based on numerous factors. For further information, see "Basis for Issue Price" beginning on page 72 of this Draft Prospectus and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price are:

- Quarterly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

52. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of us. Under the takeover regulations in India, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the Indian takeover regulations.

53. The requirements of being a listed company may strain our resources and distract management.

We have no experience as a listed company and have not been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public that is associated with being a listed company. As a listed company, we will incur additional legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the listing agreements with the Stock Exchanges and compliances of SEBI Listing Regulation, 2015 which would require us to file audited annual and unaudited semi-annual and limited review reports with respect to our business and financial condition. If we delay

making such filings, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as timely as other listed companies.

As a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures, internal control over financial reporting and additional compliance requirements under the Companies Act, 2013. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management oversight will be required. As a result, management's attention may be diverted from other business concerns, which could adversely affect our business, prospects, financial condition and results of operations. In addition, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge and we cannot assure you that we will be able to do so in a timely manner.

54. We may require further equity issuance, which will lead to dilution of equity and may affect the market price of our Equity Shares or additional funds through incurring debt to satisfy our capital needs, which we may not be able to procure and any future equity offerings by us.

Our growth is dependent on having a balance sheet to support our activities. In addition to the IPO Proceeds and our internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, dependent on business conditions. The factors that would require us to raise additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the existing shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt to equity ratio to increase or require us to create charges or liens on our assets in favour of lenders. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or abandonment of our expansion plans. Our business and future results of operations may be affected if we are unable to implement our expansion strategy.

Any future issuance of Equity Shares by our Company may dilute shareholding of investors in our Company; and hence affect the trading price of our Company's Equity Shares and its ability to raise capital through an issue of its securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company's Equity Shares. Additionally the disposal, pledge or encumbrance of Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

EXTERNAL RISK FACTORS

55. Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.

Continued high rates of inflation may increase our expenses related to salaries or wages payable to our employees or any other expenses. There can be no assurance that we will be able to pass on any additional expenses to our payers or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our profitability and, if significant, on our financial condition.

56. The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

57. *Rights of shareholders under Indian law may be more limited than under the laws of other jurisdictions.*

Our Articles of Association and Indian laws govern our corporate affairs. Legal principles relating to these matters and the validity of corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a bank or corporate entity in another jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as one of our shareholders than as a shareholder of a bank or corporate entity in another jurisdiction.

58. *Our business and activities may be further regulated by the Competition Act and any adverse application or interpretation of the Competition Act could materially and adversely affect our business, financial condition and results of operations.*

The Competition Act seeks to prevent business practices that have or are likely to have an appreciable adverse effect on competition in India and has established the Competition Commission of India (the "CCI"). Under the Competition Act, any arrangement, understanding or action, whether formal or informal, which has or is likely to have an appreciable adverse effect on competition is void and attracts substantial penalties. Any agreement among competitors which, directly or indirectly, determines purchase or sale prices, results in bid rigging or collusive bidding, limits or controls the production, supply or distribution of goods and services, or shares the market or source of production or providing of services by way of allocation of geographical area or type of goods or services or number of customers in the relevant market or in any other similar way, is presumed to have an appreciable adverse effect on competition and shall be void. Further, the Competition Act prohibits the abuse of a dominant position by any enterprise. If it is proven that a breach of the Competition Act committed by a company took place with the consent or connivance or is attributable to any neglect on the part of, any director, manager, secretary or other officer of such company, that person shall be guilty of the breach themselves and may be punished as an individual. If we, or any of our employees are penalized under the Competition Act, our business may be adversely affected. Further, the Competition Act also regulates combinations and requires approval of the CCI for effecting any acquisition of shares, voting rights, assets or control or mergers or amalgamations above the prescribed asset and turnover based thresholds.

On March 4, 2011, the Government of India notified and brought into force new provisions under the Competition Act in relation to combined entities (the "Combination Regulation Provisions"), which came into effect from June 1, 2011. The Combination Regulation Provisions require that any acquisition of shares, voting rights, assets or control or mergers or amalgamations, which cross the prescribed asset and turnover based thresholds, must be notified to and preapproved by the CCI. In addition, on May 11, 2011, the CCI issued the final Competition Commission of India (Procedure in regard to the transaction of business relating to combinations) Regulations, 2011 (as amended). These regulations, as amended, set out the mechanism for the implementation of the Combination Regulation Provisions under the Competition Act.

59. *The Indian tax regime is currently undergoing substantial changes which could adversely affect our business.*

The goods and service tax ("GST") that has been implemented with effect from July 1, 2017 combines taxes and levies by the GoI and state governments into a unified rate structure, and replaces indirect taxes on goods and services such as central excise duty, service tax, customs duty, central sales tax, state VAT, cess and surcharge and excise that were being collected by the GoI and state governments.

As regards the General Anti-Avoidance Rules ("GAAR"), The general anti avoidance rules ("GAAR") provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18. The GAAR provisions intend to declare an arrangement as an "impermissible avoidance arrangement", if the main purpose or one of the main purposes of such arrangement is to obtain a tax benefit, and satisfies at least one of the following tests (i) creates rights, or obligations, which are not ordinarily created between persons dealing at arm's length; (ii) results, directly or indirectly, in misuse, or abuse, of the provisions of the Income Tax Act, 1961; (iii) lacks commercial substance or is deemed to lack commercial substance, in whole or in part; or (iv) is entered into, or carried out, by means, or in a manner, that is not ordinarily engaged for bona fide purposes. If GAAR provisions are invoked, the tax authorities will have wider powers, including denial of tax benefit or a benefit under a tax treaty. In the absence of any precedents on the subject, the application of these provisions is uncertain. As the taxation regime in India is undergoing a significant overhaul, its consequent effects on economy cannot be determined at present and there can be no assurance that such effects would not adversely affect our business, future financial performance and the trading price of the Equity Shares.

60. *You may be restricted in your ability to exercise pre-emptive rights under Indian law and may be adversely affected by future dilution of your ownership position.*

Under the Companies Act, a company incorporated in India must offer its shareholders pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages before the issuance of any new shares, unless the pre-emptive rights have been waived by adoption of a special resolution by holders of three-fourths of the shares who have voted on the resolution, or unless the company has obtained approval from the Government of India to issue without such special resolution, subject to votes being cast in favour of the proposal exceeding the votes cast against such proposal. However, if the law of the jurisdiction you are in does not permit you to exercise your pre-emptive rights without our Company filing an offering document or a registration statement with the applicable authority in the jurisdiction you are in, you will be unable to exercise your pre-emptive rights unless our Company makes such a filing. To the extent that you are unable to exercise pre-emptive rights granted in respect of the Equity Shares, your proportional interest in our Company would be reduced.

61. *Political, economic or other factors that are beyond our control may have an adverse effect on our business, results of operations and cash flows.*

We currently operate only in India and are dependent on domestic, regional and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent on the IT industry of the Indian economy. There have been periods of slowdown in the economic growth of India. For instance, the present situation of lock-down is prevailing in India due to pandemic Covid-19 spread in India and all other parts of world. If such condition prevail for longer time the Demand for our products & services may be adversely affected by an economic downturn in domestic, regional and global economies. India's economic growth is also affected by various other factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, cash flows and financial condition. Also, a change in the Government or a change in the economic and deregulation policies could affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

62. *Companies in India are required to prepare financial statements under the new Indian Accounting Standards. In addition, all income-tax assessee in India will be required to follow the Income Computation and Disclosure Standards.*

The Ministry of Corporate Affairs ("MCA"), Government of India, has through notification dated February 16, 2015 issued the Indian Accounting Standards Rules, 2015 ("Ind AS") which have come into effect from April 1, 2015 and are applicable to companies which fulfill certain conditions. Further, there can be no assurance that the adoption of Ind AS will not affect our reported results of operations or financial condition. Any of these factors relating to the use of Ind AS may adversely affect our financial condition and results of operations.

Further, the Ministry of Finance, Government of India has issued a notification dated September 29, 2016 notifying Income Computation and Disclosure Standards ("ICDS"), thereby creating a new framework for computation of taxable income. The ICDS shall apply from the assessment year 2017-2018 and subsequent years. The adoption of ICDS is expected to significantly alter the way companies compute their taxable income, as ICDS deviates from several concepts that are followed under general accounting standards, including Indian GAAP and Ind AS. In addition, ICDS shall be applicable for the computation of income for tax purposes but shall not be applicable for the computation of income for minimum alternate tax. There can be no assurance that the adoption of ICDS will not adversely affect our business, results of operations and financial condition.

63. *Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which investors may be more familiar with and may consider material to their assessment of our financial condition.*

Our financial statements are prepared and presented in conformity with Indian GAAP. No attempt has been made to reconcile any of the information given in this document to any other principles or to base it on any other standards. Indian GAAP differs in certain significant respects from IFRS, U.S. GAAP and other accounting principles with which prospective investors may be familiar in other countries. If our financial statements were to be prepared in accordance with such other accounting principles, our results of operations, cash flows and financial position may be substantially different. Prospective investors should review the accounting policies applied in the preparation of our financial statements, and consult their own professional advisers for an understanding of the differences between these accounting principles and those with which they may be more familiar.

64. Our business is substantially affected by prevailing economic, political and other prevailing conditions in India.

Our Company is incorporated in India, and the majority of our assets and employees are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- the macroeconomic climate, including any increase in Indian interest rates or inflation;
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- Any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- Prevailing income conditions among Indian consumers and Indian corporations;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters;
- prevailing regional or global economic conditions, including in India's principal export markets;
- other significant regulatory or economic developments in or affecting India or its ER&D sector; international business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws;

65. Financial instability, economic developments and volatility in securities markets in other countries may also cause the price of the Equity Shares to decline.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging Asian market countries. Financial turmoil in Europe and elsewhere in the world in recent years has affected the Indian economy. In recent times, the Indian financial markets had been negatively affected by the volatility in global financial market, including on account of certain European nations' debt troubles and move to break away by the United Kingdom from the European Union. Although, economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. Currencies of a few Asian countries have in the past suffered depreciation against the U.S. Dollar owing to, amongst other, the announcements by the U.S. government that it may consider reducing its quantitative easing measures. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur and could harm our business, future financial performance and the prices of the Equity Shares.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections in recent years. Liquidity and credit concerns and volatility in the global credit and financial markets have increased significantly with the bankruptcy or acquisition of, and government assistance extended to, several major U.S. and European financial institutions. These and other related events, such as the European sovereign debt crisis, have had a significant impact on the global credit and financial markets as a whole, including reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in global credit and financial markets. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, have implemented a number of policy measures designed to add stability to the financial markets.

However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. In the event that the current difficult conditions in the global credit markets continue or if there is any significant financial disruption, such conditions could have an adverse effect on our business, future financial performance and the trading price of the Equity Shares.

66. A significant change in the Government of India's economic liberalization and deregulation policies could adversely affect our business and the price of our Equity Shares.

