RISKS IN RELATION TO THE FIRST OFFER – This being the first Public Offer of our Company, there has been no formal market for the Equity Shares. The face value of the Equity Shares is ₹10/- each and the Offer Price is 9.0 times of the face value of the Equity Shares. The Offer Price (determined and justified by our Company in consultation with the Lead Manager as stated in “Basis for Offer Price” on page 75 of this Draft Prospectus) should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of the contents of this Draft Prospectus. Specific attention of the investors is invited to “Risk Factors” on page 23 of this Draft Prospectus.

ISSUER'S AND SELLING SHAREHOLDERS' ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Draft Prospectus contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Draft Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Draft Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect. Selling Shareholders, severally and not jointly, accepts responsibility for and confirms only the statements expressly made by such Selling Shareholders in this Draft Prospectus solely in relation to itself and its respective portion of the Offered Shares, and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect.

LISTING

CURRENCY AND UNITS OF PRESENTATION

All references to "Rupees", "Rs." or "₹" are to Indian Rupees, the official currency of the Republic of India. All references to "US\$" or "US Dollars" or "USD" are to United States Dollars, the official currency of the United States of America, EURO or "€" are Euro currency.

All references to the word 'Lakh' or 'Lac', means 'One hundred thousand' and the word 'Million' means 'Ten Lakhs' and the word 'Crore' means 'Ten Million' and the word 'Billion' means 'One thousand Million'.

In this Draft Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Restated Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

This Draft Prospectus may contain conversions of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

DEFINITIONS

For definitions, please refer the chapter titled “*Definitions and Abbreviations*” beginning on page 1 of this Draft Prospectus. In the section titled “*Main Provisions of the Articles of Association*” beginning on page 207 of this Draft Prospectus, defined terms have the meaning given to such terms in the Articles of Association.

INDUSTRY AND MARKET DATA

Unless stated otherwise, the industry and market data and forecasts used throughout this Draft Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Further, the extent to which the industry and market data presented in this Draft Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD LOOKING STATEMENTS

All statements contained in this Draft Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Draft Prospectus regarding matters that are not historical facts. Investors can generally identify forward-looking statements by the use of terminology such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “may”, “will”, “will continue”, “will pursue”, “contemplate”, “future”, “goal”, “propose”, “will likely result”, “will seek to” or other words or phrases of similar import. All forward looking statements (whether made by us or any third party) are predictions and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

Further the actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industries in India in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and overseas which have an impact on our business activities or investments, the monetary and fiscal policies of India and other jurisdictions in which we operate, inflation, deflation, unanticipated volatility in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in our industry and incidence of any natural calamities and/or acts of violence. Other important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- Changes in laws and regulations relating to the sectors/areas in which we operate;
- Inability to identify the new premises may adversely affect the operations, finances and profitability of the Company;
- Inability to identify or effectively respond to customer needs, expectations or trends in a timely manner;
- Our ability to successfully implement our growth strategy and expansion plans, and to successfully launch and implement various projects;
- Our failure to keep pace with rapid changes in technology;
- Our ability to meet our further capital expenditure requirements;
- Fluctuations in operating costs;
- Our ability to attract and retain qualified personnel;
- Conflict of Interest with affiliated companies, the promoter group and other related parties;
- Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries;
- Volatility of loan interest rates and inflation;
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Changes in government policies and regulatory actions that apply to or affect our business;
- Our inability to maintain or enhance our brand recognition;

- Inability to protect our IP or any third-party claims in relation to infringement of our existing intellectual property rights or in future;
- Inability to cater to the evolving consumer preferences, in India and abroad, in the information technology industry;
- Failure to anticipate or successfully adopt and incorporate new technologies in our offerings;
- The occurrence of natural disasters or calamities; and
- Failure to successfully upgrade our service portfolio, from time to time.

For further discussions of factors that could cause our actual results to differ, please refer the section titled “*Risk Factors*” and chapter titled “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 23, 98, and 139 of this Draft Prospectus, respectively.

By their nature, certain market risk disclosures are only estimating and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

Forward-looking statements reflect the current views as of the date of this Draft Prospectus and are not a guarantee of future performance.

Neither our Company, our Directors, Selling Shareholders, our Promoters, the Lead Manager nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and Selling Shareholders will ensure that investors in India are informed of material developments from the date of this Prospectus until the time of the grant of listing and trading permission by the Stock Exchange. The Selling Shareholders shall ensure that it will keep the Company and LM informed of all material developments pertaining to its respective portion of the Equity Shares under the Offer for Sale and themselves, as Selling Shareholders from the date of the Prospectus until receipt of final listing and trading approvals by the Stock Exchange for this Offer, that may be material from the context of the Offer.

FINANCING ARRANGEMENTS

There have been no financing arrangements whereby our Promoters, members of the Promoter Group, selling shareholders, our directors and their relatives have financed the purchase by any other person of securities of our Company during a period of six (6) months immediately preceding the date of this Draft Prospectus.

WEIGHTED AVERAGE PRICE OF EQUITY SHARES ACQUIRED BY OUR PROMOTERS AND THE SELLING SHAREHOLDERS

The weighted average cost of acquisition of Equity Shares acquired by our Promoters and the Selling Shareholders in last one (1) year is set forth in the table below:

S. No.	Name of the Promoter	No of Equity Shares held	WACA (in ₹)*
1.	Mr. Keyur Dipakkumar Shah	9,80,000	9.14
2.	Mr. Kunal Arvind Shah	9,80,000	9.14

The weighted average cost of acquisition of Equity Shares by our Promoters have been calculated by taking into account the amount paid by them to acquire and Shares allotted to them divided by number of shares acquired.

**As certified by M/s K S Sanghvi & Co., Chartered Accountants, by way of their certificate dated April 24, 2023.*

AVERAGE COST OF ACQUISITION OF PROMOTERS AND THE SELLING SHAREHOLDERS

The average cost of acquisition of Equity Shares by our Promoters and the Selling Shareholders is set forth in the table below:

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of financial risk. Investors should carefully consider all information in this Draft Prospectus, including the risks described below, before making an investment in our Equity Shares. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition could suffer, the price of the Equity Shares could decline, and you may lose all or part of your investment. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Offer including the merits and risks involved. Investors should consult their tax, financial and legal advisors about particular consequences to them of an investment in the Offer. The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, such financial impact cannot be disclosed in such risk factors. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Any of the following risks, as well as the other risks and uncertainties discussed in this Draft Prospectus, could have a material adverse effect on our business and could cause the trading price of our Equity Shares to decline and you may lose all or part of your investment.

This Draft Prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus. See chapter titled “Forward Looking Statements” beginning on page 16 of this Draft Prospectus.

To obtain a better understanding of our business, you should read this chapter in conjunction with other chapters of this Draft Prospectus, including the chapters titled “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, “Industry Overview” and “Restated Financial Statements” on page 98, 139, 84 and 136 respectively of this Draft Prospectus, together with all other Restated Financial Statements contained in this Draft Prospectus. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus.

Unless otherwise stated, the financial data in this chapter is derived from our Restated Financial Statements for the period ended January 31, 2023 and September 08, 2022 and financial years ended March 31, 2022, 2021 and 2020 as included in “Restated Financial Statements” beginning on 136 of this Draft Prospectus.

MATERIALITY

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- Some events may have material impact quantitatively;
- Some events may have material impact qualitatively instead of quantitatively.
- Some events may not be material individually but may be found material collectively.
- Some events may not be material at present but may be having material impact in future.

BUSINESS RELATED RISKS

- 1. Our revenues from operations are highly dependent on customers located in the United States. Worsening economic conditions or factors that negatively affect the economic conditions of the United States could materially adversely affect our business, financial condition and results of operations.**

For the period ended January 31, 2023 and September 08, 2022 and for the financial years ended March 31, 2022, 2021 and 2020, our external customers located in the United States contributed 85.39%, 88.86%, 88.11%, 100.00% and 100.00% of our revenue from operations, respectively.

Existing and potential competitors to our businesses may increase their focus on the United States market, which could reduce our market share. The concentration of our revenues from operations from the United States heightens our exposure to adverse developments related to competition, as well as economic, political, regulatory and other changes. United States political campaigns and any related transitions may also bring a degree of political and social uncertainty which may cause

capital flows and domestic investment to become more volatile. Adoption of anti-sourcing laws in many countries, including the United States, may also limit the ability of our customers to engage us. Any adverse development that affects the overall economy of the United States or sectors or industries in which our competitors operate, could have a material adverse effect on our business, financial condition and results of operations.

Our reliance on a select group of customers located in the United States may constrain our ability to negotiate our arrangements, which may have an impact on our profit margins and financial performance. The deterioration of the financial condition or business prospects of these customers could reduce their requirement for our services and result in a significant decrease in the revenues we derive from these customers. In addition, we do not have long-term commitments with most of our customers. We cannot assure you that we will be able to maintain historic levels of business from our customers located in the United States, or that we will be able to significantly reduce customer concentration in the future.

2. ***If we fail to attract and retain highly skilled IT professionals, we may not have the necessary resources to properly staff projects, and failure to successfully compete for such IT professionals could materially adversely affect our business, financial condition and results of operations.***

Our success depends largely on the contributions of our IT professionals and our ability to attract and retain qualified IT professionals. We may encounter higher attrition rates in the future. A significant increase in the attrition rate among skilled IT professionals with specialised skills could decrease our operating efficiency and productivity and could lead to a decline in demand for our services. The competition for highly-skilled IT professionals may require us to increase salaries, and we may be unable to pass on these increased costs to our customers. This would increase our operational costs which may adversely affect our business, results of operations and financial condition.

In addition, our ability to maintain and renew existing engagements and obtain new business will depend, in large part, on our ability to attract, train and retain skilled IT professionals, including experienced management IT professionals, which enables us to keep pace with growing demands for outsourcing, evolving industry standards and changing customer preferences. If we are unable to attract and retain the highly skilled IT professionals we need, we may have to forgo projects for lack of resources or be unable to staff projects optimally. Our failure to attract, train and retain IT professionals with the qualifications necessary to fulfil the needs of our existing and future customers or to assimilate new IT professionals successfully could materially adversely affect our business, financial condition and results of operations. Moreover, we may be unable to manage knowledge developed internally, which may be lost in the event of our inability to retain employees.

Our business is people driven and, accordingly, our success depends upon our ability to attract, develop, motivate, retain and effectively utilise highly-skilled IT professionals. We believe that there is significant competition for IT professionals in India and that such competition is likely to continue for the foreseeable future. Increased hiring by technology companies and increasing worldwide competition for skilled IT professionals may lead to a shortage in the availability of suitable personnel in the locations where we operate and hire. Failure to hire, train and retain IT professionals in sufficient numbers could have a material adverse effect on our business, results of operations and financial condition. Companies engaged in the technology industry are required to provide a greater deal of employee satisfaction and morale through providing professional incentives and enable digital maturity through collaborative support from the workforce. We compete for such talented individuals not only with other companies in our industry but also with companies in other industries, such as software services, engineering services, financial services and technology generally, among others. High attrition rates of IT professionals would increase our hiring, reskilling, upskilling and training costs and could have an adverse effect on our ability to complete existing contracts in a timely manner, meet customer objectives and expand our business.

3. ***The current and continuing effect of the COVID-19 pandemic on our business, results of operations, operations and financial condition is highly uncertain and cannot be predicted.***

An outbreak of COVID-19 was recognized as a pandemic by the WHO on March 11, 2020. In response to the COVID-19 outbreak, the governments of many countries, including India, have taken preventive or protective actions such as imposing country-wide lockdowns, as well as restrictions on travel and business operations. Since May 2020 many of these measures have been lifted. We proactively engaged with our clients to reassure them and to demonstrate our commitment to restart our operations and to build confidence in the safety protocols deployed at our office. If we do not respond appropriately to the pandemic, or if customers do not perceive our response to be adequate, we could suffer damage to our reputation and our brand, which could adversely affect our business in the future.

Further, the lockdown was again imposed by the government in some parts of India during April 2021, which was partially relaxed in June 2021, during this lockdown although we have continued with our business, the execution of our business operations was delayed by few weeks. We cannot predict the degree to, or the time period over, which our business will be affected by the COVID-19 outbreak. For example, this pandemic could necessitate further lockdowns, resulting insignificant additional effects on our revenue, financial condition and results of operations. There are numerous

uncertainties associated with the COVID-19 outbreak, including the number of individuals who will become infected, availability of a vaccine or a cure that mitigates the effect of the virus, the extent of the protective and preventative measures imposed by governments and whether the virus' impact will be seasonal, among others. Consequently, there may be adverse effects of this pandemic on our short-term business operations and our financial results may be impacted.

4. *We are dependent on our top 5 customers for our revenues. Further we do not have any long-term commitments from customers and any failure to continue our existing arrangements could adversely affect our business and results of operations.*

The substantial portion of our revenue is significantly dependent on only top 5 key customers. For instance, our top five customers for the period ended January 31, 2023 accounted for 83.76 % and for September 08, 2022, and financial years ended March 31, 2022, March 31, 2021 and March 31, 2020 accounted for 100.00% each of our revenue from operations. Our reliance on a limited number of customers for our business exposes us to risks, that may include, but are not limited to, reductions, delays or cancellation of orders from our key customers, a failure to negotiate favourable terms with our key customers or the loss of these customers, all of which would have a material adverse effect on the business, financial condition, results of operations, cash flows and future prospects of our Company. We presently do not have any long-term or exclusive arrangements with any of our customers and we cannot assure you that we will be able to sell the services we have historically given to such customers. There can also be no assurance that our customers will place their orders with us on current or similar terms, or at all. Although our Company maintains long-term relationship with our major customers, there can be no assurance that we will continue to maintain such relationship with our customers. Our inability to maintain our existing customer network could have a negative impact on our sales, business growth prospects, result in slowdown of operation, financial conditions and cash flows.

5. *We may become liable to our customers and lose customers if we have defects or disruptions in our service. We may also be liable in the event of misuse of our services or platforms.*

We deliver digital technology as a service, and errors or defects in our services, or a failure of our hosting infrastructure, may make our services unavailable to our customers. Any direct damages, expenses, costs, obligations could result in a claim for substantial damages against us, regardless of our responsibility for such failure. Any errors, defects, disruptions in service or other performance problems with our services, whether in connection with the day-to-day operation of our services, upgrades or otherwise, could damage our customers' businesses.

If we have any errors, defects, disruptions in service or other performance problems with our services, our customers could elect not to renew our contract, or delay or withhold payments to us and we could lose future sales. Further, our customers may make claims against us, which could result in an increase in our provision for doubtful accounts, an increase in collection cycles for accounts receivable or litigation costs. We may in the future, experience, misuse of our services or platforms. The occurrence of any such events in the future could lead to user dissatisfaction and discourage the use of our products and services. Such events may also give rise to complaints and actions against us. All these factors could adversely affect our business and results of operation.

6. *Our product and services expose us to numerous risks, including sometimes conflicting legal and regulatory requirements, and violation of these regulations could adversely our business and results of operations.*

We have our major operations in countries outside India also. As we continue to expand internationally, we are subject to compliance of numerous laws and regulations in these countries. In the Fiscal 2020, Fiscal 2021 and Fiscal 2022 and for the period ended January 31, 2023 and September 08, 2022, ₹484.65 Lakhs, ₹449.97 Lakhs, ₹310.31 Lakhs, ₹158.49 Lakhs and ₹137.11 Lakhs of our Company's revenue from operations as per Restated Financial Statements, respectively, was derived from sales outside of India.

Non-compliance with these regulations in the conduct of our business could result in termination of client contracts, fines, penalties, criminal sanctions against us or our officers, disgorgement of profits, prohibitions on doing business and may have an adverse impact on our reputation. Gaps in compliance with these regulations in connection with the performance of our obligations to our clients could also result in exposure to monetary damages, fines and/or criminal prosecution, unfavourable publicity, restrictions on our ability to process information and allegations by our clients that we have not performed our contractual obligations. Many countries also seek to regulate the actions that companies take outside of their respective jurisdictions, subjecting us to multiple and sometimes competing legal frameworks in addition to our home country rules. Due to the varying degree of development of the legal systems of the countries in which we operate, local laws might be insufficient to defend us and preserve our rights. We could also be subject to risks to our reputation and regulatory action on account of any unethical acts by any of our employees, partners or other related individuals. In addition, changes in regulations could increase our costs and could potentially prevent us from delivering our product and services and solutions in a cost-efficient manner.

