INTERNAL RISK FACTORS

The below mentioned risks are top 10 risk factors as per the Prospectus:

- Our business is dependent of few of our customers who contribute majority of our revenues from operations. Any loss of business from them may adversely affect our revenues and profitability.
- Any failure to comply with the provisions of the contracts entered with our customer, could have an adverse effect on our business, financial conditions and results of our operations.
- We are involved in certain legal proceedings which are pending at different levels of adjudication before various courts, tribunals, enquiry officers, and appellate authorities.
- If we fail to innovate in response to changing customer needs and adopt and develop new technologies, or adapt to evolving industry standards, our business, financial condition, and results of operations could be adversely affected.
- Our success depends upon our ability to develop new products and services and enhance our existing products and services.
- If our software products and services do not gain market acceptance, our operating results may be negatively affected.
- Our international sales and operations subject us to additional risks that can adversely affect our results of operations.
- Product development is a long, expensive and uncertain process and our current expenditure in research and development may not provide a sufficient or timely return.
- The business practices of our customers with respect to the collection, use and management of personal information could give rise to operational interruption, liabilities or reputational harm as a result of governmental regulation, legal requirements or industry standards relating to consumer privacy and data protection.
- The restated financial statements have been provided by peer reviewed chartered accountants who is not statutory auditor of our Company.