The Government of India has traditionally exercised, and continues to exercise, a dominant influence over many aspects of the economy. Unfavourable government policies including those relating to the internet and e-commerce, consumer protection and data-privacy, could adversely affect business and economic conditions in India, and could also affect our ability to implement our strategy and our future financial performance. Since 1991, successive governments, including coalition governments, have pursued policies of economic liberalization, including significantly relaxing restrictions on the private sector and encouraging the

development of the Indian financial sector. However, the members of the Government of India and the composition of the coalition in power are subject to change. As a result, it is difficult to predict the economic policies that will be pursued by the Government of India. For example, there may be an increasing number of laws and regulations pertaining to the internet and ecommerce, which may relate to liability for information retrieved from or transmitted over the internet or mobile networks, user privacy, content restrictions and the quality of services and products sold or provided through the internet. The rate of economic liberalization could change and specific laws and policies affecting the financial services industry, foreign investment, currency exchange and other matters affecting investment in our securities could change as well. Any significant change in India's economic liberalization and deregulation policies could adversely affect business and economic conditions in India generally and our business in particular.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and the Lead Manager has entered into Market Making Agreement dated [●] with the following Market Maker, to fulfill the obligations of Market Making for this Issue:

Name	[●]
Correspondence Address:	[●]
Tel No.:	[●]
E-mail:	[●]
Website:	[●]
Contact Person:	[●]
SEBI Registration No.:	[●]

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of SME Platform of NSE (NSE EMERGE) and SEBI from time to time
3. The minimum depth of the quote shall be ₹ 1, 00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME Platform (in this case currently the minimum trading lot size is 1200 equity shares; however, the same may be changed by the SME Platform of NSE from time to time).
5. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2 way quotes.
6. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and SME Platform of National Stock Exchange of India Limited i.e. NSE EMERGE from time to time.
7. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
8. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
9. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
10. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
11. The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.
12. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the

Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

13. The Market Maker(s) shall have the right to terminate said arrangement by giving a three months' notice or on mutually acceptable terms to the Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement.

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of the SEBI (ICDR) Regulations, 2018, as amended. Further our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our office from 11.00 a.m. to 5.00 p.m. on working days.

14. **Risk containment measures and monitoring for Market Makers:** NSE SME Exchange will have all margins, which are applicable on the NSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
15. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by exchange from time to time.
16. **Punitive Action in case of default by Market Makers:** NSE SME Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. GLOBAL OUTLOOK

The COVID-19 pandemic is inflicting high and rising human costs worldwide. Protecting lives and allowing health care systems to cope have required isolation, lockdowns, and widespread closures to slow the spread of the virus. The health crisis is therefore having a severe impact on economic activity. As a result of the pandemic, the global economy is projected to contract sharply by – 3 percent in 2020, much worse than during the 2008–09 financial crisis (Table 1.1). In a baseline scenario, which assumes that the pandemic fades in the second half of 2020 and containment efforts can be gradually unwound, the global economy is projected to grow by 5.8 percent in 2021 as economic activity normalizes, helped by policy support. There is extreme uncertainty around the global growth forecast. The economic fallout depends on factors that interact in ways that are hard to predict, including the pathway of the pandemic, the intensity and efficacy of containment efforts, the extent of supply disruptions, the repercussions of the dramatic tightening in global financial market conditions, shifts in spending patterns, behavioral changes (such as people avoiding shopping malls and public transportation), confidence effects, and volatile commodity prices. Many countries face a multi-layered crisis comprising a health shock, domestic economic disruptions, plummeting external demand, capital flow reversals, and a collapse in commodity prices. Risks of a worse outcome predominate. Effective policies are essential to forestall worse outcomes. Necessary measures to reduce contagion and protect lives will take a short-term toll on economic activity but should also be seen as an important investment in long-term human and economic health. The immediate priority is to contain the fallout from the COVID-19 outbreak, especially by increasing health care expenditures to strengthen the capacity and resources of the health care sector while adopting measures that reduce contagion. Economic policies will also need to cushion the impact of the decline in activity on people, firms, and the financial system; reduce persistent scarring effects from the unavoidable severe slowdown; and ensure that the economic recovery can begin quickly once the pandemic fades. Because the economic fallout reflects particularly acute shocks in specific sectors, policymakers will need to implement substantial targeted fiscal, monetary, and financial market measures to support affected households and businesses. Such actions will help maintain economic relationships throughout the shutdown and are essential to enable activity to gradually normalize once the pandemic abates and containment measures are lifted. The fiscal response in affected countries has been swift and sizable in many advanced economies (such as Australia, France, Germany, Italy, Japan, Spain, the United Kingdom, and the United States). Many emerging market and developing economies (such as China, Indonesia, and South Africa) have also begun providing or announcing significant fiscal support to heavily impacted sectors and workers. Fiscal measures will need to be scaled up if the stoppages to economic activity are persistent, or the pickup in activity as restrictions are lifted is too weak. Economies facing financing constraints to combat the pandemic and its effects may require external support. Broad-based fiscal stimulus can preempt a steeper decline in confidence, lift aggregate demand, and avert an even deeper downturn. But it would most likely be more effective once the outbreak fades and people are able to move about freely. The significant actions of large central banks in recent weeks include monetary stimulus and liquidity facilities to reduce systemic stress. These actions have supported confidence and contribute to limiting the amplification of the shock, thus ensuring that the economy is better placed to recover. The synchronized actions can magnify their impact on individual economies and will also help generate the space for emerging market and developing economies to use monetary policy to respond to domestic cyclical conditions. Supervisors should also encourage banks to renegotiate loans to distressed households and firms while maintaining a transparent assessment of credit risk. Strong multilateral cooperation is essential to overcome the effects of the pandemic, including to help financially constrained countries facing twin health and funding shocks, and for channeling aid to countries with weak health care systems. Countries urgently need to work together to slow the spread of the virus and to develop a vaccine and therapies to counter the disease. Until such medical interventions become available, no country is safe from the pandemic (including a recurrence after the initial wave subsides) as long as transmission occurs elsewhere.

Global Financial Stability Report, financial conditions in advanced as well as emerging market economies are significantly tighter than at the time of the October 2019 World Economic Outlook (WEO) forecast. Equity markets have sold off dramatically; high-

yield corporate and emerging market sovereign spreads have widened significantly (Figures 1.2 and 1.3); and portfolio flows to emerging market funds have reversed, particularly in the case of hard currency bonds and equities. Signs of dollar funding shortages have emerged amid the general rebalancing of portfolios toward cash and safe assets.

Currency movements have generally reflected these shifts in risk sentiment. The currencies of commodity exporters with flexible exchange rates among emerging market and advanced economies have depreciated sharply since the beginning of the year, while the US dollar has appreciated by some 8½ percent in real effective terms as of April 3, the yen by about 5 percent, and the euro by some 3 percent (Figure 1.4).

The rapidly worsening risk sentiment has prompted a series of central bank rate cuts, liquidity support actions, and, in a number of cases, large asset purchase programs, including from the US Federal Reserve, European Central Bank, Bank of England, Bank of Japan, Bank of Canada, and Reserve Bank of Australia, as well as from emerging market central banks in Brazil, China, India, Malaysia, Mexico, the Philippines, Saudi Arabia, South Africa, Thailand, and Turkey—which will help partially offset the tightening in financial conditions. Moreover, several central banks have activated bilateral swap lines to improve access to international liquidity across jurisdictions.¹ Nonetheless, the significant tightening of financial conditions will further dampen economic activity in the near term, adding to the direct macroeconomic fallout of the health crisis.

Global Economy in Recession in 2020

Global growth is projected at –3.0 percent in 2020, an outcome far worse than during the 2009 global financial crisis. The growth forecast is marked down by more than 6 percentage points relative to the October 2019 WEO and January 2020 WEO Update projections—an extraordinary revision over such a short period of time.

Growth in the advanced economy group—where several economies are experiencing widespread outbreaks and deploying containment measures—is projected at –6.1 percent in 2020. Most economies in the group are forecast to contract this year, including the United States (–5.9 percent), Japan (–5.2 percent), the United Kingdom (–6.5 percent), Germany (–7.0 percent), France (–7.2 percent), Italy (–9.1 percent), and Spain (–8.0 percent). In parts of Europe, the outbreak has been as severe as in China’s Hubei province. Although essential to contain the virus, lockdowns and restrictions on mobility are extracting a sizable toll on economic activity. Adverse confidence effects are likely to further weigh on economic prospects.

Among emerging market and developing economies, all countries face a health crisis, severe external demand shock, dramatic tightening in global financial conditions, and a plunge in commodity prices, which will have a severe impact on economic activity in commodity exporters. Overall, the group of emerging market and developing economies is projected to contract by –1.0 percent in 2020; excluding China, the growth rate for the group is expected to be –2.2 percent. Even in countries not experiencing widespread detected outbreaks as of the end of March (and therefore not yet deploying containment measures of the kind seen in places with outbreaks) the significant downward revision to the 2020 growth projection reflects large anticipated domestic disruptions to economic activity from COVID-19. The 2020 growth rate for the group excluding China is marked down 5.8 percentage points relative to the January WEO projection. As discussed below, growth would be even lower if more stringent containment measures are necessitated by a wider spread of the virus among these countries. Emerging Asia is projected to be the only region with a positive growth rate in 2020 (1.0 percent), albeit more than 5 percentage points below its average in the previous decade. In China, indicators such as industrial production, retail sales, and fixed asset investment suggest that the contraction in economic activity in the first quarter could have been about 8 percent year over year. Even with a sharp rebound in the remainder of the year and sizable fiscal support, the economy is projected to grow at a subdued 1.2 percent in 2020. Several economies in the region are forecast to grow at modest rates, including India (1.9 percent) and Indonesia (0.5 percent), and others are forecast to experience large contractions (Thailand, –6.7 percent).

Other regions are projected to experience severe slowdowns or outright contractions in economic activity, including Latin America (–5.2 percent)—with Brazil’s growth forecast at –5.3 percent and Mexico’s at –6.6 percent; emerging and developing Europe (–5.2 percent)—with Russia’s economy projected to contract by –5.5 percent; the Middle East and Central Asia (–2.8 percent)—with Saudi Arabia’s growth forecast at –2.3 percent, with non-oil GDP contracting by 4 percent, and most economies, including Iran, expected to contract; and sub-Saharan Africa (–1.6 percent)—with growth in Nigeria and South Africa expected at –3.4 percent and –5.8 percent, respectively. Following the dramatic decline in oil prices since the beginning of the year, near-term prospects for oil-exporting countries have deteriorated significantly: the growth rate for the group is projected to drop to –4.4 percent in 2020.

Countries is expected to experience negative per capita income growth in 2020 than at the time of the 2009 financial crisis. These countries account for a broadly similar purchasing-power-parity share of the world economy compared with the group that experienced negative per capita income growth in 2009.

Even after the severe downgrade to global growth, risks to the outlook are on the downside. The pandemic could prove more persistent than assumed in the baseline. Moreover, the effects of the health crisis on economic activity and financial markets could turn out to be stronger and longer lasting, testing the limits of central banks to backstop the financial system and further raising the fiscal burden of the shock. Of course, if a therapy or a vaccine is found earlier than expected, social distancing measures can be removed and the rebound may occur faster than anticipated.