7. *Our Promoters and directors play key role in our functioning and we heavily rely on his knowledge and experience in operating our business and therefore, it is critical for our business that our Promoters remain associated with us.*

Our success also depends on our key managerial personnel and senior management and our ability to attract and retain them. Any loss of our key person could adversely affect our business, operations and financial condition. The success of our business operations is attributable to our Promoters, Directors and the technical team. We believe that our relation with our Promoters, who have rich experience in the Digital Technology Services Industry, markets, managing customers and handling overall businesses, has enabled us to experience growth and profitability. Our Promoters have been actively involved in the day-to-day operations and management since the incorporation of the Company. Further, our Promoters have not promoted other companies/ firms/ ventures and if they do so, this will divert their attention to the other companies, we may not be able to function as efficiently and profitably as before. We may have to incur additional costs to replace the services of our promoter or we may not be able to do so at all, which could adversely affect our business operations and affect our ability to continue to manage and expand our business.

We also depend significantly on the expertise, experience and continued efforts of our technical team; hence, our performance and success substantially depend on the ability to attract and retain our key employees, including our management team and experienced personnel. There can be no assurance that any member of our senior management or other experienced personnel will not leave us in the future. The lack of or loss of the services of such key persons in the organization could seriously impair our ability to continue to manage and expand our business. Our success is also dependent on our continuous ability to identify, hire, train retain and motivate R&D team, technical team, servicing team and sales and marketing personnel. Competition for personnel in our industry is intense, and the availability of suitable and qualified candidates is limited. If we fail to hire and retain our employees, the loss of their services could harm our business operations and financial condition could be adversely affected.

8. *The Restated Financial Statements have been provided by Peer Reviewed Chartered Accountants who is not Statutory Auditor of our Company.*

The Restated Financial Statements of our Company for the period ended January 31, 2023 and September 08, 2022 and for the financial years ended March 31 2022, 2021, 2020 and has been provided by a Peer Reviewed Chartered Accountant who is not Statutory Auditor of our Company.

9. *We generate a significant portion of our revenues from a small number of customers, and any loss or reduction of business from these customers could reduce our revenues and materially adversely affect our business, financial condition, and results of operations.*

We have derived, and believe that in the foreseeable future we will continue to derive, a significant portion of our revenues from a small number of customers which may not be the same every year.

Our ability to maintain close relationships with these and other major customers is essential to the growth and profitability of our business. However, the volume and nature of work performed for a specific customer is likely to vary from year to year, especially since we are generally not our customers' exclusive IT services provider and we do not have long-term commitments with most of our customers to purchase our services. A major customer in one year may not provide the same level of revenues for us in any subsequent year. The IT services we provide to our customers, and the revenues and net income from those services, may decline or vary as the type and quantity of IT services the customers require changes over time. Furthermore, our reliance on any individual customer for a significant portion of our revenues may give that customer a certain degree of pricing leverage against us when negotiating contracts and terms of service.

In addition, a number of factors other than our performance could cause the loss of or reduction in business or revenues from a customer, and these factors are not predictable. For example, a customer may decide to reduce spending on technology services or sourcing from us due to a challenging economic environment or other factors, both internal and external, relating to its business, may be involved in a litigation or may wind up. Further, factors which are not in our or our customers' control such as the socio-political situation in a particular country or the outbreak of a contagious disease may also impact our business adversely. These factors, among others, may include customers pursuing a corporate restructuring, facing pricing pressure, changing outsourcing strategy, switching to another IT services provider or returning work in-house.

The loss of any of our major customers, or a significant decrease in the volume of work they outsource to us or the price at which we sell our services to them, could materially adversely affect our business, financial condition and results of operations.

10. *Our inability to cater to the evolving consumer preferences, in India and abroad, IT industry may affect our business operations, cash flows and results of operations.*

Consumer preferences are usually cyclical and difficult to predict, and even successful titles remain popular for only limited periods of time, unless refreshed with new application or otherwise enhanced. In order to remain competitive, we must continuously aggregate new applications for our clients or introduce enhancements to our existing applications. The systems, infrastructure and technologies we currently employ may become obsolete or be unable to support our increased size and scale. Even if we are able to maintain, upgrade or replace our existing systems or innovate or customize and develop new technologies and systems, we may not be as quick or efficient as our competitors in upgrading or replacing our systems. We may be unable to devote adequate financial resources or obtain sufficient financing on commercially acceptable terms in time, or at all, which may have a material adverse effect on our business, prospects, results of operation and financial condition.

Our new systems, infrastructure and technologies may not perform satisfactorily, or be used effectively and we may also fail to adapt our products and services to our increased size and scale, customer requirements or emerging trends and industry standards. Further, there is no assurance that we will be able to downsize and scale back our systems and platforms quickly and efficiently enough to reduce unnecessary costs and expenses in the event that user demand falls below our expectations. In addition, to effectively manage our growth, we will also need to continue to improve our operational, financial and management controls, and our reporting systems and procedures.

Continued growth increases the challenges involved in, amongst others, continuous training and development of skilled and competent personnel and employees and developing and improving internal administrative infrastructure. These systems, enhancements and improvements will require significant capital expenditures and management resources. Failure to implement these improvements could adversely affect our ability to manage our growth. Our business and results of operations and cash flows could be negatively impacted if we do not correctly assess consumer preferences in which our products and applications are available.

11. ***Our Company logo “AccelerateBSi” is not registered with Registrar of Trademark; any infringement of our brand name or failure to get it registered may adversely affect our business. Further, any kind of negative publicity or misuse of our brand name could hamper our brand building efforts and our future growth strategy could be adversely affected.***

Our Company has not made any application for registration with the Registrar of Trademark for registration of logo “**AccelerateBSi**”. If we are unable to register the intellectual property in the future in our name or any objection on the same may require us to change our logo and hence may loose on the goodwill created so far. Further, the same may involve costly litigations and penal provisions if some legal consequences arise if someone from outside use our name and logo of the Company. We believe that our future growth and competitiveness would depend on our ability to establish and strengthen our brand. We cannot guarantee that we will be able to make a lasting brand image with our clients and other people in the absence of a logo. Although, we believe that our present systems are adequate to protect our confidential information and intellectual property, there can be no assurance that our intellectual property data, trade secrets or proprietary technology will not be copied, infringed or obtained by third parties. Further, our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. This may lead to litigations and any such litigations could be time consuming and costly and their outcome cannot be guaranteed. Our Company may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property, which may adversely affect our business, financial condition and results of operations.

12. ***Our Company had negative cash flows in the past years, details of which are given below. Sustained negative cash flow could impact our growth and business.***

As per our Restated Financial Statements, our cash flows from operating, investing and financing activities are as set out below:

(Rs. in Lakhs)

Particulars	For the period January 31, 2023	For the period September 08, 2022	For the Financial Year ended		
			2022	2021	2020
Net Cash Generated from Operating Activities	45.53	17.94	15.65	104.66	88.81
Net Cash Generated from Investing Activities	55.90	(27.37)	(7.64)	(53.60)	(2.65)
Net Cash Generated from Financing Activities	29.41	(10.12)	1.57	30.88	(90.14)

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources.

If our Company is not able to generate sufficient cash flows, it may adversely affect our business and financial operations.

For details, please see chapter titled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 139 of this Draft Prospectus.

13. *We operate in a rapidly evolving industry, which makes it difficult to evaluate our future prospects and may increase the risk that we will not continue to be successful. If we are not successful, it could materially adversely affect our business, reputation and cash flows.*

The technology services industry is competitive and continuously evolving, subject to rapidly changing demands and constant technological developments. As a result, success and performance metrics are difficult to predict and measure in our industry. Because services and technologies are rapidly evolving and each company within the industry can vary greatly in terms of the services it provides, its business model, and its results of operations, it can be difficult to predict how any company’s services, including ours, will be received in the market. While businesses have been incurring significant expenditure in the past to adopt emerging technologies and related technological trends, there can be no assurance that they will continue to do so in the future.

Our revenues, operating results and profitability have varied in the past and are likely to vary in the future. Factors that are likely to cause these variations include:

- the number, timing, scope and contractual terms of IT projects in which we are engaged;
- delays in project commencement or staffing delays due to difficulty in assigning appropriately skilled or experienced IT professionals;
- the accuracy of estimates of resources, time and fees required to complete fixed-price projects and costs incurred in the performance of each project;
- changes in pricing in response to customer demand and competitive pressures;
- changes in the allocation of onsite and offshore staffing;
- the business decisions of our customers regarding the use of our services;
- the ability to further grow revenues from existing customers;
- the available leadership and senior technical resources compared to junior engineering resources staffed on each project;
- seasonal trends, primarily our hiring cycle and the budget and work cycles of our customers;
- delays or difficulties in expanding our operational facilities or infrastructure;
- the ratio of fixed-price contracts to time-and-materials contracts in process;
- employee wage levels and increases in compensation costs, including timing of promotions and annual pay increases;
- unexpected changes in the utilisation rate of our IT professionals;
- unanticipated contract or project terminations;
- the timing of collection of accounts receivable;
- the continuing financial stability of our customers; and
- general economic conditions

Our future profits may vary substantially from those of other companies and those we have achieved in the past. One or any combination of the above factors may cause our customers’ demand for our services to decline as a result of which our business may suffer and our results of operations and financial condition may be adversely affected.

14. *Our existing international operations and our plans to expand into additional overseas markets subject us to various business, economic, political, regulatory and legal risks.*

We supply our digital technology services in overseas markets of United States of America mostly. The revenues from exports aggregated to ₹137.11 Lakhs, ₹158.49 Lakhs, ₹310.31 Lakhs, ₹449.97 Lakhs and ₹484.65 Lakhs for the period ended January 31, 2023 and September 08, 2022 and for Fiscal 2022, 2021 and 2020, respectively and as a percentage of our revenue from operations, were 85.39%, 88.86%, 88.10%, 100.00% and 100.00%, respectively. Although we have not experienced such downward fluctuations in our revenues on a regular basis, there can be no assurance that fluctuations on account of unfavourable market conditions shall not occur in the future. Any such fluctuations, if they occur, may adversely affect our profitability, results of operations and financial condition.

15. *We face strong competition from onshore and offshore IT services companies, and increased competition, our inability to compete successfully against competitors, pricing pressures or loss of market share could materially adversely affect our business, financial condition and results of operations.*

The market for IT services that we operate in is highly competitive, and we expect competition to persist and intensify. We believe that the principal competitive factors in our markets are reputation and track record, industry expertise, breadth and

depth of service offerings, quality of the services offered, language, marketing and selling skills, scalability of infrastructure, ability to address customers' timing requirements and price.

We face competition from offshore IT services providers in emerging outsourcing destinations with low wage costs or with a more favourable time zone for US customers as well as competition from large, global consulting and outsourcing firms and in-house IT departments of large corporations. Customers tend to engage multiple IT services providers instead of using an exclusive IT services provider, which could reduce our revenues to the extent that customers obtain services from other competing IT services providers. Customers may prefer IT services providers that have more locations or that are based in countries more cost-competitive or in a more favourable time zone than India.

Our ability to compete successfully also depends in part on a number of factors beyond our control, including the ability of our competitors to recruit and retain highly-skilled IT professionals, the price at which our competitors offer comparable services and our competitors' responsiveness to customer needs. Some of our present and potential competitors may have substantially greater financial, marketing or technical resources. If our competitors develop and implement methodologies that yield greater efficiency and productivity, they may be able to offer similar services at lower prices than we do without adversely affecting their profit margins. Our current and potential competitors may also be able to respond more quickly to new technologies or processes and changes in customer demands; may be able to devote greater resources towards the development, promotion and sale of their services than we can; and may also make strategic acquisitions or establish cooperative relationships among themselves or with third parties that increase their ability to address the needs of our customers. Buying patterns may change if customers become more price sensitive and accepting of low-cost suppliers. Therefore, we cannot assure you that we will be able to retain our customers while competing against such competitors. Increased competition, our inability to compete successfully, pricing pressures or loss of market share could have a material adverse effect on our business, financial condition and results of operations.

16. *We utilize the services of certain consultants for some of our operations. Any deficiency or interruption in their services could adversely affect our business operations and reputation.*

We engage third party consultants from time-to-time for certain of our services and development of our products and software. Our ability to control the manner in which services are provided by third party consultants is limited and we may be liable legally or suffer reputational damage on account of any deficiency of services on part of such consultants. We cannot assure you that we will be successful in continuing to receive uninterrupted and quality services from our third-party consultants. Any disruption or inefficiency in the services provided by our third-party consultants could interrupt our business operations and damage our reputation.

17. *Undetected software design defects, errors or failures may result in loss of or delay in market acceptance of our services or in liabilities that could materially adversely affect our business, financial condition and results of operations.*

Our software development solutions involve a high degree of technological complexity and have unique specifications which could contain design defects or software errors such as errors in coding or configuration that are difficult to detect and correct. Errors or defects may result in the loss of current customers and loss of, or delay in, revenues, loss of market share, loss of customer data, a failure to attract new customers or achieve market acceptance, diversion of development resources and increased support or service costs. We cannot assure you that, despite testing by us and our customers, errors will not be found in new software product development solutions, which could result in litigation and other claims for damages against us and thus could materially adversely affect our business, financial condition and results of operations.

18. *Our Registered Office and branch office is not owned by us. In the event we lose such rights, our business, financial condition and results of operations and cash flows could be adversely affected.*

Our Registered office situated at Office 604, Quantum Tower, Rambaug Lane, Off S.V. Road, Malad West, Mumbai – 400 064, Maharashtra, India is not owned by us and is taken on Leave & License basis from our promoters for a period of 11 months commencing from September 09, 2022 and expiring on August 08, 2023. Further our branch office is situated at A-206, Safal Pegasus, 100 Feet Anand Nagar Road, Prahalad Nagar, Ahmedabad – 380 015, Gujarat, India is not owned by us and is taken on Lease basis from our promoters for a period of 11 months commencing from October 01, 2022 and expiring on August 31, 2023. Further, we cannot assure you that we will be able to continue the above arrangement on commercially acceptable / favourable terms in future. For further details, see section “*Our Business*” beginning on page 84 of this Draft Prospectus. If we are required to vacate the current premisses, we would be required to make alternative arrangements for new offices and other infrastructure, and we cannot assure that the new arrangements will be on commercially acceptable/favourable terms. If we are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition.

19. *We require working capital for our smooth day-to-day operations of business and any discontinuance or our inability to acquire adequate working capital timely and on favourable terms may have an adverse effect on our operations, profitability and growth prospects.*

Our business demands working capital requirements. In case there are insufficient cash flows to meet our working capital requirement or we are unable to arrange the same from other sources or there are delays in disbursement of arranged funds, or we are unable to procure funds on favourable terms, it may result into our inability to finance our working capital needs on a timely basis which may have an adverse effect on our operations, profitability and growth prospects.

The details of our Company's working capital are derived from Restated Financial Statements are provided in the table below:

20. *We incorporate third-party open-source software into our customer deliverables and our failure to comply with the terms of the underlying open-source software licenses could adversely impact our customers and create potential liability on us.*

Our customer deliverables may contain software licensed by third parties under so-called "open source" licenses. From time to time, there have been claims against companies including our Company that distribute or use open-source software in their products and services, asserting that such open-source software infringes the claimants' intellectual property rights. Our customers could be subject to suits by third parties claiming that what we believe to be licensed open-source software infringes such third parties' intellectual property rights, and we are generally required to contractually indemnify our customers against such claims. Certain customers require us to obtain their consent before we use open-source software in the services we provide them and there can be no assurance that such consents will be forthcoming.

Use of open-source software may entail greater risks than use of third-party commercial software, as open-source licensors generally do not provide warranties or other contractual protections regarding infringement claims or the quality of the code. In addition, certain open-source licenses require that source code for software programs that are subject to the license be made available to the public and that any modifications or derivative works to such open-source software continue to be licensed under the same terms.

Although we monitor our use of open source software in an effort both to comply with the terms of the applicable open source licenses and to avoid subjecting our customer deliverables to conditions we do not intend, the terms of many open source licenses have not been interpreted by courts in relevant jurisdictions, and there is a risk that these licenses could be construed in a way that could impose unanticipated conditions or restrictions on our customers' ability to use the software that we develop for them and operate their businesses as they intend. The terms of certain open-source licenses may require us or our customers to release the source code of the software we develop for our customers and to make such software available under the applicable open-source licenses. In the event that portions of customer deliverables are determined to be subject to an open-source license, we or our customers could be required to publicly release the affected portions of source code or re-engineer all, or a portion of, the applicable software. Disclosing our proprietary source code could allow our customers' competitors to create similar products with lower development effort and time and ultimately could result in a loss of sales for our customers. Any of these events could create liability for us to our customers and damage our reputation, which could have a material adverse effect on our revenue, business, results of operations and financial condition and the market price of our Equity Shares.

21. Any adverse change in regulations governing our business and business of our clients, may adversely impact our business prospects and results of operations.

Government regulations and policies of India can affect the demand for, expenses related to and availability of our services. We expect to incur costs for compliance with such laws and regulations. Any changes in government regulations and policies, such as the withdrawal of or changes in tax benefits or incentives and subsidies, could adversely affect our business and results of operations. Further, regulatory requirements with respect to our services and those governing our clients are subject to change. An adverse change in the regulations, including the development of licensing requirements and technical standards and specifications or the imposition of onerous requirements, may have an adverse impact on our operations. Accordingly, our Company may be required to alter processes and target markets and incur capital expenditure to achieve compliance with such new regulatory requirements applicable to us and our clients. We cannot assure you that we will be able to comply with the regulatory requirements. If we fail to comply with new statutory or regulatory requirements, there could be a delay or interruptions in the operation of our delivery centres. Moreover, if we fail to comply with the various conditions attached to such approvals, licenses, registrations and permissions once received, the relevant regulatory body may suspend, curtail or revoke or we may be deemed to be in breach of our arrangements with our clients.

Consequently, there is an inherent risk that we may inadvertently fail to comply with such regulations, which could lead to enforced shutdowns and other sanctions imposed by the relevant authorities, as well as the withholding or delay in receipt of regulatory approvals for our new studies, which may adversely impact our business, results of operations, cash flows, financial condition and/or reputation.

22. Failure to offer client support in a timely and effective manner may adversely affect our relationships with our clients.

From time to time, our clients require our support teams to assist them in using our product and services effectively, help them in resolving post-deployment issues quickly and in providing ongoing support. If we do not devote sufficient resources or are otherwise unsuccessful in assisting our clients effectively in a timely manner or at all, it could adversely affect our ability to retain existing clients and could prevent prospective clients from adopting our product and services. We may be unable to respond quickly enough to accommodate short-term increases in demand for client support. We also may be unable to modify the nature, scope and delivery of our client support to compete with changes in the support services provided by our competitors. Increased demand for client support, without corresponding revenue, could increase costs and adversely affect our reputation, business, results of operations and financial condition. Any failure to maintain high-quality client support, or a market perception that we do not maintain high-quality client support, could adversely affect our reputation, business, results of operations and financial condition.

23. We use third-party software, hardware and Software-As-A-Service (SaaS), technologies from third parties that may be difficult to replace or that may cause errors or defects in, or failures of, the services or solutions we provide.

We rely on software and hardware from various third parties to deliver our services and solutions, as well as hosted SaaS applications from third parties. If any of these software, hardware or SaaS applications become unavailable due to extended outages, interruptions or because they are no longer available on commercially reasonable terms, it could result in delays in the provisioning of our services until equivalent technology is either developed by us, or, if available, is identified, obtained and integrated, which could increase our expenses or otherwise harm our business. Further, the third-party service providers may face closure, financial difficulty or be involved in major litigation, which may affect our access to their software and technologies. If we lose the licenses which permit us to use such software, they may be difficult to replace and it may be costly to do so. In addition, any errors or defects in or failures of this third-party software, hardware or SaaS applications could result in errors or defects in or failures of our services and solutions, which could harm our business and be costly to correct. Further, we are liable to our customers for any loss faced by them due to our use of these third-party software and technologies. Many of these providers attempt to impose limitations on their liability for such errors, defects or failures, and if enforceable, we may have additional liability to our customers or third-party providers that could harm our reputation and increase our operating costs.

24. If we are not successful in managing increasingly large and complex projects, we may not achieve our financial goals and our results of operations could be materially adversely affected.

To successfully market our service offerings and obtain larger and more complex projects, we need to establish close relationships with our customers and develop a thorough understanding of their operations. In addition, we may face a number of challenges managing larger and more complex projects, including:

- maintaining high-quality control and process execution standards;
- maintaining planned resource utilisation rates on a consistent basis;
- maintaining productivity levels and implementing necessary process improvements;

- controlling costs; and
- maintaining close customer contact and high levels of customer satisfaction.

Our ability to successfully manage large and complex projects depends significantly on the skills of our management personnel and IT professionals, some of whom do not have experience managing large-scale or complex projects. In addition, large and complex projects may involve multiple engagements or stages, and there is a risk that a customer may choose not to retain us for additional stages or may cancel or delay additional planned engagements. Such cancellations or delays may make it difficult to plan our project resource requirements. If we fail to successfully obtain engagements for large and complex projects, we may not achieve our revenue growth and other financial goals. Even if we are successful in obtaining such engagements, a failure by us to effectively manage these large and complex projects could damage our reputation, cause us to lose business, impact our margins and materially adversely affect our business, financial condition and results of operations.

25. *Our inability to obtain, renew or maintain our statutory and regulatory permits and approvals required to operate our business may have a material adverse effect on our business, financial condition and results of operations.*

We will be required to renew permits and approvals in relation to our existing operations and obtain new permits and approvals for any proposed operations as may be required under the applicable laws of the sector or region that we are operating in. There can be no surety that we will be able to obtain all the permits or approvals in the time-frame anticipated by us or at all. Our failure to renew, maintain or obtain the required permits or approvals in a timely manner, may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations. Compliance with many of the regulations applicable to our operations may involve incurring costs and otherwise may impose restrictions on our operations. Previously, we were a Partnership firm in the name of “Accelerate Business Solutions” after complying with the relevant provisions and procedures of Companies Act 2013, the firm was converted into Private limited company followed by the incorporation of the company to “AccelerateBS India Private Limited” and thereafter converted into Limited Company in the name of “AccelerateBS India Limited”. There are some of the approvals which are in the previous name, we are taking necessary steps for transferring the same in the new name of our company. In case we fail to transfer/obtain the same in the name of our company same may adversely affect our business or we may not be able to carry our business. We cannot assure you that we will not be subject to any adverse regulatory action in the future. If the interpretation of the regulators and authorities varies from our interpretation, we may be subject to penalties and the business of our Company could be adversely affected. If we fail to obtain or retain any of these approvals or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims we have not complied, with any of the terms and conditions stipulated under any of our licenses or permits, one or several of our licenses and certificates may be suspended or cancelled and we shall not be able to carry on the activities permitted thereunder. For further information, see “*Government and Other Statutory Approvals*” beginning on page 161 of this Draft Prospectus.

26. *Interruptions or performance problems associated with our technology and infrastructure may harm our business and results of operations.*

Our continued growth depends in part on the ability of our existing and potential customers to access our solutions at any time. Although there have not been instances in the past where interruptions or problems with our technology and infrastructure have caused performance issues, we may in future experience disruptions, data loss, outages and other performance problems with our technology infrastructure due to a variety of factors, including infrastructure changes, introductions of new functionality, human or software errors, capacity constraints, denial of service attacks or other security-related incidents. In some instances, we may not be able to identify the cause or causes of these performance problems within an acceptable period of time. It may become increasingly difficult to maintain and improve our performance, especially during peak usage times and as our products and websites of our customers become more complex and user traffic increases. If our products and websites of our customers are unavailable or if users of such products and websites are unable to access products and websites within a reasonable amount of time, or at all, our business would also be harmed. Any disruptions in these services, including as a result of actions outside of our control, would significantly impact the continued performance of our products. Any loss of the right to use any of these services could result in decreased functionality of our products until equivalent technology is either developed by us or, if available from another provider, is identified, obtained and integrated into our infrastructure. To the extent that we do not effectively address capacity constraints, upgrade our systems as needed, and continually develop our technology and network architecture to accommodate actual and anticipated changes in technology, our business, results of operations and financial condition could be harmed.

27. *We have been recently incorporated the company and any non-compliance with the provisions of Companies Act, 2013 may attract penalties against our Company which could impact our financial and operational performance and reputation.*

Our Company has been incorporated under Companies Act, 2013 on September 09, 2022 pursuant to conversion of Erstwhile Partnership firm “Accelerate Business Solutions” of our Promoters. Prior to conversion, the provisions of the Companies Act were not applicable to the Partnership firm. Though our Company will endeavour to take all possible steps comply with the provisions of the Companies Act, but in case of our inability to do so or in case of any delay, we may be subject to penal action from the appropriate authorities which may have an adverse effect on our financial and operational performance and reputation.

Further, we have filed the DIR - 12 form with respect to appointment of Ms. Poonam Dinesh Yadav as Company Secretary of our Company, her name is reflecting and as well as name of other Company Secretary “Lokesh Maria” is getting reflected under the master data of the MCA portal of our Company due to some technical glitches/error, whom we do not know. We have also raised ticket with MCA vide no. FO_20230508797722 and we are taking all necessary steps to get resolve.

Further, we had filed Form DIR-12 for appointment & change in designation of Ms. Ishani Kunal Shah, still her name is showing twice in the MCA master data One as Additional Director and one has Director. We have also raised ticket with MCA vide no. FO_20230508797408 and we are taking all necessary steps to get resolve.

- 28. *Failure to perform or observe any contractual obligations could result in cancellation or non-renewal of a contract, which could cause us to experience a higher-than-expected number of unassigned employees and an increase in our expenses as a percentage of revenues, until we are able to reduce or reallocate our headcount and may adversely affect our business, results of operations and financial condition.***

The ability of our customers to terminate agreements makes our future revenues from operations uncertain. We may not be able to honour certain contractual obligations due to lack of manpower, which could lead to termination of agreements and further, we may not be able to replace any customer that elects to terminate or not renew its contract with us, or renew a contract with us on unfavourable terms, which could materially adversely affect our business, financial condition and results of operations.

For example, some of our customer agreements require us to maintain insurances including workers’ compensation insurance, professional liability insurance and commercial general liability insurance throughout the term of such agreements, in addition to maintaining testing facilities and round-the-clock IT infrastructure support. Some of our customer contracts also require us to have non-solicitation and limited exclusivity arrangements. In addition, some of our customer agreements specify that if a change of control of our company occurs during the term of the agreement, the customer has the right to terminate the agreement. If we fail to comply with such contractual obligations in the future, our customers may terminate agreements with us. If any future event triggers any change of control provision in our customer contracts, these master services agreements may be terminated, which would result in loss of business and revenues.

- 29. *We have in the past experienced, and may in the future experience, a long selling and implementation cycle with respect to certain projects that require us to make significant resource commitments prior to realising revenue for our services.***

We have experienced, and may in the future experience, a long selling cycle with respect to certain projects that require significant investment of human resources and time by both our customers and us. Before committing to use our services, potential customers may require us to expend substantial time and resources educating them on the value of our services and our ability to meet their requirements. Therefore, our selling cycle is subject to many risks and delays over which we have little or no control, including our customers’ decision to choose alternatives to our services (such as other technology and IT service providers or in-house resources) and the timing of our customers’ budget cycles and approval processes. If our sales cycle unexpectedly lengthens for one or more projects, it would negatively affect the timing of our revenue and hinder our revenue growth. For certain customers, we may begin work and incur costs prior to executing the contract. A delay in our ability to obtain a signed agreement or other persuasive evidence of an arrangement, or to complete certain contract requirements in a particular quarter, could reduce our revenue in that quarter or render us entirely unable to collect payment for work already performed.

Implementing our services also involves a significant commitment of resources over an extended period of time from both our customers and us. Our customers may experience delays in obtaining internal approvals or delays associated with technology, thereby further delaying the implementation process. Our current and future customers may not be willing or able to invest the time and resources necessary to implement our services, and we may fail to close sales with potential customers to whom we have devoted significant time and resources. Any significant failure to generate revenue or delays in recognising revenue after incurring costs related to our sales or services process could materially adversely affect our business.

- 30. *Significant disruptions in our information technology systems or breaches of data security could adversely affect our business and reputation.***

We may also face cyber threats such as: (i) Phishing and Trojans - targeting our customers, wherein fraudsters send unsolicited codes or mails to our customers seeking account sensitive information or to infect customer machines to search and attempt ex-filtration of account sensitive information; (ii) Hacking – wherein attackers seek to hack into our infrastructure with the primary intention of causing reputational damage to us by disrupting services; (iii) Data theft – This can be internal i.e. by someone who has access to data of our Company or external wherein unconnected cyber criminals may attempt to intrude into our network with the intention of stealing our data or information; and (iv) Advanced persistent threat – a network attack in which an unauthorized person gains access to our network and remains undetected for a long period of time. In the event of a significant decline in the demand for our products, our business, results of operations and financial condition may be materially and adversely affected.

Our systems are potentially vulnerable to data security breaches, whether by our employees, or our service providers or others that may expose sensitive data to unauthorized persons. We process and transfer data, including personal information, financial information and other confidential data provided to us by our clients. Although we maintain systems and procedures to prevent unauthorized access and other security breaches, it is possible that unauthorized individuals could improperly access our systems, or improperly obtain or disclose sensitive data that we process or handle. Data security breaches could lead to the loss of intellectual property or could lead to the public exposure of personal information (including sensitive financial and personal information) of our clients' investors or our employees. Any such security breaches or compromises of technology systems could result in institution of legal proceedings and penalties, which may have an adverse effect on our business and reputation.

31. If we are unable to source business opportunities effectively, we may not achieve our financial objectives.

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees and to implement systems capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analyses of market and other data or the strategies we use or plans in future to use will be successful under various market conditions.

32. We are dependent on a number of key managerial personnel and our senior management, and the loss of or our inability to attract or retain such persons with specialized technical know-how could adversely affect our business, results of operations, cash flows and financial condition.

Our performance depends largely on the efforts and abilities of our senior management and other key managerial personnel, including our present officers who have specialized technical know-how. The inputs and experience of our senior management and key managerial personnel are valuable for the development of our business and operations strategy. We cannot assure you that we will be able to retain these employees or find adequate replacements in a timely manner, or at all. Our Company does not maintain any director's and officer's insurance policy. The loss of the services of such persons could have an adverse effect on our business, results of operations, cash flows and financial condition. For further details on the senior management and key managerial personnel of our Company, please refer to the chapter titled "*Our Management*" beginning on page 116 of this Draft Prospectus.

33. We may not be able to recognise revenues in the period in which our product and services are performed, which may cause our margins to fluctuate.

Our product and services are performed under both time-and-material and fixed-price contract arrangements, or a combination of both. Revenue is recognised in accordance with the applicable accounting standards, upon transfer of control of products or services to customers to the extent of an amount that reflects the consideration that we expect to receive in exchange for these products or services. In instances where final acceptance of the system or solution is specified by the customer, revenues are deferred until all acceptance criteria have been met. Our failure to meet all the acceptance criteria, or otherwise meet a customer's expectations, may result in our having to record the cost related to the performance of services in the period that services were rendered, but delay the timing of revenue recognition to a future period in which all acceptance criteria have been met.

34. Our Promoters and Promoter Group will continue to retain significant control in our Company, which will allow them to influence the outcome of matters submitted to shareholders for approval.

As of the date of this Draft Prospectus, our Promoters and Promoter Group hold 100.00% of pre-Offer share capital of our Company. Furthermore, after the completion of this Offer, our Promoters and Promoter Group will control, directly or indirectly our Company and continue to hold substantial percentage of the issued and paid-up equity share capital of

our Company. As a result, our Promoters and Promoter Group will continue to exercise significant control over us, including being able to control the composition of our Board and determine decisions requiring simple or special majority voting of shareholders, and our other shareholders may be unable to affect the outcome of such voting. Our Promoters and Promoter Group may take or block actions with respect to our business which may conflict with the best interests of our Company or that of minority shareholders. We cannot assure you that our Promoters and Promoter Group will exercise their rights as shareholders to the benefit and best interest of our Company.

35. *Our Company has entered into related party transactions in the past and may continue to enter into related party transactions in the future, which may potentially involve conflicts of interest with the equity shareholders.*

Our Company have entered into certain related party transactions with our Promoters and Directors in the past. For details, please see “Annexure X of Restated Financial Statements” under the chapter titled “Restated Financial Statements” beginning on page 136 of this Draft Prospectus. While our Company believes that all such transactions have been conducted on the arm’s length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with unrelated parties. Further, it is likely that we may enter into related party transactions in the future and such transactions may potentially involve conflicts of interest. In terms of the Companies Act, 2013 and SEBI LODR Regulations, we are required to adhere to various compliance requirements such as obtaining prior approvals from our Audit Committee, Board and Shareholders for certain party transactions and our undertakes that such related party transactions shall not be done against the interests of the Company and its shareholders as prescribed in the SEBI LODR Regulations. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations.

36. *In addition to normal remuneration, other benefits and reimbursement of expenses some of our directors (including our Promoter) are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.*

Some of our directors (including our Promoters) are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. We cannot assure you that our directors would always exercise their rights as shareholders to the benefit and best interest of our Company. For further information, see the chapters titled “Our Management” and “Our Promoter and Promoter Group” beginning on page 116 and 130 respectively of this Draft Prospectus and the section titled “Financial Information” beginning on page 136 of this Draft Prospectus.