As of early April 2020 the path of the COVID-19 pandemic remains uncertain. Strong containment efforts in place to slow the spread of the virus may need to remain in force for longer than the first half of the year if the pandemic proves to be more persistent than assumed in the WEO baseline. Once containment efforts are lifted and people start moving about more freely, the virus could again spread rapidly from residual localized clusters. Moreover, places that successfully bring down domestic community spread could be vulnerable to renewed infections from imported cases. In such instances, public health measures will need to be ramped up again, leading to a longer downturn than in the baseline forecast. And although the disease has been most concentrated in advanced economies, fresh outbreaks in large emerging market or developing economies could further hamper any recovery, and the staggered nature of outbreaks could imply longer-lasting disruptions to travel.

The recovery of the global economy could be weaker than expected after the spread of the virus has slowed for a host of other reasons. These include lingering uncertainty about contagion, confidence failing to improve, and establishment closures and structural shifts in firm and household behavior, leading to more lasting supply chain disruptions and weakness in aggregate demand. Scars left by reduced investment and bankruptcies may run more extensively through the economy (as occurred, for example, in previous deep downturns—see Chapter 4 of the October 2009 WEO and Chapter 2 of the October 2018 WEO). Depending on the duration, global business confidence could be severely affected, leading to weaker investment and growth than projected in the baseline. Related to the uncertainty around COVID-19, an extended risk-off episode in financial markets and tightening of financial conditions could cause deeper and longer-lasting downturns in a number of countries.

The Scenario Box later in this chapter provides illustrative examples that combine these aspects. Three alternative scenarios are considered. The first assumes a more protracted duration of the pandemic and necessary containment measures remaining in place for about 50 percent longer than in the baseline in all countries. The second features a recurrence of a milder outbreak in 2021. The third considers both a protracted pandemic and longer containment effort in 2020 as well as a recurrence in 2021. The scenarios depart from the baseline in several important aspects: the magnitude of the direct impact of measures to contain the spread of the virus, the tightening in financial conditions and the pace at which they ease, and the scarring resulting from the economic dislocation during the shutdown. As the Scenario Box shows, global GDP is estimated to deviate significantly from the baseline across the scenarios, ranging from 3 percent below baseline in 2020 in the first case (protracted pandemic in 2020) to 8 percent below baseline in 2021 in the third case (protracted pandemic in 2020 and recurrence in 2021). In all scenarios, output recovers only gradually and remains below the baseline throughout the medium term.

INDIAN ECONOMY OVERVIEW

The WEO of October 2019 has estimated India's economy to become the fifth largest in the world, as measured using GDP at current US\$ prices, moving past United Kingdom and France. The size of the economy is estimated at US\$ 2.9 trillion in 2019

In July 2019, the Union Budget 2019- 20 had articulated the vision of the Hon'ble Prime Minister to make India a US\$ 5 trillion economy by 2024-25. The march towards this milestone has, however, been challenged by less than expected growth of India's GDP so far this year, on the back of a decline in world output. Yet, given India's record of growth with macroeconomic stability over the last five years (annual average growth rate of 7.5 per cent and annual average inflation of 4.5 per cent), the economy is poised for a rebound towards the US\$ 5 trillion goal.

The National Statistical Office (NSO) has estimated India's GDP to have grown at 4.8 per cent in the first half (H1) (April-September) of 2019-20, lower than 6.2 per cent recorded in the second half (H2). (October-March) of 2018-19. On the supply side, the deceleration in GDP growth has been contributed generally by all sectors save 'Agriculture and allied activities' and 'Public administration, defence, and other services', whose growth in H1 of 2019-20 was higher than in H2 of 2018-19.

On the demand side, the deceleration in GDP growth was caused by a decline in the growth of real fixed investment in H1 of 2019-20 when compared to 2018-19 induced in part by a sluggish growth of real consumption. However, growth of real consumption started picking up in Q2 of 2019-20, mostly driven by a significant jump in government final consumption. Growth of private final consumption expenditure also picked up in the same quarter. The contribution of net exports to GDP in Q2 of 2019-20 became less negative as in real terms the contraction of exports was much smaller than contraction of imports. Lower growth of GDP and softer price of crude oil caused a large contraction of imports.

Despite the deceleration in GDP growth for the sixth consecutive quarter, the stock market continues to be upbeat about the country's growth prospects. The Bombay Stock Exchange (BSE) Sensex increased by 7.0 per cent at end December 2019 over end March 2019. This may also reflect the growing perception of India becoming an attractive destination for investment in the backdrop of a decline in the growth of major economies of the world and continued easing of monetary policy by the US Fed. The net FDI and net Foreign Portfolio Investment (FPI) in first eight months of 2019-20 stood at US\$ 24.4 billion and US\$ 12.6 billion respectively, more than the inflows received in the corresponding period of 2018-19. Since 2011-12, India recorded its lowest quarterly GDP growth in Q4 of 2012-13. After 13 quarters, the economy achieved its highest quarterly growth of 9.4 per cent in Q1 of 2016-17. Again after 13 quarters, the economy has recorded a low growth of 4.5 per cent in Q2 of 2019-20. It appears that the length of the business cycle is about 13 quarters. A study on business cycle measurement in India (Pandey et al. 2018) using growth data since 1996 shows similar results. Their study indicates that when GDP is accelerating the business cycle on average is

12 quarters. However, in the deceleration phase, the business cycle on average reduces to 9 quarters. A resurgence in growth is, accordingly, expected to begin in H2 of 2019-20.

In H1 of 2019-20, CPI (Headline) inflation was estimated at 3.3 per cent, slightly higher than that in H2 of the previous year. There has been a further uptick in headline inflation in the month of December 2019 to 7.35 per cent contributed mainly by supplside factors. The food prices spiked following unseasonal rainfall and a flood-like situation in many parts of the country, which affected agricultural crop production. The Wholesale Price Index (WPI) inflation, on the other hand, declined sharply from 3.2 per cent in April 2019 to 2.6 per cent in December 2019, reflecting weakening of demand pressure in the economy. Core inflation (headline less food and fuel inflation) further reflects the state of demand in the economy. There has been a secular moderation in CPI-core inflation from 6.3 per cent in Q1 of 2018-19 to 4.3 per cent in Q2 of 2019-20, which also reflects a weakening of demand pressure in the economy. The core-CPI and WPI inflation together moderated inflation, as captured by the GDP deflator, which fell from 3.7 per cent in H2 of 2018-19 to 2.1 per cent in H1 of 2019-20. This significantly lowered the nominal growth of GDP as well.

Fiscal situation

In 2019-20, Centre's fiscal deficit was budgeted at Rs. 7.04 lakh crore (3.3 per cent of GDP), as compared to Rs. 6.49 lakh crore (3.4 per cent of GDP) in 2018-19 PA. In the first eight months of 2019-20, fiscal deficit stood at 114.8 per cent of the budgeted level. Net Tax revenue to the Centre, which was envisaged to grow at more than 25 per cent in 2019-20 BE relative to 2018-19 PA, grew at 2.6 per cent during April to November 2019, which was nearly half its' growth rate for the corresponding period last year. This is primarily owing to low growth in Gross Tax Revenue (GTR) of 0.8 per cent during first eight months of 2019-20 vis-a-vis 7.1 per cent growth for the corresponding period in 2018-19 (Table 6, Chapter 2). Goods and Services Tax (GST) collections, the biggest component of indirect taxes, grew by 4.1 per cent for the Centre during April-November 2019. However, the uptick in growth of cumulative GST collections for the Centre started in October 2019 and has sustained its momentum in November and December 2019 as well.

Specifically, the GST (Centre + States) collection for the month of November 2019 was the third highest monthly collection since introduction of GST (July 2017). From April-December 2019, gross GST revenue collection has crossed the mark of ` 1 lakh crore five times with a revenue of ` 1.03 lakh crore in December 2019. This may be the result of concerted efforts taken by the Government to improve tax compliance and revenue collection as well as a reflection of a rebounding economy.

On the expenditure side, the budgeted expenditure of the Central government grew at 12.8 per cent in April-November 2019 over the corresponding period of the previous year, expending almost 60 per cent of the budget. The capital expenditure during April to November 2019-20 has grown at roughly three times vis-à-vis the same period in 2018-19. Also, revenue expenditure has grown at a higher rate during these eight months of 2019-20, compared to the same period previous year.

SERVICE SECTOR INDUSTRY

The services sector's significance in the Indian economy has continued to increase, with the sector now accounting for around 55 per cent of total size of the economy and GVA growth, two-thirds of total FDI inflows into India and about 38 per cent of total exports. The share of services sector now exceeds 50 per cent of Gross State Value Added in 15 out of the 33 states and UTs, with this share more than 80 per cent in Delhi and Chandigarh. However, data on GVA growth, high-frequency indicators and sectoral trends suggest a moderation in services sector activity during 2019-20. Bank credit to services sector, air passenger traffic and rail freight traffic have witnessed a deceleration, while foreign tourist arrivals and port traffic have continued to ease during 2019-20. On the bright side, the very latest readings on most of these indicators suggest a recovery. Moreover, gross FDI equity inflows into services sector have registered a strong recovery and services exports have maintained their momentum during April-September 2019. Services exports have outperformed goods exports in the recent years, due to which India's share in world's commercial services exports has risen steadily over the past decade to reach 3.5 per cent in 2018, twice the share in world's merchandise exports at 1.7 per cent. India's education services imports have increased markedly in the recent years, up from about US\$ 2.3 billion in 2013-14 to US\$ 5.0 billion in 2018-19. The shipping turnaround time at ports has almost halved from 4.67 days in 2010-11 to 2.48 days in 2018-19. India has launched around 5-7 satellites per year in the recent years with no failures, barring one in 2017.

Services Sector Performance: An Overview

As per the First Advance Estimates for Gross Value Added (GVA) from the Ministry of Statistics and Planning Implementation, services sector growth (YoY) continued to moderate during 2019-20, reaching 6.9 per cent from 7.5 per cent in 2018-19. By sub-sector, growth (YoY) in 'financial services, real estate & professional services' decelerated to 6.4 per cent during 2019-20 and that in 'trade, hotels, transport, communication & broadcasting services' remained on a downward trend, reaching 5.9 per cent in 2019-20. However, 'public administration, defence & other services' witnessed an acceleration in activity during 2019-20, with a growth (YoY) of 9.1 per cent. Notwithstanding the recent underperformance, the services sector continues to outperform agriculture and industry sector growth, contributing around 55 per cent to total GVA as well as to total GVA growth.

The moderation in services sector growth during 2019-20 is also reflected in the high frequency indicators, though some recent data suggests that service sector activity. The services Purchasing Managers' Index (PMI) has stabilized in the recent months above the threshold of 50 (above 50 indicates service sector activity is expanding) after having softened during Q4 of 2018-19 and Q1 of 2019-20. Growth in air passenger traffic has begun to show some signs of recovery after having witnessed a slowdown since mid-2018-19. Even the growth in rail freight, which was contracting in the past few months, has picked up in November 2019. In contrast, bank credit to the services sector has continued to decelerate. The growth in bank credit to services sector was 4.8 per cent as on November 2019 as compared to 28.1 per cent a year ago.