37. *Our business, results of operations and financial condition could be negatively affected if we incur legal liability, including with respect to our indemnification obligations, in connection with providing our solutions and services.*

If we fail to meet our contractual obligations or otherwise breach obligations to our customers, we could be subject to legal liability. We may enter into non-standard agreements because we perceive an important economic opportunity or because our personnel did not adequately adhere to our guidelines. In addition, the contracting practices of our competitors may cause contract terms and conditions that are unfavourable to us to become standard in the marketplace. If we cannot or do not perform our obligations, we could face legal liability and our contracts might not always protect us adequately through limitations on the scope and/or amount of our potential liability. If we cannot, or do not, meet our contractual obligations to provide solutions and services, and if our exposure is not adequately limited through the terms of our agreements, we might face significant legal liability and our business could be materially adversely affected.

In the normal course of business, we have entered into contractual arrangements through which we may be obligated to indemnify customers or other parties with whom we conduct business with respect to certain matters. These arrangements can include provisions whereby we agree to defend and hold the indemnified party and certain of their affiliates harmless with respect to claims related to matters including our breach of certain representations, warranties or covenants made by us, or out of our intellectual property infringement, our gross negligence or wilful misconduct, and certain other claims. Payments by us under any of these arrangements are generally conditioned on the customer making a claim and providing us with full control over the defence and settlement of such claim. It is not possible to determine the maximum potential amount under these indemnification agreements due to the unique facts and circumstances involved in an agreement, and any claims under these agreements may not be subject to liability limits or exclusion of consequential, indirect or punitive damages. Historically, we have not made payments under these indemnification agreements. However, if events arise requiring us to make payment for indemnification claims under our indemnification obligations in contracts we have entered, such payments could have a material impact on our business, financial condition and results of operations.

38. *Our international sales and operations are subject to many uncertainties and we are exposed to foreign currency exchange rate fluctuations.*

We may be subject to risks inherently associated with international operations, including risks associated with foreign currency exchange rate fluctuations, which may cause volatility in our reported income, and risks associated with the application and imposition of protective legislation and regulations relating to import or export or otherwise resulting from foreign policy or the variability of foreign economic conditions. Any fluctuations in foreign currency exchange rates may have an asymmetric impact on our profits, results of operations and cash flows and consequently on our business condition and profitability. We have not entered into any hedging arrangements to account for any adverse changes to the foreign currency exchange rate.

39. *Our actual results could differ from the estimates and projections used to prepare our financial statements.*

The estimates and projections are based on and reflect our current expectations, assumptions and/ or projections as well as our perception of historical trends and current conditions, as well as other factors that we believe are appropriate and reasonable under the circumstances. There can be no assurance that our expectations, estimates, assumptions and/or projections, including with respect to the future earnings and performance will prove to be correct or that any of our expectations, estimates or projections will be achieved.

40. *Certain agreements may be inadequately stamped or may not have been registered as a result of which our operations may be adversely affected.*

Few of our agreements may not be stamped adequately or registered. The effect of inadequate stamping is that the document is not admissible as evidence in legal proceedings and parties to that agreement may not be able to legally enforce the same, except after paying a penalty for inadequate stamping. The effect of nonregistration, in certain cases, is to make the document inadmissible in legal proceedings. Any potential dispute due to non-compliance of local laws relating to stamp duty and registration may adversely impact the operations of our Company.

41. *Our Company's insurance coverage may not be adequate to protect us against all material hazards which may result in disruptions of operations/monetary loss on account of stoppage of work.*

We maintain general insurance with various covers for our employees and the products and services which we consider adequate. We may not have identified every risk and further may not be insured against every risk because such risks are either uninsurable or not insurable on commercially acceptable terms, including operational risk that may occur and the occurrence of an event that causes losses in excess of the limits specified in our policies, or losses arising from events or risks not covered by insurance policies such as COVID-19 and other pandemics, or due to the same being inadequate, could materially harm our cash flows, financial condition and future results of operations. However, we cannot provide any assurance that our insurance will be sufficient or effective under all circumstances and against all hazards or liabilities to which we may be subject. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at acceptable cost or at all.

42. *If we fail to maintain an effective system of internal controls, we may not be able to successfully manage, or accurately report, our financial risks.*

Effective internal controls are necessary for us to prepare reliable and avoid fraud. Moreover, any internal controls that we may implement, or our level of compliance with such controls, may deteriorate over time, due to evolving business conditions. We cannot assure you that deficiencies in our internal controls will not arise in the future, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls. Any inability on our part to adequately detect, rectify or mitigate any such deficiencies in our internal controls may affect ability to accurately report, or successfully manage, our financial risks, and to avoid fraud, which may in turn adversely affect our business, financial condition or results of operations.

43. *Product development is a long, expensive and uncertain process and our current expenditure in product development may not provide a sufficient or timely return.*

The development of our products is a costly, complex and time-consuming process, and the investment in their development often involves a long wait until a return is achieved on such an investment. We have made, and will continue to make, significant investments in product development and related product opportunities. Investments in new technology and processes are inherently speculative. Commercial success depends on many factors, including the degree of innovation of the software products and services developed and effective distribution and marketing. Such expenditure may adversely affect our operating results if they are not offset by corresponding and timely revenue increases. We must continue to dedicate a significant number of resources to our research and development efforts in order to maintain our competitive position. However, significant revenues from new software product and service investments may not be achieved for a number of years, or at all. Moreover, new software products and services may not be profitable, and even if they are

profitable, operating margins for new software products and services may not be in line with the margins we have experienced for our existing or historical software products and services.

Moreover, we may determine that certain products or services do not have sufficient potential to warrant the continued allocation of resources and accordingly, we may elect to terminate the development of such products. If we terminate a product in development in which we have invested significant resources, our prospects may suffer, as we will have expended resources on a project that will not provide any return on our investment and also may have missed the opportunity to have allocated those resources to potentially more productive uses. In turn, this may adversely impact our business, operating results and financial condition.

44. *If security measures implemented by us are compromised or if our products and services are perceived as vulnerable, our operations could be materially adversely affected.*

Our products and services store, retrieve and manage our customers' information and data, external data, as well as our own data. Third parties may identify and exploit product and service vulnerabilities, penetrate or bypass our security measures, and gain unauthorized access to our or our customers', partners' and suppliers' software and cloud offerings, networks and systems, any of which could lead to the compromise of personal information or the confidential information or our data or that of our customers. Data may be accessed or modified improperly as a result of customer, partner, employee or supplier error or misconduct and third parties may attempt to fraudulently induce customers, partners, employees or suppliers into disclosing sensitive information such as user names, passwords or other information in order to gain access to our data, our customers', suppliers' or partners' data or our IT systems, customers, suppliers or partners.

High-profile security breaches at companies have increased in recent years, and security industry experts and government officials have warned about the risks of hackers and cyber-attacks targeting IT products and businesses. These risks will increase as we continue to grow our offerings and store and process increasingly large amounts of data, including personal information and our customers' confidential information and data and other external data, especially in customer sectors involving particularly sensitive data such as healthcare, financial services and the government.

Further, as privacy and data protection become more sensitive issues in India, we may also become exposed to potential liabilities. For instance, under the Information Technology Act, 2000, as amended, we are subject to civil liability for wrongful loss or gain arising from any negligence by us in implementing and maintaining reasonable security practices and procedures with respect to sensitive personal data or information on our computer systems, networks, databases and software. India has also implemented privacy laws, including the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011, which impose limitations and restrictions on the collection, use and disclosure of personal information. Any systems failure or security breach or lapse on our part or on the part of our employees that results in the release of user data could harm our reputation and brand and, consequently, our business, in addition to exposing us to potential legal liability.

We could suffer significant damage to our brand and reputation if a cyber-attack or other security incident were to allow unauthorized access to or modification of our customers' or suppliers' data, other external data, or our own data or our IT systems or if the services we provide to our customers were disrupted, or if our products or services are perceived as having security vulnerabilities. Customers could lose confidence in the security and reliability of our products and services, and this could lead to fewer customers using our products and services and result in reduced revenue and earnings. The costs we may incur to address and fix these security incidents would increase our expenses. These types of security incidents could also lead to breach of contracts with customers, lawsuits, regulatory investigations and claims and increased legal liability, including contractual costs related to customer notification and fraud monitoring, all of which could materially adversely affect us

45. *The proper functioning of our solutions may be impaired by fraudulent or malicious activity, including non-human traffic.*

It is possible that fraudulent or malicious activity, including non-human traffic, could impair the proper functioning of our solutions. For instance, the use of bots or other automated or manual mechanisms could adversely affect the performance of our services and solutions. It may be difficult to detect fraudulent or malicious activity, particularly because the perpetrators of such activity may have significant resources at their disposal, may frequently change their tactics and may become more sophisticated, requiring us to update, upgrade and improve our processes for detecting and controlling such activity. Such fraudulent or malicious activity could result in negative publicity and reputational harm and require significant additional management time and attention. Further, if we fail to detect or prevent fraudulent or malicious activity in a timely manner, or at all, our customers may experience or perceive a reduced return on their investment or heightened risk associated with the use of our products and services, resulting in refusals to pay, demands for refunds, loss of confidence, withdrawal of future business and potential legal claims.

46. *Our client's proprietary rights may be misappropriated by our employees in violation of applicable confidentiality and non-disclosure agreements and as a result, cause us to breach our contractual obligations in relation to such proprietary rights.*

We can give no assurance that the steps taken by us will be adequate to enforce our client's intellectual property rights or to adequately prevent the disclosure of confidential information by an employee or subcontractor or a subcontractor's employee. If our client's proprietary rights are misappropriated by our employees in violation of any applicable confidentiality agreements or otherwise, our clients may consider us liable for that act and seek damages and compensation from us. In addition, our client contracts may require us to comply with certain security obligations including maintenance of network security, back-up of data, ensuring our network is virus free and ensuring the credentials of our people that work with our clients. We cannot assure you that the existing security measures shall be adequate or we will be able to comply with all such obligations and that we will not incur liability nor have a claim for substantial damages against us.

47. *Increases in wages for IT professionals could reduce our cash flows and profit margins.*

Historically, wage costs in the Indian IT services industry have been significantly lower than wage costs in developed countries for comparable skilled technical personnel, which has been one of India's competitive strengths. However, wage increases in India may prevent us from sustaining this competitive advantage and may negatively affect our profit margins. In the long term, wage increases may make us less competitive unless we are able to continue increasing the efficiency and productivity of our professionals and the quality of our services and the prices we can charge for our products and services. Increases in wages, including an increase in the cash component of our compensation expenses, may reduce our cash flows and our profit margins and have a material adverse effect on our business, financial conditions and results of operations.

48. *We may not be successful in executing our strategy to increase sales of our offerings to new and existing large enterprise clients, our operating results may suffer.*

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted clients. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

49. *Industry information included in this Draft Prospectus has been derived from industry reports. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.*

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Draft Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Prospectus.

50. *Within the parameters as mentioned in the chapter titled "Objects of the Offer" beginning on page 69 of this Draft Prospectus, our Company's management will have flexibility in applying the proceeds of this Offer. The fund requirement and deployment mentioned in the Objects of this Offer have not been appraised by any bank or financial institution.*

We intend to use entire Net Offer Proceeds towards funding meeting Long-Term Working Capital Requirements and general corporate purpose. We intend to deploy the Net Offer Proceeds in Fiscals 2024 and 2025 and such deployment is based on certain assumptions and strategy which our Company believes to implement in future. The funds raised from the Fresh Offer may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Offer Proceeds, please refer chapter titled "Objects of the Offer" beginning on page 69 of this Draft Prospectus.

The deployment of funds for the purposes described above is at the discretion of our Company's Board of Directors. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in the chapter titled "*Objects of the Offer*" beginning on page 69 of this Draft Prospectus, the Management will have significant flexibility in applying the proceeds received by our Company from the Offer. Our Board of Directors will monitor the proceeds of this Offer.

51. *The deployment of funds raised through this Offer shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.*

Since the Offer size is less than ₹10,000 Lakhs, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Offer. The deployment of these funds raised through this Offer, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Offer proceeds could adversely affect our financials. However, as per the Section 177 of the Companies Act, 2013 and applicable laws, the Audit Committee of our Company would be monitoring the utilization of the Offer Proceeds.

52. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see "*Dividend Policy*" beginning on page 135 of this Draft Prospectus.

53. *Managing employee benefit pressures in India may prevent us from sustaining our competitive advantage which could adversely affect our business prospects and future financial performance.*

Employee benefits represent a major expense for us and our ability to maintain or reduce such costs is critical for our business operations. We may be required to increase employee compensation levels to remain competitive and manage attrition, and consequently we may need to increase the prices of our products and services. An increase in wages/ salaries paid to our employees may result in a material adverse effect on our profits in the event that we are unable to pass on such increased expenditure to our users or customers without losing their business to our competitors. Likewise, if we are unable to sustain or increase the number of employees as necessary to meet growing demand, our business, financial condition and results of operations could be adversely affected.

54. *In the event there is any delay in the completion of the Offer, there would be a corresponding delay in the completion of the objects / schedule of implementation of this Offer which would in turn affect our revenues and results of operations.*

The funds that we receive would be utilized for the Objects of the Offer as has been stated in the Chapter "*Objects of the Offer*" beginning on page 69 of this Draft Prospectus. The proposed schedule of implementation of the objects of the Offer is based on our management's estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any delay in the completion of the Offer, we may have to revise our business and development plans resulting in unprecedented financial mismatch and this may adversely affect our revenues and results of operations.

55. *We have not made any alternate arrangements for meeting our capital requirements for the Objects of the Offer. Further we have not identified any alternate source of financing the Objects of the Offer. Any shortfall in raising / meeting the same could adversely affect our growth plans, business operations and financial condition*

As on date of this Draft Prospectus, we have not made any alternate arrangements for meeting our capital requirements for some of the objects of the Offer. We meet our capital requirements through, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this offer or any shortfall in the Offer proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer to the chapter titled "*Objects of the Offer*" beginning on page 69 of this Draft Prospectus.

56. *We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.*

Employee misconduct or errors could expose us to business risks or losses, including termination of our contracts, regulatory sanctions and serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and other professionals, agents and / or technicians may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

57. *The average cost of acquisition of Equity Shares by our Promoters and the selling shareholders could be lower than the price determined at time of registering the Draft Prospectus.*

Our Promoters' and the Selling Shareholders' average cost of acquisition of Equity Shares in our Company may be lower than the Price as may be decided by the Company and the Selling Shareholders in consultation with the LM. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and the Selling Shareholders and build-up of Equity Shares by our Promoters in our Company, please refer chapter title "*Capital Structure*" beginning on page 59 of this Draft Prospectus.

OFFER RELATED RISKS

58. *An investment in the Equity Shares is subject to general risk related to investments in Indian Companies.*

Our Company is incorporated in India and all of our assets and employees are located in India. Consequently, our business, results of operations, financial condition and the market price of the Equity Shares will be affected by changes in interest rates in India, policies of the Government of India, including taxation policies along with policies relating to industry, political, social and economic developments affecting India.

59. *Any variation in the utilization of the Net Proceeds of the Offer as disclosed in this Draft Prospectus shall be subject to certain compliance requirements, including prior Shareholders' approval.*

We propose to utilize the Net Proceeds for funding long-term working capital requirements and general corporate purposes. For further details of the proposed objects of the Offer, please see chapter titled "*Objects of the Offer*" beginning on page 69 of this Draft Prospectus. In accordance with Section 27 of the Companies Act, 2013, we cannot undertake any variation in the utilization of the Net Proceeds from the Offer as disclosed in this Draft Prospectus without obtaining the shareholders' approval through a special resolution. In the event of any such circumstances that requires us to undertake variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain the Shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such Shareholders' approval may adversely affect our business or operations. Further, our Promoter or controlling shareholders would be required to provide an exit opportunity to the shareholders who do not agree with our proposal to modify the objects of the Offer as prescribed in the SEBI ICDR Regulations. If our shareholders exercise such exit option, our business and financial condition could be adversely affected. Therefore, we may not be able to undertake variation of objects of the Offer to use any unutilized proceeds of the Offer, if any, even if such variation is in the interest of our Company, which may restrict our ability to respond to any change in our business or financial condition, and may adversely affect our business and results of operations.