FDI Inflows into Services Sector

FDI data from the Department for Promotion of Industry and Internal Trade shows that gross FDI equity inflows (excluding re-invested earnings) into the services sector¹ witnessed a strong recovery during April-September 2019 following a decline in 2018-19. Gross FDI equity inflows jumped by 33 per cent YoY during April - September 2019 to reach US\$ 17.58 billion, accounting for about two-thirds of the total gross FDI equity inflows into India during this period (Table 4). The jump in FDI equity inflows was driven by strong inflows into subsectors such as 'Information & Broadcasting', 'Air Transport', 'Telecommunications', 'Consultancy Services' and 'Hotel & Tourism'.

Trade in Services Sector

RBI's Balance of Payments data suggests that services exports during April-September 2019 maintained their momentum from 2018-19, with a growth (YoY) of 6.4 per cent. The jump in export growth of travel, software, business and financial services offset the contraction in export growth of insurance and other services (including construction, etc.) (Table 5). The robust growth in business services exports was driven by higher receipts for R&D services, professional and management consultancy services, and technical and trade related services.

Trends in the composition of services exports over the past decade show that the shares of traditional services, such as transport, and value-added services, such as software, financial services and communications, have witnessed a decline. Meanwhile, the share of travel services has increased over the past decade and that of business services has risen slightly. The share of software services has declined by 4 percentage points over the past decade to reach 40 per cent of total services exports in 2018-19. Yet, India's services exports remain concentrated in software services, accounting for twice the share of the second-largest component, business services.

This has made the software sector, and therefore overall services exports, susceptible to changes in exchange rate, global IT spending, stringent USA visa norms, and rising cost pressures due to increased local hiring in export destinations. Even though global IT spending, as projected by Gartner in October 2019, is expected to accelerate in 2020, rising production costs and uncertainty related to Brexit and USA's visa norms pose downward risks to India's software exports.

Services import growth (YoY) during April-September 2019 was 7.9 per cent. An increase in import growth for transport, software, communication and business services offset the contraction in imports of financial and insurance services and the slowdown in imports of travel services. Increased business services payments were primarily driven by professional, management and consultancy services, and technical and trade related services.

Net exports of services increased from US\$ 38.9 billion during April-September 2018 to US\$ 40.5 billion during April-September 2019, up 4.1 per cent YoY. The services trade surplus, largely driven by the surplus in software services, financed about 48 per cent of India's merchandise deficit during April-September 2019, partially offsetting the impact on the current account deficit. Besides software services, India runs a small trade surplus in travel, insurance and financial services. However, within travel services, India persistently runs a trade deficit in education services with education imports, i.e., expenditure incurred by Indian students traveling abroad for education purposes on tuition, room and boarding, reaching about US\$ 3 billion in 2018-19. Adding to this other payments for education purposes such as fees paid for correspondence courses abroad, which constitute as payments for receiving education services abroad, there has been a marked increase in India's education services imports in the recent years amounting to US\$ 5.0 billion in 2018-19.

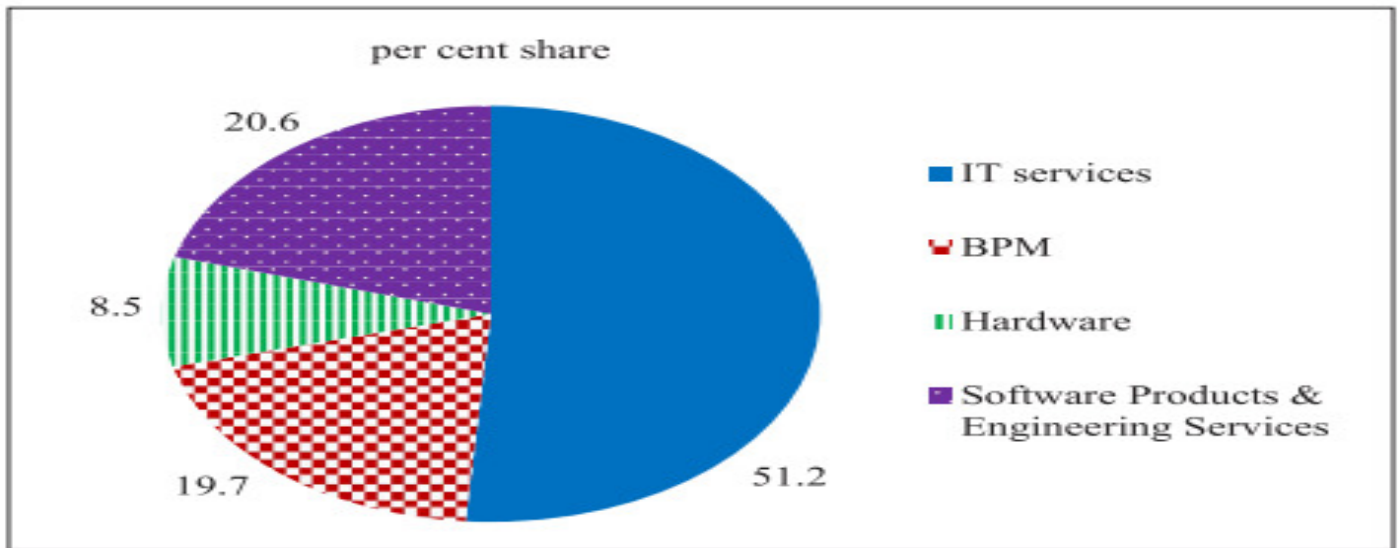

From a long-run perspective, India's focus on boosting services exports during bilateral trade negotiations augurs well for mitigating bilateral trade deficits with trading partners. Looking ahead, world trade volume for goods and services are projected to recover in

2020 following a deceleration in 2019. Global uncertainty, protectionism and stricter migration rules would be key factors in shaping India’s services trade ahead.

Information Technology and Business Process Management (IT-BPM)

The Indian IT-BPM Industry has been the flag-bearer of India’s exports for the past two decades, with industry size reaching about US\$ 177 billion in March 2019. The sector contributes significantly to the economy via employment growth and value addition. IT services constituted 51 per cent of the IT-BPM sector in 2018-19, followed by Software & Engineering Services (20.6 per cent share) and BPM Services (19.7 per cent share) (Figure 4). Within the IT-BPM sector, IT services remained the dominant segment with about US\$ 91 billion in revenues in 2018-19. Out of the IT services, digital revenues grew (YoY) more than 30 per cent to reach US\$ 33 billion.

A significant part (about 83 per cent) of the IT-BPM industry (excluding hardware) continues to be export driven, with export revenues in excess of US\$ 135 billion in 2018-19 (Table 8). During 2018-19, the revenue growth (YoY) for IT-BPM sector (excluding hardware) softened to 6.8 per cent from 8.2 per cent in 2017-18. This was driven by a contraction of 0.3 per cent in domestic revenue growth even as export revenue growth accelerated to 8.3 per cent.

Note: E: Estimate.

Looking at export revenues by destination, USA accounts for the bulk of exports, amounting to US\$ 84 billion, which is 62 per cent of total ITBPM exports (excluding hardware) in 2018- 19. This is much larger than the share of exports going to UK, which is the second largest export market for IT-BPM services, with a share of around 17 per cent. Europe (excluding UK) and Asia-Pacific account for 11.4 per cent and 7.6 per cent of the export earnings, respectively Over the past 2-3 years, a number of policy initiatives have been undertaken to drive innovation and technology adoption in the IT-BPM sector, including Start-up India, National Software Product Policy, and removal of issues related to Angel Tax. The Indian start-up ecosystem has been progressing and is now the third largest in the world with 24 unicorns, though the gap with the largest (China: 206) and second largest (USA: 203) markets remains significant. Cities such as Bangalore, Delhi NCR and Mumbai account for around 55 per cent of the total startups in India (Source: NASSCOM study).

This has helped us build solution frameworks which are enriched with domain knowledge from the relevant sector and subject matter experts across several industries. These frameworks have been built on our platform and are scalable and adaptable based on a particular customer's unique and constantly evolving business needs.

Scalable Business Model

Our business model is order driven, and comprises of optimum utilization of our existing resources, developing linkages with expertise of our development team and achieving consequent customer satisfaction. We believe that this business model has proved successful and scalable for us in the last few financial years. We can scale by venturing into different sectors where technologically advanced management is required and also by providing better products and solutions in the sectors that we already have presence in. The business scale generation is basically due to the development of new markets both international and domestic, innovation in the product range and by maintaining the consistent quality of the products and services.

OUR STRATEGIES

Expand our Current Business Relationships

Our goal is to build long-term sustainable business relationships with our customers to generate increasing revenues. We plan to continue to expand the scope and range of services provided to our existing customers by continuing to build our expertise in major industries and extending our capabilities into new and emerging technologies. In addition, we intend to continue to develop better solutions and new products for industry sectors which are significantly untapped. We will also seek to support a greater portion of the full product development life-cycle of our customers by offering targeted services for each phase of the software product life cycle. We also plan to assist our customers as they deploy their products to end-users through consulting and professional services that we offer onsite. In addition, we intend to continue to build relationships with various global companies as business partners which can provide us with better benefit by introducing local clients.

Attract, develop and retain highly-skilled employees

Our employees are one of our most important assets. We focus on the quality and level of service that our employees deliver by investing in recruitment, development, retention, maintenance of a culture of innovation and by creating both a challenging and rewarding work environment. Our talent development strategy focusses on engaging, motivating and developing a high performing workforce and we aim to create and sustain a positive workplace culture for our employees and benchmark ourselves against our peers. We also have a competency training framework, seamlessly integrated into our business that has been designed for new employees to be “project-ready” .

Focus on efficiency

Our goal is to help our customers with our products and solutions, in turn enabling them to deliver their products more efficiently. We have been building products and solution and providing services to leading companies. We have innovated and customized software processes that allow us to monitor and plan the progress of software projects. We have well-trained teams, pre-built frameworks and partnerships with other product companies that allow us to integrate product components and deliver products for our customers efficiently. This helps in reducing time to market and reducing the risk of engineering failures.

Optimal Utilization of Resources

Our Company constantly endeavors to improve our technical process, and will increase service activities to optimize the utilization of resources. We have invested significant resources, and intend to further invest in our activities to develop customized systems and processes to ensure effective management control. We regularly analyze our existing policies to be carried out for our technical and designing process which enables us to identify the areas of bottlenecks and correct the same. This helps us in improving efficiency and putting resources to optimal use.

Invest in infrastructure and technology

Our Company believes in making investments for continuously achieving higher levels of excellence in its products & services and implement dynamic and diverse specifications of our customers. We have invested significantly in equipping our technical team with the latest and specialized infrastructure and modern technology. We want to continue to work towards the upgradation and modernization of our infrastructure and technology.

COMPETITION: -

The market for IT Products and Services is both, highly competitive and rapidly evolving. It has evolved into a consolidated global industry and we face competition in markets. We primarily face competition from the small and large IT services companies as well as international technology services companies which offer broad-based services, offshore captive centers of global corporations and technology firms. We anticipate this competition to continue to grow as the demand for these services increases and we also expect additional companies to enter the market.

Further, Clients that presently outsource a significant proportion of their IT service requirements to vendors may seek to reduce their dependence on one country and outsource work to other offshore destinations such as China, Russia and Eastern European countries. Also, many countries have the advantage of being located in proximity to our main export markets of American and European countries. We also face competition from other countries mainly in US and European countries that have advanced technology and ability to cater to large scale businesses in different parts of the world.