60. *We have offered Equity Shares during the last one year at a price below the Offer Price.*

Our Company had issued 6,72,000 equity shares pursuant to conversion of our erstwhile partnership firm to our company on incorporation and Bonus shares of 11,76,000 equity shares on January 31, 2023 in the ratio 3:2 in the last 12 months which is lower than the Offer Price. The Equity Shares allotted to shareholders pursuant to this Issue may be priced significantly higher due to various reasons including better performance by the Company, better economic conditions and passage of time. For further details, see "*Capital Structure*" on page 59 of this Draft Prospectus.

61. *The Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Offer.*

The Offer Price of the Equity Shares will be determined by our Company in consultation with the Lead Manager, and through Fixed Price Process. This price will be based on numerous factors, as described under "*Basis for Offer Price*" beginning on page 75 of this Draft Prospectus and may not be indicative of the market price for the Equity Shares after the Offer. The market price of the Equity Shares could be subject to significant fluctuations after the Offer, and may decline below the Offer Price. We cannot assure you that the investor will be able to resell their Equity Shares at or above the Offer Price.

62. *Our Company will not receive any proceeds from the Offer for Sale.*

The Offer includes an Offer for Sale of 4,43,200 Equity Shares, in the aggregate, by the Selling Shareholders. Our Company will not receive any proceeds of the Offer for Sale by the Selling Shareholders. However, in the event that the Offer is withdrawn or not completed for any reason whatsoever, all the Offer related expenses will be exclusively borne by our Company. The expenses of the Selling Shareholders will, at the outset, be borne by our Company and the Selling Shareholders will reimburse our Company for such expenses incurred by our Company on behalf of the Selling Shareholders, in relation to the Offer, upon successful completion of the Offer in the manner as prescribed under applicable law and agreed amongst the Company and the Selling Shareholders. For further information, please see “Objects of the Offer” on page 62 of this Draft Prospectus.

63. The Equity Shares have never been publicly traded, and, after the Offer, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Offer Price, or at all.

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Offer Price of the Equity Shares is proposed to be determined through a fixed price process in accordance with the SEBI ICDR Regulations and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

64. There is no guarantee that the Equity Shares offered pursuant to the Offer will be listed on the BSE SME in a timely manner or at all.

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares offered pursuant to the Offer will not be granted until after the Equity Shares have been offered and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the BSE SME. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

65. Any future issuance of Equity Shares may dilute your shareholding and sale of our Equity Shares by our Promoters or other shareholders may adversely affect the trading price of the Equity Shares.

Any future equity issuances by us, including in a primary offering, may lead to the dilution of investors’ shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our Promoters or other major shareholders may adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Equity Shares.

66. There are restrictions on daily weekly monthly movement in the price of the equity shares, which may adversely affect the shareholder’s ability to sell for the price at which it can sell, equity shares at a particular point in time.

Once listed, we would be subject to circuit breakers imposed by the stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI. The percentage limit on circuit breakers is said by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchange does not inform us of the percentage limit of the circuit breaker in effect from time to time, and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of the circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

67. You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.

Under current Indian tax laws and regulations, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax (“STT”) is levied on and collected by an Indian stock exchange on which equity shares are sold. Any capital gain exceeding ₹100,000, realized on the sale of equity shares held for more than 12 months immediately preceding the date of transfer, which are sold using any other platform other than on a recognized stock exchange and on which no STT has been paid, are subject to long-term capital gains tax in India.

The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020 and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, among others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, both resident as well as non-resident, and that such dividends likely be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. In cases where the seller is a non-resident, capital gains arising from the sale of the equity shares will be partially or wholly exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Historically, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the equity shares.

Further, we cannot predict whether any tax laws or other regulations impacting it will be enacted, or predict the nature and impact of any such laws or regulations or whether, if at all, any laws or regulations would have a material adverse effect on our business, financial condition, results of operations and cash flows. The Government of India had announced the union budget for financial year 2024 and the Finance Act, 2023 received assent from the President of India on March 31, 2023. There is no certainty on the impact that the Finance Act, 2023 may have on our business and operations or in the industry we operate in.

68. *The price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not develop.*

Prior to this Offer, there has been no public market for our Equity Shares. Our Company and the Lead Manager have appointed Market Maker for the equity shares of our Company. However, the trading price of our Equity Shares may fluctuate after this Offer due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India's fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets and Finance industry, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnership, joint ventures, or capital commitments.

69. *Significant differences exist between Indian GAAP and other accounting principles, such as US GAAP and IFRS, which may be material to investors assessments of Our Company's financial condition. Our failure to successfully adopt IFRS may have an adverse effect on the price of our Equity Shares. The proposed adoption of IFRS could result in our financial condition and results of operations appearing materially different than under Indian GAAP.*

Our restated financial statements, including the financial statements provided in this Draft Prospectus, are prepared in accordance with Indian GAAP. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Draft Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Indian GAAP. For details, refer chapter titled "*Presentation of Financial Industry and Market Data*" beginning on page 14 of this Draft Prospectus.

Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited. India has decided to adopt the "Convergence of its existing standards with IFRS" and not the "International Financial Reporting Standards" ("IFRS"), which was announced by the MCA, through the press note dated January 22, 2010. These "IFRS based / synchronized Accounting Standards" are referred to in India as IND (AS). Public companies in India, including our Company, may be required to prepare annual and interim financial statements under IND (AS). The MCA, through a press release dated February 25, 2011, announced that it will implement the converged accounting standards in a phased manner after various issues, including tax related issues, are resolved. Further, MCA Notification dated February 16, 2015, has provided an exemption to the Companies proposing to list their shares on the SME Exchange as per Chapter IX of the SEBI ICDR Regulations and hence the adoption of IND (AS) by a SME exchange listed Company is voluntary. Accordingly, we have made no attempt to quantify or identify the impact of the differences between Indian GAAP and IFRS or to quantify the impact of the difference between Indian GAAP and

IFRS as applied to its financial statements. There can be no assurance that the adoption of IND-AS will not affect our reported results of operations or financial condition. Any failure to successfully adopt IND-AS may have an adverse effect on the trading price of our Equity Shares. Currently, it is not possible to quantify whether our financial results will vary significantly due to the convergence to IND (AS), given that the accounting principles laid down in the IND (AS) are to be applied to transactions and balances carried in books of accounts as on the date of the applicability of the converged standards (i.e., IND (AS)) and for future periods.

Moreover, if we volunteer for transition to IND (AS) reporting, the same may be hampered by increasing competition and increased costs for the relatively small number of IND (AS)-experienced accounting personnel available as more Indian companies begin to prepare IND (AS) financial statements. Any of these factors relating to the use of converged Indian Accounting Standards may adversely affect our financial condition.

70. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

EXTERNAL RISKS

71. *Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.*

India has experienced natural calamities such as earthquakes, tsunami, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

72. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

73. *If there is any change in tax laws or regulations, or their interpretation, such changes may significantly affect our financial statements for the current and future years, which may have a material adverse effect on our financial position, business and results of operations.*

The regulatory and policy environment in which we operate is evolving and subject to change. Our business and financial performance could be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations applicable to us and our business. In such instances, and including the instances mentioned below, our business, results of operations and prospects may be adversely impacted, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. Any political instability in India, such as corruption, scandals and protests against certain economic reforms, which have occurred in the past, could slow the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well.

Additionally, the Government of India has introduced (a) the Code on Wages, 2019; (b) the Code on Social Security, 2020; (c) the Occupational Safety, Health and Working Conditions Code, 2020; and (d) the Industrial Relations Code, 2020 which consolidate, subsume and replace numerous existing central labour legislations. While the rules for implementation under these codes have not been notified, the implementation of such laws could increase our employee and labour costs, thereby adversely impacting our results of operations, cash flows, business and financial performance.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. For instance, companies can voluntarily opt in favour of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which reduces the rate of income tax payable to 22% subject to compliance with conditions prescribed, from the erstwhile 25% or 30% depending upon the total turnover or gross receipt in the relevant period. Any such future amendments may affect our other benefits such as exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

Further, the GoI has announced the union budget for Fiscal 2024, pursuant to which the Finance Bill, 2023 (“Finance Bill”), has introduced various amendments. The Finance Bill has received assent from the President of India on March 31, 2023, and has been enacted as the Finance Act, 2023. We cannot predict whether any amendments made pursuant to the Finance Act, 2023 would have an adverse effect on our business, financial condition and results of operations. Furthermore, changes in capital gains tax or tax on capital market transactions or the sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

There can be no assurance that the GoI will not implement new regulations and policies requiring us to obtain approvals and licenses from the GoI or other regulatory bodies, or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment or change to governing laws, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent in the jurisdictions in which we operate may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. It may also have a material adverse effect on our business, financial condition, cash flows and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which could materially harm our results of operations or cash flows. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

We are unable to determine the impact of any changes in or interpretations of existing, or the promulgation of, new, laws, rules and regulations applicable to us and our business. If that was to occur it could result in us, our business, operations or group structure being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

74. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

75. *Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.*

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

76. *Any downgrading of India’s sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

77. The ability of Indian companies to raise foreign capital may be constrained by Indian law.

As an Indian Company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA. Such regulatory restrictions limit our financing sources for our projects under development and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted to us without onerous conditions, or at all. Limitations on foreign debt may adversely affect our business growth, results of operations and financial condition.

DETAILS OF THE MARKET MAKING AGREEMENT

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Lead Manager and the Market Maker (duly registered with BSE to fulfil the obligations of Market Making) dated June 02, 2023

to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Offer.

Shreni Shares Private Limited, registered with BSE SME Platform will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by BSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and buy quote) shall not be more than 10% or as specified by the Stock Exchange from time to time Further, the Market Maker shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The prices quoted by the Market Maker shall be in compliance with the Market Maker Spread requirements and other particulars as specified or as per the requirements of BSE SME and SEBI from time to time.
3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1,00,000 shall be allowed to issue their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. Based on the IPO price of ₹ 90/- per share the minimum lot size is 1,600 Equity Shares thus minimum depth of the quote shall be 1.44 lakhs until the same, would be revised by BSE.
4. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Equity Shares of market maker in our Company reaches to 25%. Or upper limit (Including the 5% of Equity Shares ought to be allotted under this Offer). Any Equity Shares allotted to Market Maker under this Offer over and above 25% equity shares would not be taken into consideration of computing the threshold of 25%. As soon as the Shares of market maker in our Company reduce to 24%, the market maker will resume providing 2-way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the market maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.
6. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the company will be placed in Special Pre-Open Session (SPOS) and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity shares on the Stock Exchange.
7. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non- controllable reasons would be final.
8. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and BSE SME from time to time.
9. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
10. There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.

13. The Market Maker shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Company, who shall then be responsible to appoint a replacement Market Maker.

14. In case of termination of the abovementioned Market Making Agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Company to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI ICDR Regulations. Further the Company reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.
15. **Risk containment measures and monitoring for Market Maker:** BSE SME will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
16. **Punitive Action in case of default by Market Maker:** BSE SME will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
17. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Offer size up to ₹250 Crores, the applicable price bands for the first day shall be:
- In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.

As on date of this Draft Prospectus, our Promoters hold 4,40,000 Equity Shares constituting 20.48% of the Post Issued, Subscribed and Paid-up Equity Share Capital of our Company, which are eligible for Promoters' Contribution.

Our Promoters have granted consent to include such number of Equity Shares held by them as may constitute 20.00% of the post Offer Equity Share capital of our Company as Promoters' Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters' Contribution from the date of filing of this Draft Prospectus until the commencement of the lock-in period specified below.

Details of the Equity Shares forming part of Promoters' Contribution and their lock-in details are as follows:

Name of Promoter	Date of Allotment/Acquisition & when made fully paid up	No of Equity shares	No of Equity shares locked in	Face Value (in ₹)	Offer Price (in ₹)	Nature of Allotment	% Of Post-Offer Paid-up Capital	Lock-in Period
Mr. Keyur Dipakkumar Shah	January 31, 2023	5,88,000	2,20,000	10/-	-	Bonus Issue	10.24%	3 years
Mr. Kunal Arvind Shah	January 31, 2023	5,88,000	2,20,000	10/-	-	Bonus Issue	10.24%	3 years

The Equity Shares that are being locked-in are not, and will not be, ineligible for computation of Promoters' Contribution under Regulation 237 of the SEBI ICDR Regulations. In this computation, as per Regulation 237 of the SEBI ICDR Regulations, our Company confirms that the Equity Shares locked-in do not, and shall not, consist of:

- Equity Shares acquired three years preceding the date of this Draft Prospectus for consideration other than cash and out of revaluation of assets or capitalization of intangible assets or bonus shares out of revaluation reserves or reserves without accrual of cash resources or unrealized profits or against equity shares which are otherwise ineligible for computation of Promoters' Contribution.

- The Equity Shares acquired during the year preceding the date of this Draft Prospectus, at a price lower than the price at which the Equity Shares are being offered to the public in the Offer is not part of the minimum promoters' contribution;
- The Equity Shares held by the Promoters and offered for minimum 20% Promoters' Contribution are not subject to any pledge or any other form of encumbrances.
- Specific written consent has been obtained from the Promoters for inclusion of 4,40,000 Equity Shares for ensuring lock-in of three years to the extent of minimum 20.00% of post Offer Paid-up Equity Share Capital from the date of allotment in the public Offer.
- The minimum Promoters' Contribution consists of Equity Shares allotted to the promoters against the capital existing in the erstwhile partnership firm for a period of more than one year on a continuous basis.
- The minimum Promoters' Contribution has been brought to the extent of not less than the specified minimum lot and from the persons defined as Promoter under the SEBI ICDR Regulations.
- We further confirm that our Promoters' Contribution of minimum 20% of the Post Offer Equity does not include any contribution from Alternative Investment Funds or FVCI or Scheduled Commercial Banks or Public Financial Institutions or Insurance Companies.

Equity Shares locked-in for one year other than Minimum Promoters' Contribution

Pursuant to Regulation 238(b) and 239 of the SEBI ICDR Regulations, other than the Equity Shares held by our Promoters, which will be locked-in as minimum Promoters' contribution for three years, all pre-Offer 15,20,000 Equity Shares shall be subject to lock-in for a period of one year from the date of Allotment in this Offer. However, it should be noted that the Offered Shares which will be transferred by the Selling Shareholders pursuant to the Offer for Sale shall not be subject to lock-in.

Inscription or recording of non-transferability

In terms of Regulation 241 of the SEBI ICDR Regulations, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription "Non-Transferable" and specify the lock- in period and in case such equity shares are dematerialized, the Company shall ensure that the lock - in is recorded by the Depository.

Pledge of Locked in Equity Shares

Pursuant to Regulation 242 of the SEBI ICDR Regulations, the locked-in Equity Shares held by our Promoters can be pledged with any scheduled commercial bank or public financial institution or systematically important non-banking finance company or a housing finance company as collateral security for loans granted by them, provided that:

- (a) if the equity shares are locked-in in terms of clause (a) of Regulation 238, the loan has been granted to the company or its subsidiary(ies) for the purpose of financing one or more of the objects of the Offer and pledge of equity shares is one of the terms of sanction of the loan;
- (b) if the specified securities are locked-in in terms of clause (b) of Regulation 238 and the pledge of specified securities is one of the terms of sanction of the loan.

Provided that such lock-in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock-in period stipulated in these regulations has expired.

Transferability of Locked in Equity Shares

- (a) Pursuant to Regulation 243 of the SEBI ICDR Regulations, Equity Shares held by our Promoters, which are locked in as per Regulation 238 of the SEBI ICDR Regulations, may be transferred to and amongst our Promoters/ Promoter Group or to a new promoter or persons in control of our Company subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI SAST Regulations as applicable.
- (b) Pursuant to Regulation 243 of the SEBI ICDR Regulations, Equity Shares held by shareholders other than our Promoters, which are locked-in as per Regulation 239 of the SEBI ICDR Regulations, may be transferred to any other

person holding shares, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI SAST Regulations as applicable.