We have a number of competitors offering products and services similar to us. We believe the principal elements of competition in IT industry are price, timely delivery and reliability and most importantly our pace in keeping up with the required changing technology in the industry. We believe that our cost effective and integrated offerings, our focus on customer satisfaction and our reliability combined with our quality consciousness provides us with competitive advantage in many of our products.

KEY INDUSTRY REGULATIONS

The following description is a summary of the relevant regulations and policies as prescribed by the GoI and other regulatory bodies that are applicable to our business. The information detailed below has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies, and the bye laws of the respective local authorities that are available in the public domain. The regulations set out below may not be exhaustive and are merely intended to provide general information to the shareholders and neither designed, nor intended to substitute for professional legal advice. For details of government approvals obtained by us, see the section titled “Government and Other Approvals” on page 199 of this Draft Prospectus.

The Companies Act, 2013

The consolidation and amendment in the law relating to the Companies Act, 1956 made way to the enactment of the Companies Act, 2013. The Companies Act, 1956 is still applicable to the extent not replaced.

The Companies Act primarily regulates the formation, financing, functioning and restructuring of separate legal entity as companies. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

The Indian Contract Act, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

Laws relating to Employment

As part of business of the Company it is required to comply from time to time with certain laws in relation to the employment of labour. A brief description of certain labour legislations which are applicable to the Company is set forth below:

Employees (Provident Fund and Miscellaneous Provisions) Act, 1952, as amended (the “EPF Act”)

The EPF Act applies to factories employing over 20 employees and such other establishments and industrial undertakings as notified by the GoI from time to time. It requires all such establishments to be registered with the State provident fund commissioner and requires such employers and their employees to contribute in equal proportion to the employees’ provident fund the prescribed percentage of basic wages and dearness and other allowances payable to employees. The EPF Act also requires the employer to maintain registers and submit a monthly return to the State provident fund commissioner.

Employees Deposit Linked Insurance Scheme, 1976

The scheme shall be administered by the Central Board constituted under section 5A of the EPF Act. The provisions relating to recovery of damages for default in payment of contribution with the percentage of damages are laid down under Section 8A of the Act. The employer falling under the scheme shall send to the Commissioner within fifteen days of the close of each month a return in the prescribed form. The register and other records shall be produced by every employer to Commissioner or other officer so authorized shall be produced for inspection from time to time. The amount received as the employer’s contribution and also Central Government’s contribution to the insurance fund shall be credited to an account called as “Deposit-Liked Insurance Fund Account.”

The Employees’ Pension Scheme, 1995

Family pension in relation to this Act means the regular monthly amount payable to a person belonging to the family of the member of the Family Pension Fund in the event of his death during the period of reckonable service. The scheme shall apply to all the employees who became a member of the EPF or PF of the factories provided that the age of the employee should not be more than

59 years in order to be eligible for membership under this act. Every employee who is member of EPF or PF has an option of the joining scheme. The employer shall prepare a Family Pension Fund contribution card in respect of the entire employee who is member of the fund.

Employees State Insurance Act, 1948, as amended (the “ESIC Act”)

The ESI Act, provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. In addition, the employer is also required to register itself under the ESI Act and maintain prescribed records and registers.

Payment of Gratuity Act, 1972, as amended (the “Gratuity Act”)

The Gratuity Act establishes a scheme for the payment of gratuity to employees engaged in every factory, mine, oil field, plantation, port and railway company, every shop or establishment in which ten or more persons are employed or were employed on any day of the preceding twelve months and in such other establishments in which ten or more employees are employed or were employed on any day of the preceding twelve months, as notified by the Central Government from time to time. Penalties are prescribed for non-compliance with statutory provisions.

Under the Gratuity Act, an employee who has been in continuous service for a period of five years will be eligible for gratuity upon his retirement, resignation, superannuation, death or disablement due to accident or disease. However, the entitlement to gratuity in the event of death or disablement will not be contingent upon an employee having completed five years of continuous service. The maximum amount of gratuity payable may not exceed ` 1 million.

Industrial Disputes Act, 1947, as amended (the “ID Act”)

The ID Act provides the procedure for investigation and settlement of industrial disputes. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a labour court, tribunal or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while a proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workmen.

Payment of Bonus Act, 1965, as amended (the “PoB Act”)

The PoB Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

Equal Remuneration Act, 1979:

The Equal Remuneration Act 1979 provides for payment of equal remuneration to men and women workers and for prevention discrimination, on the ground of sex, against female employees in the matters of employment and for matters connected therewith. The act was enacted with the aim of state to provide Equal Pay and Equal Work as envisaged under Article 39 of the Constitution.

Trade Union Act, 1926 and Trade Union (Amendment) Act, 2001:

Provisions of the Trade Union Act, 1926 provides that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or non-employment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive condition on the conduct of any trade or business etc.

Workmen’s Compensation Act, 1923

The Workmen’s Compensation Act, 1923 (—WCA) has been enacted with the objective to provide for the payment of compensation to workmen by employers for injuries by accident arising out of and in the course of employment, and for occupational diseases

resulting in death or disablement. The WCA makes every employer liable to pay compensation in accordance with the WCA if a personal injury/disablement/ loss of life is caused to a workman (including those employed through a contractor) by accident arising out of and in the course of his employment. In case the employer fails to pay compensation due under the WCA within one month from the date it falls due, the commissioner appointed under the WCA may direct the employer to pay the compensation amount along with interest and may also impose a penalty.

Industrial Employment (Standing Orders) Act, 1946

In order to strengthen the bargaining powers of the workers this act is established, it requires the employers to formally define the working conditions to the employee. The employer is required to submit five copies of standing orders required by him for adoption of his industrial establishment. The standing order shall unless in case of an appeal, come into operation on the expiry of thirty days from the date on which authenticated copies were sent. An employer failing to submit the draft standing order as required by the act shall be liable to pay fine as per section 13 of the act. Only Metropolitan Magistrate Court or Judicial Magistrate of second class shall try offence under this act.

Contract Labour (Regulation and Abolition) Act, 1970, as amended (the “CLRA Act”)

In respect of each of its facilities, the Company uses the services of certain licensed contractors who in turn employ contract labour whose number exceeds 20 in respect of each facility. Accordingly, the Company is regulated by the provisions of the CLRA Act which requires the Company to be registered as a principal employer and prescribes certain obligations with respect to welfare and health of contract labour. The CLRA Act requires the principal employer of an establishment to which the CLRA Act applies to make an application to the concerned officer for registration of the establishment. In the absence of registration, contract labour cannot be employed in the establishment. Likewise, every contractor to whom the CLRA Act applies is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued. The CLRA Act imposes certain obligations on the contractor in relation to establishment of canteens, rest rooms, drinking water, washing facilities, first aid, other facilities and payment of wages. However, in the event the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time period. Penalties, including both fines and imprisonment, may be levied for contravention of the provisions of the CLRA Act.

The Minimum Wages Act, 1948

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to this Act, in respect of which minimum rates of wages have been fixed or revised under the Act.

The Micro, Small and Medium Enterprises Development Act, 2006 (“MSME Act”):

Goods and Service Tax (GST):

Goods and Services Tax (GST) is levied on supply of goods or services or both jointly by the Central and State Governments. It was introduced as The Constitution (One Hundred and First Amendment) Act, 2017 and is governed by the GST Council. GST provides for imposition of tax on the supply of goods or services and will be levied by Centre on intra-state supply of goods or services and by the States including Union territories with legislature/ Union Territories without legislature respectively. A destination-based consumption tax GST would be a dual GST with the center and states simultaneously levying tax with a common base. The GST law is enforced by various acts viz. Central Goods and Services Act, 2017 (CGST), State Goods and Services Tax Act, 2017 (SGST), Union Territory Goods and Services Tax Act, 2017 (UTGST), Integrated Goods and Services Tax Act, 2017 (IGST) and Goods and Services Tax (Compensation to States) Act, 2017 and various rules made thereunder. It replaces following indirect taxes and duties at the central and state levels:

Central Excise Duty, Duties of Excise (Medicinal and Toilet Preparations), additional duties on excise— goods of special importance, textiles and textile products, commonly known as CVD – special additional duty of customs, service tax, central and state surcharges and cesses relating to supply of goods and services, state VAT, Central Sales Tax, Luxury Tax, Entry Tax (all forms), Entertainment and Amusement Tax (except when levied by local bodies), taxes on advertisements, purchase tax, taxes on lotteries, betting and gambling.

It is applicable on all goods except for alcohol for human consumption and five petroleum products.

Taxpayers with an aggregate turnover of Rs. 20 Lakh would be exempt from tax. The exemption threshold for special category of states like North-East shall be Rs. 10 Lakh. Small taxpayers with an aggregate turnover in preceding financial year upto Rs. 75 Lakh (50 Lakh in case of special category states) may opt for composition levy. Under GST goods and services are taxed at the rate of 0%, 5%, 12%, and 18%. There is a special rate of 0.25% on rough precious and semi-precious stones and 3% on gold. In addition, a cess of 15% or other rates on top of 28% GST applies on few items like aerated drinks, luxury cars and tobacco products.

Export and supplies to SEZ shall be treated as zero-rate supplies. Import of goods and services would be treated as inter-state supplies. Every person liable to take registration under these Acts shall do so within a period of 30 days from the date on which he became liable to registration. The Central/State authority shall issue the registration certificate upon receipt of application. The Certificate shall contain fifteen-digit registration number known as Goods and Services Tax Identification Number. In case a person has multiple business verticals in location in a state, a separate application will be made for registration of each and every location. The registered assesses are then required to pay GST as per the rules applicable thereon and file the appropriate return as applicable thereon.

Consumer Protection Act, 1986

The Consumer Protection Act, 1986 (“COPRA”) aims at providing better protection to the interests of consumers and for that purpose makes provisions for the establishment of authorities for the settlement of consumer disputes. The COPRA provides a mechanism for the consumer to file a complaint against a trader or service provider in cases of unfair trade practices, restrictive trade practices, defects in goods, deficiency in services, price charged being unlawful and goods being hazardous to life and safety when used. The COPRA provides for a three tier consumer grievance redressal mechanism at the national, state and district levels. Non compliance of the orders of these authorities attracts criminal penalties.

Foreign Exchange Management Act, 1999 (“FEMA”)

Foreign investment in India is primarily governed by the provisions of FEMA and the rules and regulations promulgated there under. FEMA aims at amending the law relating to foreign exchange with facilitation of external trade and payments for promoting orderly developments and maintenance of foreign exchange market in India. It applies to all branches, offices and agencies outside India owned or controlled by a person resident in India and also to any contravention there under committed outside India by any person to whom this Act applies. Every exporter of goods is required to a) furnish to the Reserve Bank or to such other authority a declaration in such form and in such manner as may be specified, containing true and correct material particulars, including the amount representing the full export value or, if the full export value of the goods is not ascertainable at the time of export, the value which the exporter, having regard to the prevailing market conditions, expects to receive on the sale of the goods in a market outside

India; b) furnish to the Reserve Bank such other information as may be required by the Reserve Bank for the purpose of ensuring the realization of the export proceeds by such exporter. The Reserve Bank may, for the purpose of ensuring that the full export value of the goods or such reduced value of the goods as the Reserve Bank determines, having regard to the prevailing market conditions, is received without any delay, direct any exporter to comply with such requirements as it deems fit. Every exporter of services shall furnish to the Reserve Bank or to such other authorities a declaration in such form and in such manner as may be specified, containing the true and correct material particulars in relation to payment for such services.