21. Neither the Company, nor its Promoters, Directors or the Lead Manager have entered into any buyback and/or standby arrangements for purchase of Equity Shares of the Company from any person.
22. All Equity Shares offered pursuant to the Offer shall be fully paid-up at the time of Allotment and there are no partly paid-up Equity Shares as on the date of this Draft Prospectus. Further, since the entire money in respect of the Offer is being called on application, all the successful Applicants will be offered fully paid-up Equity Shares.
23. As on the date of this Draft Prospectus, the Lead Manager and their respective associates (as defined under the SEBI MB Regulations) do not hold any Equity Shares of our Company. The Lead Manager and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
24. As on date of this Draft Prospectus, there are no outstanding ESOPs, warrants, options or rights to convert debentures, loans or other instruments convertible into the Equity Shares, nor has the company ever allotted any equity shares pursuant to conversion of ESOPs till date. As and when, options are granted to our employees under the Employee Stock Option Scheme, our Company shall comply with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.
25. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed under “*Basis of Allotment*” in the chapter titled “*Offer Procedure*” beginning on page 185 of this Draft Prospectus. In case of over-subscription in all categories the allocation in the Offer shall be as per the requirements of Regulation 253 (2) of SEBI ICDR Regulations, as amended from time to time.
26. An over-subscription to the extent of 10% of the Net Offer can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Offer. Consequently, the actual allotment may go up by a maximum of 10% of the Net Offer, as a result of which, the post Offer paid up capital after the Offer would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to lock-in shall be suitably increased; so as to ensure that 20% of the post Offer paid-up capital is locked in.
27. Subject to valid applications being received at or above the Offer Price, under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the Lead Manager and Designated Stock Exchange. Such inter-se spill over, if any, would be affected in accordance with applicable laws, rules, regulations and guidelines.
28. Prior to this Initial Public Offer, our Company has not made any public issue or right issue to public at large.
29. We have ten (10) Shareholders as on the date of filing of the Draft Prospectus.
30. As per RBI regulations, OCBs are not allowed to participate in this Offer.
31. Our Company has not raised any bridge loans.
32. There shall be only one denomination of Equity Shares of our Company unless otherwise permitted by law. Our Company shall comply with disclosure and accounting norms as may be specified by SEBI from time to time.
33. No payment, direct, indirect in the nature of discount, commission, and allowance, or otherwise shall be made either by us or by our Promoters to the persons who receive allotments, if any, in this Offer.
34. Our Company shall ensure that transactions in the Equity Shares by our Promoters and our Promoter Group between the date of this Draft Prospectus and the Offer Closing Date shall be reported to the Stock Exchange within 24 hours of such transaction.
35. Our Promoters and Promoter Group will not participate in the Offer, except to the extent of the Offer for Sale by the Selling Shareholders.
36. There are no safety net arrangements for this Public Offer.

The fund requirements mentioned above are based on the internal management estimates of our Company and have not been verified or appraised by any bank, financial institution or any other external agency. They are based on current circumstances of our business and our Company may have to revise its estimates from time to time on account of various factors beyond its control, such as market conditions, competitive environment, costs of commodities and interest or exchange rate fluctuations. Consequently, the fund requirements of our Company are subject to revisions in the future at the discretion of the management. In the event of any shortfall of funds for the activities proposed to be financed out of the Net Proceeds as stated above, our Company may re-allocate the Net Proceeds to the activities where such shortfall has arisen, subject to compliance with applicable laws. Further, in case of a shortfall in the Net Proceeds or cost overruns, our management may explore a range of options including utilising our internal accruals or seeking debt financing.

The fund requirements set out for the aforesaid objects of the Fresh Offer are proposed to be met entirely from the Net Proceeds. Accordingly, our Company confirms that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the Fresh Offer as required under the SEBI ICDR Regulations.

For further details on the risks involved in our proposed fund utilization as well as executing our business strategies, please refer the section titled “*Risk Factors*” on page 116 of this Draft Prospectus.

DETAILS OF THE OBJECTS OF THE OFFER

1. Long-Term Working Capital Requirements

We specialize and operate in the Marketing technology space, which is also known as MARTECH, and it describes software and tools that help marketing and sales teams achieve their goals and objectives. The entire landscape of MARTECH assists with a gamut of activities, including attribution, content management, customer relationship management, Analytics, Data, AI and more. To add to the complexity, a lot of business use cases need to align to the right tools and platforms, which in turn needs know-how on the platform of choice as well as the skills needed to build for the same. Like most businesses, we too need to focus on this evolving landscape and build on it to improve our service offerings across a broader spectrum. This includes building out additional as well as new capabilities in platforms/tools in this space; which includes, but is not restricted to, DXP platforms, cloud, Data platforms, RPA, Content Platforms and tools, AI and Analytics platforms to increase the breadth of our services. This would require both, onboarding new talent as well as additional skilling / re-skilling initiatives, further also involving investments in additional IT infrastructure and software to support the goals. We shall be hiring approximately 6-7 qualified and experienced personnels with average salary ₹10.00 Lakhs annually. Further, we intend to fund our organic growth through marketing and business promotion to attract new customers and retain existing customers. This includes building and augmenting our sales and business development capabilities in India, North America, Europe, UK or any other regions as and when the business evolves - through direct hiring / through partnerships / retainerships and any other similar channels. We shall also utilize the fresh Offer Proceeds to improve Brand visibility and awareness through general advertising and marketing over both traditional / offline channels, Digital / Online channels as well as through targeted marketing. Focus here is to identify, nurture, and acquire right clients and business opportunities to drive organizational growth.

We fund a majority of our working capital requirements in the ordinary course of business from internal accruals. We propose to utilise ₹108.79 Lakhs from the Net Proceeds to fund the working capital requirements of our Company in Fiscal

Year 2024 and 2025. The funding of the long-term working capital requirements of our Company will lead to a consequent increase in our profitability.

MONITORING OF UTILIZATION OF FUNDS

As this is an Offer for less than ₹10,000 lakhs, we are not required to appoint a monitoring agency for the purpose of the Offer in terms of the SEBI ICDR Regulations.

Our Board and Audit committee shall monitor the utilization of the net proceeds of the Offer. Our Company will disclose the utilization of the Net Proceeds under a separate head in our balance sheet along with the relevant details, for all such amounts that have not been utilized. Our Company will indicate investments, if any, of unutilized Net Proceeds in the balance sheet of our Company for the relevant financial years subsequent to the completion of the Offer.

Pursuant to SEBI LODR Regulations, our Company shall disclose to the Audit Committee of the Board of Directors the uses and applications of the Net Proceeds. Our Company shall prepare a statement of funds utilized for purposes other than those stated in this draft prospectus and place it before the Audit Committee of the Board of Directors, as required under applicable law. Such disclosure shall be made only until such time that all the Net Proceeds have been utilized in full. The statement shall be certified by the statutory auditor of our Company. Furthermore, in accordance with the Regulation 32 of the SEBI LODR Regulations, our Company shall furnish to the Stock Exchange on a half yearly basis, a statement indicating (i) deviations, if any, in the utilization of the proceeds of the Offer from the Objects; and (ii) details of category wise variations in the utilization of the proceeds from the Offer from the Objects. This information will also be published in newspapers simultaneously with the interim or annual financial results, after placing the same before the Audit Committee of the Board of Directors.

INTERIM USE OF FUNDS

Pending utilization of the Net Proceeds for the purposes described above, our Company will deposit the Net Proceeds only with scheduled commercial banks included in the Second Schedule of the Reserve Bank of India Act, 1934, as amended, as may be approved by our Board.

Our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any other listed company or for any investment in the equity markets or investing in any real estate product or real estate linked products.

VARIATION IN OBJECTS

In accordance with Sections 13(8) and 27 of the Companies Act and applicable rules, our Company shall not vary the Objects without our Company being authorized to do so by the Shareholders by way of a special resolution through a postal ballot. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (the "Postal Ballot Notice") shall specify the prescribed details as required under the Companies Act and applicable rules. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in the vernacular language of the jurisdiction where our Registered Office is situated. Our Promoters or controlling Shareholders will be required to provide an exit opportunity to such shareholders who do not agree to the above stated proposal, at a price as may be prescribed by SEBI, in this regard.

OTHER CONFIRMATIONS / PAYMENT TO PROMOTERS AND PROMOTER'S GROUP FROM THE OFFER PROCEEDS

Except to the extent of any proceeds received and distributed pursuant to the sale of Offered Shares proposed to be sold in the Offer by the Selling Shareholders, no part of the proceeds of the Offer will be paid by our Company as consideration to our promoters, members of the promoter group, group companies, our directors, our key managerial personnel or senior management. Further, there are no existing or anticipated transactions in relation to the utilisation of the Net Proceeds entered into or to be entered into by our Company with our promoters, promoter group, directors, group companies, key managerial personnel and/or senior management.

BASIS FOR OFFER PRICE

The Offer Price will be determined by our Company and Selling Shareholders, in consultation with the LM on the basis of an assessment of market demand for the Equity Shares offered through the fixed price method and on the basis of the qualitative and quantitative factors as described below. The face value of the Equity Shares of our Company is ₹10/- each and the Offer Price is 9.0 times of the face value.

Investors should read the following basis with the section titled “Risk Factors” and chapters titled “Restated Financial Statements”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Our Business” beginning on page 23, 136, 139 and 98 respectively, of this Draft Prospectus to get a more informed view before making any investment decisions. The trading price of the Equity Shares of our Company could decline due to these risk factors and you may lose all or part of your investments.

QUALITATIVE FACTORS

Some of the qualitative factors and our strengths which form the basis for the Offer price are:

- Experienced promoters and management team;
- Established relationships with customer base;

b) Description on the historic use of the KPIs by our Company to analyse, track or monitor the operational and/or financial performance of our Company

In evaluating our business, we consider and use certain KPIs, as presented above, as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Financial Information. We use these KPIs to evaluate our performance. Some of these KPIs are not defined under applicable Accounting Standards and are not presented in accordance with applicable Accounting Standards. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that it provides an additional tool for investors to use in evaluating our ongoing results, when taken collectively with financial measures prepared in accordance with applicable Accounting Standards.

(6) All the financial information for listed industry peers mentioned above is on a standalone basis and is sourced from the annual reports as available of the respective company for the year ended March 31, 2022, March 31, 2021 and March 31, 2020 submitted to stock exchanges.

(7) Listed peers are as identified by us on the basis of similar line of business with our Company, however not comparable with size of our Company.

7. Justification for Basis for Offer price

- a) The price per share of our Company based on the primary/ new issue of shares (equity / convertible securities), excluding shares issued under ESOP/ESOS and issuance of bonus shares

Except as mentioned below, there has been no issuance of Equity Shares (excluding shares issued under ESOP/ESOS and issuance of bonus shares), during the 18 months preceding the date of this Draft Prospectus, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of the Company (calculated based on the pre-offer capital before such transaction(s) and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of 30 days.

Date of Allotment	No. of Equity Shares allotted	Face Value (₹)	Offer Price (₹)	Nature of Consideration	Nature of Allotment	Total Consideration (₹ in lakhs)
Upon Incorporation	6,72,000	10/-	10/-	Cash- against the outstanding Credit Balance of respective Individual Partner's Fixed Capital Account	Subscription to MOA	67.20
January 25, 2023	1,12,000	10/-	100/-	Cash	Rights Issue	112.00
Weighted average cost of acquisition (WACA) Primary issuances (in ₹ per Equity Share)						22.86

*As certified by M/s K S Sanghvi & Co., Chartered Accountants, by way of their certificate dated April 24, 2023.

b) The price per share of our Company based on the secondary sale / acquisition of shares (equity shares)

There have been no secondary sale / acquisitions of Equity Shares, where the promoters, members of the promoter group, selling shareholders or shareholder(s) having the right to nominate director(s) in the board of directors of the Company are a party to the transaction (excluding gifts), during the 18 months preceding the date of this Draft Prospectus, where either acquisition or sale is equal to or more than 5% of the fully diluted paid-up share capital of the Company (calculated based on the pre-offer share capital before such transaction/s and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

c) Since there is an eligible transaction of our Company reported in (a) above in accordance with paragraph (9)(K)(4)(a) of the SEBI ICDR Regulations, the price per Equity Share of our Company based on the last five primary or secondary transactions in Equity Shares (secondary transactions where the Promoters/Promoter Group entities, Selling Shareholders or Shareholders having the right to nominate director on the Board are a party to the transaction) not older than 3 years prior to the date of filing of this Draft Prospectus has not been computed.

d) Weighted average cost of acquisition, Offer Price

Based on the disclosures in (a) above, the weighted average cost of acquisition of Equity Shares as compared with the Offer Price is set forth below:

Types of transactions	Weighted average cost of acquisition (₹ per Equity Share)	Offer Price (₹ 90.00)
Weighted average cost of acquisition of primary issuances	22.86	3.94 Times
Weighted average cost of acquisition for secondary transactions	N.A.	N.A.

e) Explanation for Offer Price being 3.94 times of weighted average cost of acquisition of primary issuance price of Equity Shares (set out in 7(d) above) along with our Company's key performance indicators and financial ratios for the period ended January 31, 2023, September 08, 2022 and the Fiscals 2022, 2021 and 2020

SECTION VI – ABOUT THE COMPANY

INDUSTRY OVERVIEW

The information in this chapter has been extracted from the websites of and publicly available documents from various sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with this Offer has independently verified the information provided in this chapter. Industry sources and publications, referred to in this chapter, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured, and, accordingly, investment decisions should not be based on such information.

GLOBAL ECONOMIC OVERVIEW

Global growth is projected to fall from an estimated 3.4 percent in 2022 to 2.9 percent in 2023, then rise to 3.1 percent in 2024. The forecast for 2023 is 0.2 percentage point higher than predicted in the October 2022 World Economic Outlook (WEO) but below the historical (2000–19) average of 3.8 percent. The rise in central bank rates to fight inflation and Russia’s war in Ukraine continue to weigh on economic activity. The rapid spread of COVID-19 in China dampened growth in 2022, but the recent reopening has paved the way for a faster-than-expected recovery. Global inflation is expected to fall from 8.8 percent in 2022 to 6.6 percent in 2023 and 4.3 percent in 2024, still above pre-pandemic (2017–19) levels of about 3.5 percent.

The balance of risks remains tilted to the downside, but adverse risks have moderated since the October 2022 WEO. On the upside, a stronger boost from pent-up demand in numerous economies or a faster fall in inflation are plausible. On the downside, severe health outcomes in China could hold back the recovery, Russia’s war in Ukraine could escalate, and tighter global financing conditions could worsen debt distress. Financial markets could also suddenly reprice in response to adverse inflation news, while further geopolitical fragmentation could hamper economic progress.

In most economies, amid the cost-of-living crisis, the priority remains achieving sustained disinflation. With tighter monetary conditions and lower growth potentially affecting financial and debt stability, it is necessary to deploy macro prudential tools and strengthen debt restructuring frameworks. Accelerating COVID-19 vaccinations in China would safeguard the recovery, with positive cross-border spillovers. Fiscal support should be better targeted at those most affected by elevated food and energy prices, and broad-based fiscal relief measures should be withdrawn. Stronger multilateral cooperation is essential to preserve the gains from the rules-based multilateral system and to mitigate climate change by limiting emissions and raising green investment.

Forces Shaping Outlook

The global fight against inflation, Russia’s war in Ukraine, and a resurgence of COVID-19 in China weighed on global economic activity in 2022, and the first two factors will continue to do so in 2023. Despite these headwinds, real GDP was surprisingly strong in the third quarter of 2022 in numerous economies, including the United States, the euro area, and major emerging market and developing economies. The sources of these surprises were in many cases domestic: stronger-than-expected private consumption and investment amid tight labour markets and greater-than-anticipated fiscal support. Households spent more to satisfy pent-up demand, particularly on services, partly by drawing down their stock of savings as economies reopened. Business investment rose to meet demand. On the supply side, easing bottlenecks and declining transportation costs reduced pressures on input prices and allowed for a rebound in previously constrained sectors, such as motor vehicles. Energy markets have adjusted faster than expected to the shock from Russia’s invasion of Ukraine.

In the fourth quarter of 2022, however, this uptick is estimated to have faded in most—though not all—major economies. US growth remains stronger than expected, with consumers continuing to spend from their stock of savings (the personal saving rate is at its lowest in more than 60 years, except for July 2005), unemployment near historic lows, and plentiful job opportunities. But elsewhere, high-frequency activity indicators (such as business and consumer sentiment, purchasing manager surveys, and mobility indicators) generally point to a slowdown.

COVID-19 deepens China’s slowdown. Economic activity in China slowed in the fourth quarter amid multiple large COVID-19 outbreaks in Beijing and other densely populated localities. Renewed lockdowns accompanied the outbreaks until the relaxation of COVID-19 restrictions in November and December, which paved the way for a full reopening. Real estate investment continued to contract, and developer restructuring is proceeding slowly, amid the lingering property market crisis. Developers have yet to deliver on a large backlog of presold housing, and downward pressure is building on house prices (so far limited by home price floors). The authorities have responded with additional monetary and fiscal policy easing, new vaccination targets for the elderly, and steps to support the completion of unfinished real estate projects.

However, consumer and business sentiment remained subdued in late 2022. China's slowdown has reduced global trade growth and international commodity prices.

Policy Priorities

Securing global disinflation: For most economies, the priority remains achieving a sustained reduction in inflation toward target levels. Raising real policy rates and keeping them above their neutral levels until underlying inflation is clearly declining would ward off risks of inflation expectations de-anchoring. Clear central bank communication and appropriate reactions to shifts in the data will help keep inflation expectations anchored and lessen wage and price pressures. Central banks' balance sheets will need to be unwound carefully, amid market liquidity risks. Gradual and steady fiscal tightening would contribute to cooling demand and limit the burden on monetary policy in the fight against inflation. In countries where output remains below potential and inflation is in check, maintaining monetary and fiscal accommodation may be appropriate.

Containing the re-emergence of COVID-19: Addressing the ongoing pandemic requires coordinated efforts to boost vaccination and medicine access in countries where coverage remains low as well as the deployment of pandemic preparedness measures—including a global push toward sequencing and sharing data. In China, focusing vaccination efforts on vulnerable groups and maintaining sufficiently high coverage of boosters and antiviral medicines would minimize the risks of severe health outcomes and safeguard the recovery, with favorable cross-border spillovers.

Ensuring financial stability: Depending on country circumstances, macro prudential tools can be used to tackle pockets of elevated financial sector vulnerabilities. Monitoring housing sector developments and conducting stress tests in economies where house prices have increased significantly over the past few years are warranted. In China, central government action to resolve the property crisis and reduce the risk of spillovers to financial stability and growth is a priority, including by strengthening temporary mechanisms to protect presale homebuyers from the risk of non-delivery and by restructuring troubled developers. Globally, financial sector regulations introduced after the global financial crisis have contributed to the resilience of banking sectors throughout the pandemic, but there is a need to address data and supervisory gaps in the less-regulated nonbank financial sector, where risks may have built up inconspicuously. Recent turmoil in the crypto space also highlights the urgent need to introduce common standards and reinforce oversight of crypto assets.

Restoring debt sustainability: Lower growth and higher borrowing costs have raised public debt ratios in several economies. Where debt is unsustainable, implementing restructuring or reprofiling early on as part of a package of reforms (including fiscal consolidation and growth-enhancing supply-side reforms) can avert the need for more disruptive adjustment later.

Supporting the vulnerable: The surge in global energy and food prices triggered a cost-of-living crisis. Governments acted swiftly with support to households and firms, which helped cushion effects on growth and at times limited the pass-through from energy prices to headline inflation through price controls. The temporary and broad-based measures are becoming increasingly costly and should be withdrawn and replaced by targeted approaches. Preserving the energy price signal will encourage a reduction in energy consumption and limit the risks of shortages. Targeting can be achieved through social safety nets such as cash transfers to eligible households based on income or demographics or by transfers through electricity companies based on past energy consumption. Subsidies should be temporary and offset by revenue-generating measures, including one-time solidarity taxes on high income households and companies, where appropriate.

Reinforcing supply

Supply-side policies could address the key structural factors impeding growth— including market power, rent seeking, rigid regulation and planning, and inefficient education—and could help build resilience, reduce bottlenecks, and alleviate price pressures. A concerted push for investment along the supply chain of green energy technologies would bolster energy security and help advance progress on the green transition.

Strengthening multilateral cooperation—Urgent action is needed to limit the risks stemming from geopolitical fragmentation and to ensure cooperation on fundamental areas of common interest:

- **Restraining the pandemic:** Global coordination is needed to resolve bottlenecks in the global distribution of vaccines and treatments. Public support for the development of new vaccine technologies and the design of systematic responses to future epidemics also remains essential.
- **Addressing debt distress:** Progress has been made for countries that requested debt treatment under the Group of Twenty's Common Framework initiative, and more will be needed to strengthen it. It is also necessary to agree on mechanisms to resolve debt in a broader set of economies, including middle-income countries that are not eligible under the Common Framework. Non-Paris Club and private creditors have a crucial role to play in ensuring coordinated, effective, and timely debt resolution processes.
- **Strengthening global trade:** Strengthening the global trading system would address risks associated with trade fragmentation. This can be achieved by rolling back restrictions on food exports and other essential items such as medicine, upgrading World Trade Organization (WTO) rules in critical areas such as agricultural and industrial subsidies, concluding and implementing new WTO-based agreements, and fully restoring the WTO dispute settlement system.
- **Using the global financial safety net:** With the cascading of shocks to the global economy, using the global financial safety net to its fullest extent is appropriate, including by proactively utilizing the IMF's precautionary financial arrangements and channeling aid from the international community to low-income countries facing shocks.
- **Speeding the green transition:** To meet governments' climate change goals, it is necessary to swiftly implement credible mitigation policies. International coordination on carbon pricing or equivalent policies would facilitate faster decarbonisation. Global cooperation is needed to build resilience to climate shocks, including through aid to vulnerable countries.

INDIAN ECONOMIC OVERVIEW

Introduction

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Real GDP in the first quarter of 2022–23 is currently about 4% higher than its corresponding 2019-20, indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the

period of April-September 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

Market Size

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy and is planning to achieve 40% of its energy from non-fossil sources by 2030.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at 2.1% of GDP in the first quarter of FY 2022-23.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing 70% to the country's economic activity. With the economic scenario improving on recovering from the COVID-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also launching growth-oriented policies to boost the economy. In view of this, the country witnessed many developments in the recent past, some of which are mentioned below.

- As of September 21, 2022, India's foreign exchange reserves stood at US\$ 524,520 million.
- The private equity-venture capital (PE-VC) sector investments stood at US\$ 2 billion in September 2022.
- Merchandise exports in September 2022 stood at US\$ 32.62 billion.
- PMI Services remained comfortably in the expansionary zone at 56.7 during April-September 2022.

- In September 2022, the gross Goods and Services Tax (GST) revenue collection stood at Rs. 147,686 crore (US\$ 17.92 billion).
- Between April 2000-June 2022, cumulative FDI equity inflows to India stood at US\$ 604,996 million.
- In August 2022, the overall IIP (Index of Industrial Production) stood at 131.3. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 99.6, 131.0 and 191.3, respectively, in August 2022.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 7.41% in September 2022.
- In FY 2022-23, (until October 28, 2022), Foreign Portfolio Investment (FPI) outflows stood at Rs. 58,762 crore (US\$ 7.13 billion).
- The wheat procurement in Rabi 2021-22 and the anticipated paddy purchase in Kharif 2021-22 would include 1208 lakh (120.8 million) metric tonnes of wheat and paddy from 163 lakh (16.7 million) farmers, as well as a direct payment of MSP value of Rs. 2.37 lakh crore (US\$ 31.74 billion) to their accounts.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- Home & Cooperation Minister Mr. Amit Shah, laid the foundation stone and performed Bhoomi Pujan of Shri Tanot Mandir Complex Project under Border Tourism Development Programme in Jaisalmer in September 2022.
- In August 2022, Mr. Narendra Singh Tomar, Minister of Agriculture and Farmers Welfare inaugurated four new facilities at the Central Arid Zone Research Institute (CAZRI), which has been rendering excellent services for more than 60 years under the Indian Council of Agricultural Research (ICAR).
- In August 2022, a Special Food Processing Fund of Rs. 2,000 crore (US\$ 242.72 million) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
- In July 2022, Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode at an estimated cost of Rs. 5,963 crore (US\$ 747.64 million).
- In July 2022, the Union Cabinet chaired by the Prime Minister Mr. Narendra Modi, approved the signing of the Memorandum of Understanding (MoU) between India & Maldives. This MoU will provide a platform to tap the benefits of information technology for court digitization and can be a potential growth area for the IT companies and start-ups in both the countries.
- India and Namibia entered into a Memorandum of Understanding (MoU) on wildlife conservation and sustainable biodiversity utilization on July 20, 2022, for establishing the cheetah into the historical range in India.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (INR) in order to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.
- In June 2022, Prime Minister Mr. Narendra Modi inaugurated and laid the foundation stone of development projects worth Rs. 21,000 crore (US\$ 2.63 billion) at Gujarat Gaurav Abhiyan at Vadodara.
- Mr. Rajnath Singh, Minister of Defence, launched 75 newly-developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on 11 July 2022.
- In June 2022:
 - Prime Minister Mr. Narendra Modi, laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground breaking ceremony of the UP Investors Summit in Lucknow.
 - The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, Handloom & Textiles.
- The Indian Institute of Spices Research (IISR) under the Indian Council for Agricultural Research (ICAR) inked a Memorandum of Understanding (MoU) with Lysterra LLC, a Russia-based company for the commercialization of bio capsule, an encapsulation technology for bio-fertilization on 30 June, 2022.

- As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
- The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM Gati Shakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at Rs. 10.68 lakh crore (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
- Under PM Gati Shakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of Atma Nirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 lakh crore (US\$ 401.49 billion) in the next five years.
- In the Union Budget of 2022-23, the government announced funding for the production linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion).
- In the Union Budget of 2022-23, the government announced a production linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2500 crore (US\$ 334.60 million).
- In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
- In September 2021, Union Cabinet approved major reforms in the telecom sector, which are expected to boost employment, growth, competition, and consumer interests. Key reforms include rationalization of adjusted gross revenue, rationalization of bank guarantees (BGs), and encouragement of spectrum sharing.
- In the Union Budget of 2022-23, the government has allocated Rs. 44,720 crore (US\$ 5.98 billion) to Bharat Sanchar Nigam Limited (BSNL) for capital investments in the 4G spectrum.
- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman allocated Rs. 650 crore (US\$ 86.69 million) for the Deep Ocean mission that seeks to explore vast marine living and non-living resources. Department of Space (DoS) has got Rs. 13,700 crore (US\$ 1.83 billion) in 2022-23 for several key space missions like Gaganyaan, Chandrayaan-3, and Aditya L-1 (sun).
- In May 2021, the government approved the production linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).
- Minister for Finance & Corporate Affairs Ms Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
- In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 lakh crore (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
- To boost competitiveness, Budget 2022-23 has announced reforming the 16-year-old Special Economic Zone (SEZ) act.
- In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22.
- In November 2020, the Government of India announced Rs. 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
- On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system and help fuel liquidity and boost the Indian economy.

- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY2022-23; it is expected to raise Rs. 4 lakh crore (US\$ 53.58 billion) in the next three years.
- By November 1, 2021, India and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

Road Ahead

In the second quarter of FY 2022-23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY 2022–23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signaling a clear change in favour of higher-quality spending. Stronger revenue generation as a result of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Despite the continued global slowdown, India's exports climbed at the second highest rate this quarter. With a reduction in port congestion, supply networks are being restored. The CPI-C and WPI inflation reduction from April 2022 already reflects the impact. In August 2022, CPI-C inflation was 7.0%, down from 7.8% in April 2022. Similarly, WPI inflation has decreased from 15.4% in April 2022 to 12.4% in August 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

GLOBAL IT INDUSTRY OVERVIEW

Information technology (IT) has been the single most instrumental factor in driving business growth across industry verticals in the last two decades. Today it has much larger implications. Organizations are under pressure to ensure that every decision they make for R&D to product development, from marketing to sales, from customer acquisition to service delivery-- there is agility, mobility and optimal customer experience.

The confluence of IT with connectivity is what will reshape our universe. The world will have least 80 billion connected devices by 2020. Hence IT morphs into Digital Transformation and is slated to disrupt just about every aspect of business; the way organizations interact with consumers and the way they discover new opportunities.

Frost & Sullivan's Information Technology research and consulting programs look at conventional and unconventional technologies, services and changing business models, with specific focus on disruptors such as social, mobility, analytics, cloud (SMAC), cybersecurity, artificial intelligence, machine learning, big data, and IOT or the Internet of Things.

We work closely with the world's largest IT firms and upcoming disruptive start-ups to predict macro and micro trends related to products, services, technology and business models that can define growth. Tailored, customized solutions provide clients with the best strategies for growth, supported by the right key data points researched to meet the client's needs and the specific engagement. Our research spans broadly across the sector and provides deep insights into specific markets in the most significant areas of IT and the IT industry.

The main type of information technology (IT) are IT services, computer hardware, telecom, and software products. Computer hardware is the physical components that a computer system requires to function and encompasses everything within a PC or laptop. The services are used by large, small, and medium enterprises of financial services, retail and wholesale, manufacturing, healthcare and others.

The information technology (IT) market research report is one of a series of new reports from The Business Research Company that provides information technology (IT) market statistics, including information technology (IT) industry global market size, regional shares, competitors with information technology (IT) market share, detailed information technology (IT) market segments, market trends and opportunities, and any further data you may need to thrive in the information technology (IT) industry. This information technology (IT) market research report delivers a complete perspective of everything you need, with an in-depth analysis of the current and future scenario of the industry.

The global information technology market grew from \$8179.48 billion in 2022 to \$8852.41 billion in 2023 at a compound annual growth rate (CAGR) of 8.2%. The Russia-Ukraine war disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. The war between these two countries has led to economic sanctions on multiple countries, a surge in commodity prices, and supply chain disruptions, causing inflation across goods and services and affecting many markets across the globe. The information technology market is expected to grow to \$11995.97 billion in 2027 at a CAGR of 7.9%.

The demand for cloud computing services is expected to drive the demand for IT services during the forecast period. In the cloud computing model, data is stored on the internet by a cloud computing provider, who manages and operates data storage as a service. Many companies are now choosing applications hosted in the cloud for their day-to-day operations. For example, according to statistics provided by hostingtribunal.com, 60% of computing workloads were running in the public cloud in 2019. Similarly, 94% of enterprise workloads are expected to be processed by cloud data centers in 2021. Companies are also opting for cloud-based data storage, thus boosting the demand for IT services.

The outbreak of COVID-19 disease (COVID-19) has acted as a significant restraint on the information technology market in 2020 as supply chains were disrupted due to trade restrictions and employees working for these establishments faced difficulties related to infrastructure and communication owing to lockdowns imposed by governments globally, forcing them to work from home. COVID-19 is an infectious disease with flu-like symptoms including fever, cough, and difficulty in breathing. The virus was first identified in 2019 in Wuhan, Hubei province of the People's Republic of China and spread globally, including Western Europe, North America, and Asia. Steps by national governments to contain the transmission have resulted in a decline in economic activity, with countries entering a state of 'lock down,' and the outbreak had a negative impact on businesses throughout 2020 and into 2021. However, it is expected that the information technology market will recover from the shock across the forecast period as it is a 'black swan event and not related to ongoing or fundamental weaknesses in the market or the global economy.

Over the past five years there has been an increasing prevalence of low cost open source alternatives. Open source has become a preferred platform for developing new technology. In the past, software publishers would open source software that was not making money, but now companies are open sourcing software to increase their presence and share in the market. Supabase, a YC-incubated startup that offers developers an open-source alternative, announced that it had raised a \$6 million in funding to create new open-source tools.

Major companies in the information technology (IT) market include Apple, Microsoft, Verizon Communications, China Mobile, AT&T Inc., Huawei, Deutsche Telekom AG, Dell Technologies Inc., Samsung Electronics Co., Ltd. and Comcast Corporation.

Asia-Pacific was the largest region in the information technology (IT) market in 2022. North America was the second largest region of the information technology market. The regions covered in the information technology market are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, and Africa.

The countries covered in the information technology (IT) market are Argentina, Australia, Austria, Belgium, Brazil, Canada, Chile, China, Colombia, Czech Republic, Denmark, Egypt, Finland, France, Germany, Hong Kong, India, Indonesia, Ireland, Israel, Italy, Japan, Malaysia, Mexico, Netherlands, New Zealand, Nigeria, Norway, Peru, Philippines, Poland, Portugal, Romania, Russia, Saudi Arabia, Singapore, South Africa, South Korea, Spain, Sweden, Switzerland, Thailand, Turkey, UAE, UK, USA, Venezuela and Vietnam.

Major companies in the information technology (IT) market include Apple, Microsoft, Verizon Communications, China Mobile, AT&T Inc., Huawei, Deutsche Telekom AG, Dell Technologies Inc., Samsung Electronics Co., Ltd. and Comcast Corporation.

The information technology (IT) market consists of revenues earned by entities by providing IT services such as computer networking, broadcasting, systems design services and information distribution technologies like television and telephones and other equipment used during the process. The market value includes the value of related goods sold by the service provider or included within the service offering. The information technology market also includes sales of computers, computer peripherals and telecommunications equipment which are used in providing IT services. Values in this market are 'factory gate' values, that is the value of goods sold by the manufacturers or creators of the goods, whether to other entities (including downstream manufacturers, wholesalers, distributors and retailers) or directly to end customers. The value of goods in this market includes related services sold by the creators of the goods. Only goods and services traded between entities or sold to end consumers are included.

The market value is defined as the revenues that enterprises gain from the sale of goods and/or services within the specified market and geography through sales, grants, or donations in terms of the currency (in USD, unless otherwise specified).