FEMA Regulations:

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

Foreign Trade Policy 2015-2020:

FTP 2015-20 provides a framework for increasing exports of goods and services as well as generation of employment and increasing value addition in the country, in line with the 'Make in India' programme. It introduces two new schemes, namely 'Merchandise Exports from India Scheme (MEIS)' for export of specified goods to specified markets and 'Services Exports from India Scheme (SEIS)' for increasing exports of notified services.

Laws relating to Intellectual Property

In India, trademarks enjoy protection both statutory and under common law. The Trademarks Act, 1999, as amended ("Trademarks Act"), the Copyright Act, 1957, as amended ("Copyrights Act"), The Patents Act, 1970, as amended ("Patents Act"), and the Designs Act, 2000, as amended ("Designs Act"), amongst others govern the law in relation to intellectual property, including brand names, trade names and service marks, layout and research works.

Trademarks Act

The Trade Marks Act provides for the application and registration of trademarks in India. The purpose of the Trade Marks Act is to grant exclusive rights to marks such as a brand, label and heading and to obtain relief in case of infringement for commercial purposes as a trade description. The registration of a trademark is valid for a period of 10 years, and can be renewed in accordance with the specified procedure.

Application for trademark registry has to be made to Controller-General of Patents, Designs and Trade Marks who is the Registrar of Trademarks for the purposes of the Trade Marks Act. The Trade Marks Act prohibits any registration of deceptively similar trademarks or chemical compound among others. It also provides for penalties for infringement, falsifying and falsely applying trademarks.

Copyrights Act

The Copyrights Act governs copyright protection in India. Under the Copyright Act, copyright may subsist in original literary, dramatic, musical or artistic works, cinematograph films, and sound recordings. Following the issuance of the International Copyright Order, 1999, subject to certain exceptions, the provisions of the Copyright Act apply to nationals of all member states of the World Trade Organization.

While copyright registration is not a prerequisite for acquiring or enforcing a copyright, registration creates a presumption favoring ownership of the copyright by the registered owner. Copyright registration may expedite infringement proceedings and reduce delay caused due to evidentiary considerations. Once registered, the copyright protection of a work lasts for 60 years.

The remedies available in the event of infringement of a copyright under the Copyright Act include civil proceedings for damages, account of profits, injunction and the delivery of the infringing copies to the copyright owner. The Copyright Act also provides for criminal remedies, including imprisonment of the accused, imposition of fines and seizure of infringing copies.

Patents Act

The purpose of a patent act in India is to protect inventions. Patents provide the exclusive rights for the owner of a patent to make, use, exercise, distribute and sell a patented invention. The patent registration confers on the patentee the exclusive right to use, manufacture and sell his invention for the term of the patent. An application for a patent can be made by (a) person claiming to be the true and first inventor of the invention; (b) person being the assignee of the person claiming to be the true and first inventor in respect of the right to make such an application; and (c) legal representative of any deceased person who immediately before his death was entitled to make such an application. Penalty for the contravention of the provisions of the Patents Act include imposition of fines or imprisonment or both.

The Designs Act, 2000 (Designs Act)

The objective of Designs Act is to promote and protect the design element of industrial production. It is also intended to promote innovative activity in the field of industries. The Controller General of Patents, Designs and Trade Marks appointed under the Trademarks Act shall be the Controller of Designs for the purposes of the Designs Act. When a design is registered, the proprietor of the design has copyright in the design during ten years from the date of registration.

Approvals from Local Authorities

Setting up of a factory or manufacturing entails the requisite planning approvals to be obtained from the relevant Local Panchayat(s) outside the city limits and appropriate Metropolitan Development Authority within the city limits. Consents are also required from the state pollution control board(s), the relevant state electricity board(s), the state excise authorities, sales tax, among others, are required to be obtained before commencing the building of a factory or the start of manufacturing operations.

Competition Act, 2002, as amended (the “Competition Act”)

The Competition Act prohibits anti competitive agreements, abuse of dominant positions by enterprises and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. The provisions of the Competition Act relating to combinations were notified on March 4, 2011 and have come into effect on June 1, 2011. Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. A combination is defined under Section 5 of the Competition Act as an acquisition, merger or amalgamation of enterprise(s) that meets certain asset or turnover thresholds. There are also different thresholds for those categorized as ‘Individuals’ and ‘Group’. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is likely to have an appreciable adverse effect on competition in India. Effective June 1, 2011, all combinations have to be notified to the CCI within 30 days of the execution of any agreement or other document for any acquisition of assets, shares, voting rights or control of an enterprise under Section 5(a)

and (b) of the Competition Act (including any binding document conveying an agreement or decision to acquire control, shares, voting rights or assets of an enterprise); or the board of directors of a company (or an equivalent authority in case of other entities) approving a proposal for a merger or amalgamation under Section 5(c) of the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

Property related laws

The Company is required to comply with central and state laws in respect of property. Central Laws that may be applicable to our Company's operations include the Land Acquisition Act, 1894, the Transfer of Property Act, 1882, Registration Act, 1908, Indian Stamp Act, 1899, and Indian Easements Act, 1882.

In addition, regulations relating to classification of land may be applicable. Usually, land is broadly classified under one or more categories such as residential, commercial or agricultural. Land classified under a specified category is permitted to be used only for such specified purpose. Where the land is originally classified as agricultural land, in order to use the land for any other purpose the classification of the land is required to be converted into commercial or industrial purpose, by making an application to the relevant municipal or town and country planning authorities. In addition, some State Governments have imposed various restrictions, which vary from state to state, on the transfer of property within such states.

Land use planning and its regulation including the formulation of regulations for building construction, form a vital part of the urban planning process. Various enactments, rules and regulations have been made by the Central Government, concerned State Governments and other authorized agencies and bodies such as the Ministry of Urban Development, State land development and/or planning boards, local municipal or village authorities, which deal with the acquisition, ownership, possession, development, zoning, planning of land and real estate. Each state and city has its own set of laws, which govern planned development and rules for construction (such as floor area ratio or floor space index limits). The various authorities that govern building activities in states are the town and country planning department, municipal corporations and the urban arts commission.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013:

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act") provides for the protection of women at work place and prevention of sexual harassment at work place. The financial statement are prepared under the historical cost convention on the “Accrual Concept” and Going Concern assumption of accountancy in accordance with the accounting principles generally accepted in India and comply with the accounting standards as prescribed by Companies (Accounting Standard) Rules, 2006 and with the relevant provisions of the Companies Act, 2013 and rules made there under.

2. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities on the date of the financial statement and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which results are known/materialized.

3. Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises of all expenses incurred to bring the assets to its present location and condition. Borrowing cost directly attributable to the acquisition /construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charge on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same are allocated to the respective t on completion of construction / erection of the capital project / fixed assets.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future economic benefits from the existing asset beyond its previously assessed standard of performance.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as “Capital Work in Progress.”

4. Impairment of Assets

At each balance sheet date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset’s net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

5. Depreciation

All fixed assets, except capital work in progress, are depreciated on Straight Line Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the date of such addition / deletion as the case may be.

6. Investments

Investments are classified into current investments and non-current investments. Current investments i.e. investments that are readily realizable and intended to be held for not more than a year valued at cost. Any permanent reduction in the carrying amount or any reversals of such, reductions are charged or credited to the Statement of Profit & loss Account.

Non-current investments are stated at cost. Provision for diminution in the value of these investments is made only if such decline is other than temporary, in the opinion of the management.

7. Inventories

Since the company is in the business of providing services, so that there are no inventories.

8. Revenue Recognition

Revenue from the operations is recognized on generally accepted accounting principal and when it is earned and no significant uncertainty exists as to its ultimate collection and includes taxes, wherever applicable.

The capital gain on sale of investments if any are recognized on completion of transaction. No notional profit/loss are recognized on such investments.

Interest income is recognized on time proportion basis, when it is accrued and due for payment.

Dividend income is recognized in profit and loss account when right to receive dividend is established.

9. Borrowing Cost

Borrowing cost that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying assets is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

10. Employee Benefits

Short – term employee benefits are recognized as an expense at the undiscounted amount in the profit & loss account of the year in which the related service is rendered.

Post employment and other long term employee benefits are recognized as an expense in the profit & loss account for the year in which the liabilities are crystallized.

11. Taxes on Income

Income tax expenses for the year comprises of current tax and deferred tax. Current tax provision is determined on the basis of taxable income computed as per the provisions of the Income Tax Act. Deferred tax is recognized for all timing differences that are capable of reversal in one or more subsequent periods subject to conditions of prudence and by applying tax rates that have been substantively enacted by the balance sheet date.

12. Foreign Currency Translation

- a) Transaction denominated in foreign currencies are recorded at the exchange rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the yearend are restated at closing rate..
- b) Any exchange difference on account of settlement of foreign currency transaction and restatement of monetary assets and liabilities denominated in foreign currency is recognized in the statement of Profit & loss Account.

13. Provision, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

C) NOTES ON ACCOUNTS

1. The financial statements including financial information have been prepared after making such regroupings and adjustments, considered appropriate to comply with the same. As result of these regroupings and adjustments, the amount reported in the financial statements/information may not necessarily be same as those appearing in the respective audited financial statements for the relevant years.

2. Segment Reporting

Cost comprises of all expenses incurred to bring the assets to its present location and condition. Borrowing cost directly attributable to the acquisition /construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charge on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same are allocated to the respective t on completion of construction / erection of the capital project / fixed assets. Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future economic benefits from the existing asset beyond its previously assessed standard of performance.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as “Capital Work in Progress.”

4. Impairment of Assets

At each balance sheet date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

5. Depreciation

All fixed assets, except capital work in progress, are depreciated on Straight Line Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the date of such addition / deletion as the case may be.

6. Investments

Investments are classified into current investments and non-current investments. Current investments i.e. investments that are readily realizable and intended to be held for not more than a year valued at cost. Any permanent reduction in the carrying amount or any reversals of such, reductions are charged or credited to the Statement of Profit & loss Account.

Non-current investments are stated at cost. Provision for diminution in the value of these investments is made only if such decline is other than temporary, in the opinion of the management.

7. Inventories

Since the company is in the business of providing services, so that there are no inventories.

8. Revenue Recognition

Revenue from the operations is recognized on generally accepted accounting principal and when it is earned and no significant uncertainty exists as to its ultimate collection and includes taxes, wherever applicable.

The capital gain on sale of investments if any are recognized on completion of transaction. No notional profit/loss are recognized on such investments.

Interest income is recognized on time proportion basis, when it is accrued and due for payment.

Dividend income is recognized in profit and loss account when right to receive dividend is established.

9. Borrowing Cost

Borrowing cost that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying assets is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

This strategy is followed for both our products and services clients.

The various platforms that they employ to achieve their monthly targets includes DiscoverOrg, linkedin and Sendgrid.

Accordingly, to Ksolves, in today's social media age, we have unlimited ground to cover and even contact clients on unconventional mediums. Hence, we have a strong social media presence on all the trending social media platforms. Their idea is to forge a bond and ensure that we add value to their lives rather than blatantly selling them our products and services.

COMPETITION: -

The market for IT Products and Services is both, highly competitive and rapidly evolving. It has evolved into a consolidated global industry and we face competition in markets. We primarily face competition from the small and large IT services companies as well as international technology services companies which offer broad-based services, offshore captive centers of global corporations and technology firms. We anticipate this competition to continue to grow as the demand for these services increases and we also expect additional companies to enter the market.

Further, Clients that presently outsource a significant proportion of their IT service requirements to vendors may seek to reduce their dependence on one country and outsource work to other offshore destinations such as China, Russia and Eastern European countries. Also, many countries have the advantage of being located in proximity to our main export markets of American and European countries. We also face competition from other countries mainly in US and European countries that have advanced technology and ability to cater to large scale businesses in different parts of the world.

We have a number of competitors offering products and services similar to us. We believe the principal elements of competition in IT industry are price, timely delivery and reliability and most importantly our pace in keeping up with the required changing technology in the industry. We believe that our cost effective and integrated offerings, our focus on customer satisfaction and our reliability combined with our quality consciousness provides us with competitive advantage in many of our products.

SECTION X – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPEMENT

Except as stated in this section, there are no:(i) criminal proceedings; (ii) actions by statutory or regulatory authorities; (iii) claims relating to direct and indirect taxes; or (iv) Material Litigation (as defined below); involving our Company, Directors, Promoters or Group Companies. Our Board, in its meeting held on April 30, 2020, determined that litigation involving the Company, Directors, its Promoters and Group Companies: (a) where the monetary liability quantified exceeds 5% of the net profit of our Company as per the restated financial statements for the last full Fiscal; and (b) all such pending litigation, where the monetary liability is not quantifiable, however, the outcome of any such pending proceeding may have a material bearing on the business, operations, performance, prospects or reputation of our Company will be considered as material litigation (“Material Litigation”).

As per the materiality policy adopted by the Board of our Company in its meeting held on April 30, 2020, creditors of our Company to whom an amount in excess of 5% of the Net Profit of the Company as per the last audited financial statements was outstanding, were considered ‘material’ creditors. Details of outstanding dues to creditors (including micro and small enterprises as defined under the Micro, Small and Medium Enterprises Development Act, 2006) as required under the SEBI Regulations have been disclosed on our website at www.ksolves.com

Our Company, Directors, Promoter and Group Companies are not Wilful Defaulters and there have been no violations of securities laws in the past or pending against them.

For a detailed description of the main provision of the Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission and/ or consolidation/ splitting, etc., please refer to Section titled “Main Provisions of Articles of Association of the Company” beginning on page 247 of the Draft Prospectus.

Allotment only in Dematerialised Form

In terms of Section 29 of Companies Act, 2013, the Equity Shares shall be allotted only in dematerialised form. As per the SEBI Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar and Share Transfer Agent to the Issue:

1. Tripartite agreement dated [●] between our Company, NSDL and the Registrar and Share Transfer Agent to the Issue.
2. Tripartite agreement dated [●] between our Company, CDSL and the Registrar and Share Transfer Agent to the Issue.

Minimum Application Value, Market Lot and Trading Lot

The trading of the Equity Shares will happen in the minimum contract size of 1200 Equity Shares and the same may be modified by the SME platform of NSE from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this Issue will be done in multiples of 1200 Equity Shares and is subject to a minimum allotment of 1200 Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Further, in accordance with SEBI (ICDR) Regulations the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Minimum Number of Allottees

The minimum number of allottees in the Issue shall be 50 shareholders in case the number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the amounts in the ASBA Account shall be unblocked forthwith.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- To register himself or herself as the holder of the Equity Shares; or
- To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

Withdrawal of the Issue

Our Company in consultation with the Lead Manager, reserves the right not to proceed with the Issue at any time after the Issue Opening Date but before the Board meeting for Allotment. In such an event our Company would issue a public notice in the newspapers, in which the pre-issue advertisements were published, within two days of the issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Applicants within one day of receipt of such notification. Our Company shall also promptly inform the Stock Exchange on which the Equity Shares were proposed to be listed. Notwithstanding the foregoing, the Issue is also subject to obtaining the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an IPO, our Company shall be required to file a fresh Prospectus.

Minimum Subscription

In accordance with Regulation 260 (1) of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the offer through the draft Prospectus and shall not be restricted to the minimum subscription level. Further, in accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than Rs. 1,00,000 (Rupees One Lakh) per application.

As per section 39 of the Companies Act 2013, if the “stated minimum amount” has not been subscribed and the sum payable on Application is not received within a period of 30 days from the date of issue of Prospectus, the application money has to be returned within such period as may be prescribed.

If the issuer does not receive the subscription of 100% of the Issue through this offer document including devolvement of Underwriters within 60 (sixty) days from the date of closure of the issue, the issuer shall forthwith refund the entire subscription amount received. If there is a delay beyond 8 (eight) days after the issuer becomes liable to pay the amount, the issuer shall pay interest prescribed under Section 39 read with Rule 11 of Companies (Prospectus and Allotment of Securities) Rules, 2014 of the Companies Act, 2013 and other applicable laws, if any.

In accordance with SEBI ICDR Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the amounts in the ASBA Account shall be unblocked forthwith.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Arrangements for disposal of odd lots

The trading of the Equity Shares will happen in the minimum contract size of 1200 shares in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the SME Exchange.

Application by Eligible NRIs, FPIs or VCFs registered with SEBI

It is to be understood that there is no reservation for Eligible NRIs, FPIs or VCF registered with SEBI. Such Eligible NRIs, FPIs or VCF registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

As per the extent Guidelines of the Government of India, OCBs cannot participate in this Issue.

The current provisions of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

Restrictions on transfer and transmission of shares or debentures and on their consolidation or splitting

Except for lock-in of the Pre- Issue Equity Shares and Promoter minimum contribution in the Issue as detailed in the section titled "Capital Structure" beginning on page 56 of the Draft Prospectus, and except as provided in the Articles of Association of our Company, there are no restrictions on transfers of Equity Shares. There are no restrictions on transfer and transmission of shares/ debentures and on their consolidation/ splitting except as provided in the Articles of Association. For further details, please refer sub-heading "Main Provisions of the Articles of Association" on page 247 of the Draft Prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the Lead Managers do not accept any responsibility for the completeness and accuracy of the information stated hereinabove. Our Company and the Lead Manager are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares Applied for do not exceed the applicable limits under laws or regulations.

Allotment of Securities in Dematerialised Form

In accordance with the SEBI ICDR Regulations, Allotment of Equity Shares to successful applicants will only be in the dematerialized form. Applicants will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only on the dematerialized segment of the Stock Exchange.

Migration to Main Board

ISSUE PROCEDURE

All Applicants should review the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular (CIR/CFD/DIL/12/2013) dated October 23, 2013 notified by SEBI (“General Information Document”) and including SEBI Circular CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and SEBI Circular SEBI/HO/CFD/DIL/CIR/P/2016/26 dated January 21, 2016 and (SEBI/HO/CFD/DIL2/CIR/P/2018/22) dated February 15, 2018, and (SEBI/HO/CFD/DIL2/CIR/P/2018/138) dated November 1, 2018”, which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act 2013 (to the extent notified), the Companies Act, 1956 (to the extent not repealed by the Companies Act, 2013), the Securities Contracts (Regulation) Act, 1956, the Securities Contracts (Regulation) Rules, 1957 and the SEBI ICDR Regulations as amended. The General Information Document has been updated to include reference to the Securities and Exchange Board of India (Foreign Portfolio Investors) Regulations, 2014, SEBI Listing Regulations 2015 and certain notified provisions of the Companies Act, 2013, to the extent applicable to a public issue. The General Information Document is also available on the websites of the Stock Exchanges and the Lead Manager. Please refer to the relevant portions of the General Information Document which are applicable to this Issue.

All Designated Intermediaries in relation to the Issue should ensure compliance with the SEBI circular (CIR/CFD/POLICYCELL/11/2015) dated November 10, 2015, as amended and modified by the SEBI circular (SEBI/HO/CFD/DIL/CIR/P/2016/26) dated January 21, 2016 and SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2018/22) dated February 15, 2018 and (SEBI/HO/CFD/DIL2/CIR/P/2018/138) dated November 1, 2018, in relation to clarifications on streamlining the process of public issue of equity shares and convertibles.

As per SEBI Circular SEBI/HO/CFD/DIL2/CIR/P/2018/138) dated November 1, 2018, with effect from January 01, 2019, the UPI mechanism for retail individual investors through intermediaries will be made effective along with the existing process and existing timeline of T+6 days. The same will continue, for a period of 3 months or floating of 5 main board public issues, whichever is later. (Hereunder referred as “UPI Phase I”) Thereafter as per SEBI Circular SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 03, 2019, the timeline for implementation of UPI Phase I is extended by three months i.e. till June 30, 2019. In continuation with above circular, SEBI has issued circular No. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, the Applications by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applications with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later with effect from July 01, 2019 (“UPI Phase II”). Thereafter as per SEBI Circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019, the timeline for implementation of UPI Phase II is extended till March 31, 2020. Further as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/2 dated March 30, 2020, the UPI Phase II will continue until further notice by SEBI. Subsequently, the final reduced timeline of T+3 will be made effective using the UPI Mechanism for applications by RIIs (“UPI Phase III”), as may be prescribed by SEBI from time to time. Accordingly, the procedure set forth is under UPI Phase II

Phased implementation of Unified Payments Interface

SEBI has issued a circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 and circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 (collectively the “UPI Circular”) in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circular, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to

three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circular proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

Phase I: This phase has become applicable from January 1, 2019 and was continue till June 30, 2019. Under this phase, a Retail Individual Applicant would also have the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing would continue to be six Working Days.

Phase II: This phase will commence upon completion of Phase I i.e with effect from July 01, 2019 and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the Application Form by a Retail Individual Applicant through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase. This Phase is further extended till March 31, 2020. As per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2 dated March 30, 2020, the UPI Phase II will continue until further notice by SEBI.

Phase III: Subsequently, the time duration from public issue closure to listing would be reduced to be three Working Days under this Phase and the implementation of this phase is yet to be notified by SEBI.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers are to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Lead Manager.

Fixed Price Issue Procedure

The Issue is being made in compliance with the provisions of Reg. 229(1) of Chapter IX of the SEBI (ICDR) Regulations, 2018 and through the Fixed Price Process wherein 50% of the Net Issue to Public is being offered to the Retail Individual Applicants and the balance shall be issued to Non Retail Category i.e. QIBs and Non-Institutional Applicants. However, if the aggregate demand from the Retail Individual Applicants is less than 50%, then the balance Equity Shares in that portion will be added to the non retail portion offered to the remaining investors including QIBs and NIIs and vice-versa subject to valid Applications being received from them at or above the Issue Price.

Subject to the valid Applications being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for the Retail Portion where Allotment to each Retail Individual Applicants shall not be less than the minimum lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription, if any, in any category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the Lead Manager and the Stock Exchange.

Investors should note that according to section 29(1) of the Companies Act, 2013, allotment of Equity Shares to all successful Applicants will only be in the dematerialised form. The Application Forms which do not have the details of the Applicant's depository account including DP ID, PAN and UPI ID (for RII Applicant Application using the UPI mechanism), shall be treated as incomplete and rejected. In case DP ID, Client ID and PAN mentioned in the Application Form and entered into the electronic system of the stock exchanges, do not match with the DP ID, Client ID and PAN available in the depository database, the application is liable to be rejected. Applicants will not have the option of getting allotment of the Equity Shares in physical form. The Equity Shares on allotment shall be traded only in the dematerialised segment of the Stock Exchanges.

The list of Broker Centre is available on the websites of BSE i.e. www.bseindia.com and NSE i.e. www.nseindia.com. With a view to broad base the reach of Investors by substantial, enhancing the points for submission of applications, SEBI vide Circular No.CIR/CFD/POLICY CELL/11/2015 dated November 10, 2015 has permitted Registrar to the Issue and Share Transfer Agent and Depository Participants registered with SEBI to accept the Application forms in Public Issue with effect from January 01, 2016. The List of ETA and DPs centers for collecting the application shall be disclosed is available on the websites of BSE i.e. www.bseindia.com and NSE i.e. www.nseindia.com.

Applicant's Depository Account and Bank Details

Please note that, providing bank account details, PAN No's, Client ID and DP ID in the space provided in the application form is mandatory and applications that do not contain such details are liable to be rejected.

Applicants should note that on the basis of name of the Applicants, Depository Participant's name, Depository Participant Identification number and Beneficiary Account Number provided by them in the Application Form as entered into the Stock Exchange online system, the Registrar to the Issue will obtain from the Depository the demographic details including address, Applicants bank account details, MICR code and occupation (hereinafter referred to as 'Demographic Details'). These Demographic Details would be used for all correspondence with the Applicants including mailing of the Allotment Advice. The Demographic Details given by Applicants in the Application Form would not be used for any other purpose by the Registrar to the Issue.

By signing the Application Form, the Applicant would be deemed to have authorized the depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records.

PAYMENT BY STOCK INVEST

In terms of the Reserve Bank of India Circular No. DBOD No. FSC BC 42/ 24.47.00/ 2003-04 dated November 5, 2003; the option to use the stock invest instrument in lieu of cheques or bank drafts for payment of Application money has been withdrawn. Hence, payment through stock invest would not be accepted in this Issue.

Submission of Application Form

All Application Forms duly completed shall be submitted to the Designated Intermediaries. The aforesaid intermediaries shall, at the time of receipt of application, give an acknowledgement to investor, by giving the counter foil or specifying the application number to the investor, as a proof of having accepted the application form, in physical or electronic mode, respectively.

Issuance of a Confirmation of Allocation Note ("CAN") and Allotment in the Issue

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the Registrar to the Issue shall send to the SCSBs a list of their Applicants who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN or send intimation via E-mail to their Applicants who have been allocated Equity Shares in the Issue. The dispatch of a CAN or send intimation via E-mail shall be deemed a valid, binding and irrevocable contract for the Applicant.

JOINT APPLICATIONS IN THE CASE OF INDIVIDUALS

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

MULTIPLE APPLICATIONS

An Applicant should submit only one Application (and not more than one). Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications;
- Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 (Twenty) valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of "know your client" norms by the depositories. The Company reserves the right to reject, in its absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application either in physical or electronic mode, an ASBA Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB. Submission of a second Application in such manner will be deemed a multiple Application and would be rejected. More than one ASBA Applicant may apply for Equity Shares using the same ASBA Account, provided that the SCSBs will not accept a total of more than five Application Forms with respect to any single ASBA Account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple applications and are liable to be rejected. The Company, in consultation with the Lead Manager reserves the right to reject, in its absolute discretion, all or any multiple applications in any or all categories. In this regard, the procedure which would be followed by the Registrar to the Issue to detect multiple applications is given below:

1. All Applications will be checked for common PAN. For Applicants other than Mutual Funds and FII subaccounts, Applications bearing the same PAN will be treated as multiple Applications and will be rejected.
2. For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number ("PAN") to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 2, 2007. Each of the Applicants should mention his/her PAN allotted under the Income Tax Act, 1961. Applications without the PAN will be considered incomplete and are liable to be rejected. It is to be specifically noted that Applicants should not submit the General Index Registration ("GIR") number instead of the PAN, as the Application is liable to be rejected on this ground.

Our Company/ Registrar to the Issue/ Lead Manager can, however, accept the Application(s) in which PAN is wrongly entered into by ASBA SCSB's in the ASBA system, without any fault on the part of Applicant.

Minimum Subscription

The requirement for 90% minimum subscription is not applicable to Issues under chapter IX of the SEBI ICDR Regulations.

As per Section 39 (1) of the Companies Act, 2013, if the minimum stated amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the offer through the offer including devolvement of Underwriter, if any, our

Company shall forthwith refund the entire subscription amount received. If there is a delay beyond eight (8) working days after our Company becomes liable to pay the amount, our Company and every officer in default other penalty as prescribed under the SEBI ICDR Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260 (1) of the SEBI ICDR Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the Issue through the Prospectus and shall not be restricted to the minimum subscription level. Further, in accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than Rs. 1,00,000 (Rupees One Lakh) per application.

BASIS OF ALLOTMENT

Allotment will be made in consultation with NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).
2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
3. For applications where the proportionate allotment works out to less than 1200 equity shares the allotment will be made as follows:
 - a) Each successful applicant shall be allotted 1200 equity shares; and
 - b) The successful applicants out of the total applicants for that category shall be determined by the drawalof lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
4. If the proportionate allotment to an applicant works out to a number that is not a multiple of 1200 equity shares, the applicant would be allotted Shares by rounding off to the lower nearest multiple of 1200 equity shares subject to a minimum allotment of 1200 equity shares.
5. If the Shares allocated on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares.
6. Since present issue is a fixed price issue, the allocation in the net offer to the public category in terms of Regulation 253 of the SEBI (ICDR) Regulations, 2018 shall be made as follows:
 - a) The net offer of shares to the Public (i.e. 1,90,800 Equity Shares) shall be made available for allotment to retail individual investors; and
 - b) The balance net offer of shares to the public (i.e. 1,90,800 Equity Shares) shall be made available for allotment to Non-Institutional Investors, including Qualified Institution Buyers, Corporate Bodies/Institutions.
 - c) The unsubscribed portion in either of the categories specified in (a) or (b) above may be allocated to the applicants in the other category.

Explanation: If the retails individual investor category is entitled to more than allocated portion on proportionate basis, the retails individual investors shall be allocated that higher percentage.

Our Company shall ensure that out of total allocated shares to the Category “Non-Institutional Investors, including Qualified Institution Buyers, Corporate Bodies/ Institutions”, at least 15% of net offer of shares to the public shall be allocated to Non-Institutional Investors and not more than 50% shall be allocated to Qualified Institution Buyers including allocation of 5% to Mutual Funds.

Please note that the Allotment to each Retail Individual Investor shall not be less than the minimum application lot, subject to availability of Equity Shares in the Retail portion. The remaining available Equity Shares, if any in Retail portion shall be allotted on a proportionate basis to Retail individual Investor in the manner in this chapter titled “*Issue Procedure*” on page no. 221 of this Draft Prospectus.

“Retail Individual Investor” means an investor who applies for shares of value of not more than Rs. 2,00,000. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with the SME Platform of NSE.

BASIS OF ALLOTMENT IN THE EVENT OF UNDER SUBSCRIPTION

In the event of under subscription in the Issue, the obligations of the Underwriter shall get triggered in terms of the Underwriting Agreement. The Minimum subscription of 100% of the Issue size shall be achieved before our company proceeds to get the basis of allotment approved by the Designated Stock Exchange.

The Executive Director/Managing Director of the SME Platform of NSE – the Designated Stock Exchange in addition to Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations, 2018.

Names of entities responsible for finalising the basis of allotment in a fair and proper manner

The authorised employees of the Stock Exchanges, along with the BRLM and the Registrar, shall ensure that the Basis of Allotment is finalised in a fair and proper manner in accordance with the procedure specified in SEBI ICDR Regulations.

Procedure and Time of Schedule for Allotment and Demat Credit

Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall upload the same on its website. On the basis of the approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the Allotment and credit of Equity Shares.

Communications

All future communications in connection with Applications made in this Issue should be addressed to the Registrar to the Issue quoting the full name of the sole or First Applicant, Application Form number, Applicants Depository Account Details, number of Equity Shares applied for, date of Application form, name and address of the Designated Intermediary where the Application was submitted thereof and a copy of the acknowledgement slip.

Investors can contact the Compliance Officer or the Registrar to the Issue in case of any pre Issue or post Issue related problems such as non-receipt of letters of allotment, credit of allotted shares in the respective beneficiary accounts, etc.

Disposal of Application and Application Moneys and Interest in Case of Delay

The Company shall ensure the dispatch of Allotment advice, and give benefit to the beneficiary account with Depository Participants and submit the documents pertaining to the Allotment to the Stock Exchange within 2 (two) working days of date of Allotment of Equity Shares.

The Company shall use best efforts to ensure that all steps for completion of the necessary formalities for listing and commencement of trading at SME Platform of NSE where the Equity Shares are proposed to be listed are taken within 6 (Six) working days from Issue Closing Date.

In accordance with the Companies Act, the requirements of the Stock Exchange and the SEBI Regulations, the Company further undertakes that:

1. Allotment and Listing of Equity Shares shall be made within 6 (Six) days of the Issue Closing Date;
2. The Company will provide adequate funds required for dispatch of Allotment Advice to the Registrar to the Issue.

The Issuer shall allot the equity shares offered to the public within the period prescribed by the Board. The Issuer may pay interest at the rate of 15% per annum in case demat credits are not made to Bidders or instructions for unblocking of funds in the ASBA Account are not dispatched within the 6 Working days of the Bid/ Offer Closing Date.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 ("FEMA"). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India ("RBI") and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP").

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment ("FDI") through press notes and press releases. The DIPP, has issued consolidated FDI Policy Circular of 2017 ("FDI Policy 2017"), with effect from April 28, 2017 later amended in January 2018, which consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2017 with amendments in January 2018 will be valid until the DIPP issues an updated circular.

The RBI also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated July 01, 2015 as updated from time to time by RBI. In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Circular. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR. In case of investment in sectors through Government Route, approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2017 and as amended in January 2018 has to be obtained.

The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP / RBI, from time to time.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2017 and amendments from time to time thereupon, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule 1, 2, 3, 6, 7, 8, 9, 10 and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations, 2017. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral /statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted

basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as "Capital Instruments") of a listed Indian company on a recognized stock exchange in India by Non- Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2017. The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2017 and amendments in January 2018, schedule 4 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations – Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non- repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.