The revenues for a specified geography are consumption values that are revenues generated by organizations in the specified geography within the market, irrespective of where they are produced. It does not include revenues from resales along the supply chain, either further along the supply chain or as part of other products.

GLOBAL DIGITAL TECHNOLOGY INDUSTRY OVERVIEW

The Impact of Digital Technologies

Technologies can help make our world fairer, more peaceful, and more just. Digital advances can support and accelerate achievement of each of the 17 Sustainable Development Goals – from ending extreme poverty to reducing maternal and infant mortality, promoting sustainable farming and decent work, and achieving universal literacy. But technologies can also threaten privacy, erode security and fuel inequality. They have implications for human rights and human agency. Like generations before, we – governments, businesses and individuals – have a choice to make in how we harness and manage new technologies.

A Digital Future for All?

Digital technologies have advanced more rapidly than any innovation in our history – reaching around 50 per cent of the developing world's population in only two decades and transforming societies. By enhancing connectivity, financial inclusion, access to trade and public services, technology can be a great equaliser.

In the health sector, for instance, AI-enabled frontier technologies are helping to save lives, diagnose diseases and extend life expectancy. In education, virtual learning environments and distance learning have opened up programmes to students who would otherwise be excluded. Public services are also becoming more accessible and accountable through block chain-powered systems, and less bureaucratically burdensome as a result of AI assistance. Big data can also support more responsive and accurate policies and programmes.

However, those yet to be connected remain cut off from the benefits of this new era and remain further behind. Many of the people left behind are women, the elderly, and persons with disabilities or from ethnic or linguistic minorities, indigenous groups and residents of poor or remote areas. The pace of connectivity is slowing, even reversing, among some constituencies. For example, globally, the proportion of women using the internet is 12 per cent lower than that of men. While this gap narrowed in most regions between 2013 and 2017, it widened in the least developed countries from 30 per cent to 33 per cent.

The use of algorithms can replicate and even amplify human and systemic bias where they function on the basis of data which is not adequately diverse. Lack of diversity in the technology sector can mean that this challenge is not adequately addressed.

The Future of Work

Throughout history, technological revolutions have changed the labour force: creating new forms and patterns of work, making others obsolete, and leading to wider societal changes. This current wave of change is likely to have profound impacts. For example, the International Labour Organization estimates that the shift to a greener economy could create 24 million new jobs globally by 2030 through the adoption of sustainable practices in the energy sector, the use of electric vehicles and increasing energy efficiency in existing and future buildings.

Meanwhile, reports by groups such as McKinsey suggest that 800 million people could lose their jobs to automation by 2030, while polls reveal that the majority of all employees worry that they do not have the necessary training or skills to get a well-paid job.

There is broad agreement that managing these trends will require changes in our approach to education, for instance, by placing more emphasis on science, technology, engineering, and maths; by teaching soft skills, and resilience; and by ensuring that people can re-skill and up-skill throughout their lifetimes. Unpaid work, for example childcare and elderly care in the home, will need to be better supported, especially as with the shifting age profile of global populations, the demands on these tasks are likely to increase.

The Future of Data

Today, digital technologies such as data pooling and AI are used to track and diagnose issues in agriculture, health, and the environment, or to perform daily tasks such as navigating traffic or paying a bill. They can be used to defend and exercise human rights – but they can also be used to violate them, for example, by monitoring our movements, purchases, conversations and behaviours. Governments and businesses increasingly have the tools to mine and exploit data for financial and other purposes.

However, personal data would become an asset to a person, if there were a formula for better regulation of personal data ownership. Data-powered technology has the potential to empower individuals, improve human welfare, and promote universal rights, depending on the type of protections put in place.

The Future of social media

Social media connects almost half of the entire global population. It enables people to make their voices heard and to talk to people across the world in real time. However, it can also reinforce prejudices and sow discord, by giving hate speech and misinformation a platform, or by amplifying echo chambers.

In this way, social media algorithms can fuel the fragmentation of societies around the world. And yet they also have the potential to do the opposite.

The Future of Cyberspace

How to manage these developments is the subject of much discussion – nationally and internationally – at a time when geopolitical tensions are on the rise. The UN Secretary-General has warned of a ‘great fracture’ between world powers, each with their own internet and AI strategy, as well as dominant currency, trade and financial rules and contradictory geopolitical and military views. Such a divide could establish a digital Berlin Wall. Increasingly, digital cooperation between states – and a universal cyberspace that reflects global standards for peace and security, human rights and sustainable development – is seen as crucial to ensuring a united world. A ‘Global Commitment for Digital Cooperation’ is a key recommendation by the Secretary-General’s High-level Panel on Digital Cooperation.

INDIAN IT INDUSTRY OVERVIEW

Introduction

The IT & BPM sector has become one of the most significant growth catalysts for the Indian economy, contributing significantly to the country’s GDP and public welfare. The IT industry accounted for 7.4% of India’s GDP in FY22, and it is expected to contribute 10% to India’s GDP by 2025.

As innovative digital applications permeate sector after sector, India is now prepared for the next phase of growth in its IT revolution. India is viewed by the rest of the world as having one of the largest Internet user bases and the cheapest Internet rates, with 76 crore citizens now having access to the internet.

The current emphasis is on the production of significant economic value and citizen empowerment, thanks to a solid foundation of digital infrastructure and enhanced digital access provided by the Digital India Programme. India is one of the countries with the quickest pace of digital adoption. This was accomplished through a mix of government action, commercial innovation and investment, and new digital applications that are already improving and permeating a variety of activities and different forms of work, thus having a positive impact on the daily lives of citizens.

India's rankings improved six places to the 40th position in the 2022 edition of the Global Innovation Index (GII).

Market Size

According to National Association of Software and Service Companies (Nasscom), the Indian IT industry's revenue touched US\$ 227 billion in FY22, a 15.5% YoY growth.

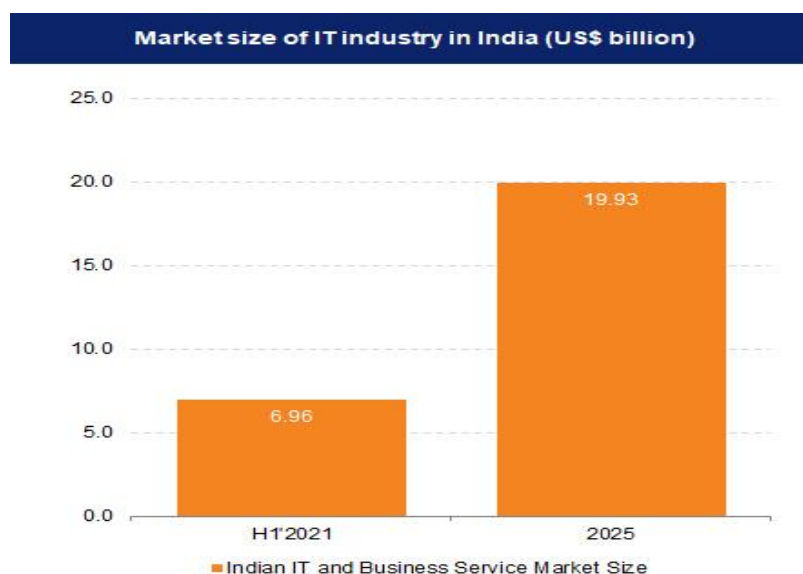

According to Gartner estimates, IT spending in India is expected to increase to US\$ 101.8 billion in 2022 from an estimated US\$ 81.89 billion in 2021.

Indian software product industry is expected to reach US\$ 100 billion by 2025. Indian companies are focusing on investing internationally to expand their global footprint and enhance their global delivery centres.

The data annotation market in India stood at US\$ 250 million in FY20, of which the US market contributed 60% to the overall value. The market is expected to reach US\$ 7 billion by 2030 due to accelerated domestic demand for AI.

Exports from the Indian IT industry stood at US\$ 149 billion in FY21. Export of IT services has been the major contributor, accounting for more than 51% of total IT export (including hardware). BPM and engineering and R&D (ER&D) and software products export accounted for 20.78% each to total IT exports during FY21. The ER&D market is expected to grow to US\$ 42 billion by 2022.

The IT industry added 4.45 lakh new employees in FY22, bringing the total employment in the sector to 50 lakh employees.

Investments/Developments

Indian IT's core competencies and strengths have attracted significant investment from major countries and companies.

- In November 2022, ICICI Bank introduced two new products for its NRI clients - Loan against Deposits (LAD) and Dollar Bonds, at its branch in GIFT City.
- In November 2022, Amazon Web Services announced the launch of its second AWS infrastructure region in India - the AWS Asia Pacific (Hyderabad) Region. By 2030, it is anticipated that the region will support more than 48,000 full-time jobs annually thanks to investments totaling more than US\$ 4.4 billion in India.
- In November 2022, Google established a partnership with local gaming startup Super Gaming through its Google Cloud division. As part of the collaboration, game developers who use Google Cloud to create, host, and distribute their games will have access to Super Gaming's Super Platform game engine.
- HDFC Bank has partnered with Flywire to enable their customers to make fee payments digitally to overseas colleges and universities.
- In August 2022, Network People Services Technologies (NPST) announced that it was working on a banking super app. The high-end platform can be used by banks, fintech companies, and other BFSI players, and it will offer a seamless user experience with all banking, financial, and transactional services combined into a robust, smart app.
- In August 2022, PwC India announced that it was planning to hire 10,000 employees in the cloud and digital technologies space over the next five years.
- In October 2022, PE/VC investments in the technology sector stood at US\$ 157 million across 12 deals.
- The computer software and hardware sector in India attracted cumulative foreign direct investment (FDI) inflows worth US\$ 88.94 billion between April 2000-June 2022. The sector ranked second in FDI inflows as per the data released by Department for Promotion of Industry and Internal Trade (DPIIT). Computer software and hardware make up 14.70% of the cumulative FDI inflows.
- In July 2022, the Union Bank of India (UBI) launched a Metaverse Virtual Lounge and Open Banking Sandbox environment in partnership with Tech Mahindra.
- In June 2022, ZStack International, a worldwide market leader in cloud computing, IaaS and PaaS solutions, announced that they were entering into India and the SAARC Region.
- In June 2022, Redington India, an IT provider, entered into a multi-year strategic agreement with Amazon Web Services (AWS) to drive cloud technology adoption in India.
- American-Irish consumer credit reporting company Experian is planning a major expansion of its global innovation centre (GIC) in Hyderabad to about 4,000 employees over the next three to five years. According to sources, GIC will concentrate on employing emerging technologies in the BFSI (banking, financial services, and insurance) sector, including cloud computing, big data analytics, artificial intelligence, and machine learning.
- In 2021, PE investments in the IT sector stood at US\$ 23.4 billion.
- India's IT startup ecosystem has received record investments of nearly US\$ 36 billion in privately held companies in 2021, up from US\$ 11 billion in 2020.
- In March 2022, Licious, India's largest tech-first, fresh animal protein brand, raised US\$ 150 million in a Series F2 funding round.
- In March 2022, Byju's raised US\$ 800 million in funding as part of a pre-IPO round, which values the Bengaluru-based company at about US\$ 22 billion.
- In March 2022, debt marketplace Cred Avenue raised US\$ 137 million in a funding round led by Insight Partners, B Capital Group and Dragoneer Investment Group, which propelled the startup's valuation to US\$ 1.3 billion.
- In February 2022, Hasura, a software company which helps developers with tools, raised US\$ 100 million in a fresh funding round led by Greenoaks Capital, which elevate the company into a unicorn.
- In January 2022, Google announced plans to invest US\$ 1 billion in India's Bharti Airtel Ltd. to push India's digital ecosystem.
- Amazon has partnered with Airtel to sell Amazon Web Services (AWS) to its customers and intends to inject US\$ 1.6 billion in their two upcoming data centres in Hyderabad.
- In November 2021, Wipro partnered with TEOCO to build solutions for communication service providers (CSPs) to improve network automation, efficiency, flexibility and reliability.
- In August 2021, Tata Consultancy Services was adjudged a leader in the Nelson Hall NEAT for CX Services in Banking, Financial Services and Insurance (BFSI).

Government Initiatives

Some of the major initiatives taken by the government to promote the IT and ITeS sector in India are as follows:

- In September 2022, the new Telecommunications Bill 2022 was published for public consultation by the Ministry of Communications as a move toward creating a new telecom framework in India.

- In August 2022, the Indian Computer Emergency Response Team (CERT-In), in collaboration with the Cyber Security Agency of Singapore (CSA), successfully planned and carried out the "Synergy" Cyber Security Exercise for 13 countries to build network resilience against ransomware attacks.
- In June 2022, STPI Director General Mr. Arvind Kumar stated that exports through STPI units have increased from Rs. 17 crore (US\$ 2.14 million) in FY21 to Rs. 5.69 lakh crore (US\$ 71.65 billion) in FY22.
- In May 2022, it was announced that Indians can now avail their Digilocker services through Whatsapp to get easy access to their official documents.
- In April 2022, the Indian Computer Emergency Response Team (CERT-In) issued Directions to strengthen the cybersecurity in the country.
- In the Union Budget 2022-23, the allocation for IT and telecom sector stood at Rs. 88,567.57 crore (US\$ 11.58 billion).
- The government introduced the STP Scheme, which is a 100% export-oriented scheme for the development and export of computer software, including export of professional services using communication links or physical media.
- In November 2021, the government launched the Internet Exchange in Uttarakhand to enhance the quality of internet services in the state.
- The Karnataka government has signed three MoUs worth US\$ 13.4 million (Rs. 100.52 crore) to help the state's emerging technology sector.
- In September 2021, the Indian government announced a plan to build a cyber-lab for the 'Online Capacity Building Programme on Crime Investigation, Cyber Law and Digital Forensics' to strengthen cyber security capabilities.
- In September 2021, the Ministry of Electronics and Information Technology (MeitY) organised a workshop under the theme of 'Connecting all Indians' to promote public and private stakeholders' interest in the country and expand internet access to remote areas.
- In September 2021, the Indian government launched the Meghalaya Enterprise Architecture Project (MeghEA) to boost service delivery and governance in the state by leveraging digital technologies, to make Meghalaya a high-income state by 2030.
- In September 2021, the Indian government launched Phase II of Visvesvaraya PhD Scheme to encourage research in 42 emerging technologies in information technology (IT), electronics system design & manufacturing (ESDM) and information technology enabled services (ITES).
- In September 2021, the Indian government inaugurated five National Institute of Electronics & Information Technology (NIELIT) Centres in three North-Eastern states to boost availability of training centres and employment opportunities.
- On July 2, 2021, the Ministry of Heavy Industries and Public Enterprises launched six technology innovation platforms to develop technologies for globally competitive manufacturing in India. The six technology platforms have been developed by IIT Madras, Central Manufacturing Technology Institute (CMTI), International Centre for Automotive Technology (iCAT), Automotive Research Association of India (ARAI), BHEL, and HMT, in association with IISc Bangalore.
- The Department of Telecom, Government of India and Ministry of Communications, Government of Japan, signed an MoU to enhance cooperation in areas of 5G technologies, telecom security and submarine optical fibre cable system.

Road Ahead

India is the topmost offshoring destination for IT companies across the world. Having proven its capabilities in delivering both on-shore and off-shore services to global clients, emerging technologies now offer an entire new gamut of opportunities for top IT firms in India.

The Indian IT & business services industry is expected to grow to US\$ 19.93 billion by 2025. Spending on information technology in India is expected to reach US\$ 144 billion in 2023. By 2026, widespread cloud utilisation can provide employment opportunities to 14 million people and add US\$ 380 billion to India's GDP.

As per a survey by Amazon Web Services (2021), India is expected to have nine times more digitally skilled workers by 2025.

In November 2021, Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, lauded the Indian IT sector for excelling its competitive strength with zero government interference. He further added that service exports from India has the potential to reach US\$ 1 trillion by 2030.

INDIAN DIGITAL TECHNOLOGY INDUSTRY OVERVIEW

Overview

Each year, NASSCOM publishes its flagship report – the Strategic Review: The Technology Sector in India – that is considered the bible for the technology industry. This year’s edition focuses on the theme “Resilience to Resurgence” and explores how various stakeholders partnered together to navigate the challenges posed by the pandemic and overcome these successfully. As a result, FY2022 is a tipping point for the industry – the year in which the industry crossed \$200 Bn in total revenue and 5 Mn in total workforce. The report examines the driving factors behind this growth via the Trends that Defined FY2022.

It also analyses in detail six global megatrends that have become prominent as a result of the pandemic and how technology is being/can be leveraged to address these areas. With an aim to define the future, the report carries, for the first time ever, NASSCOM’s TECH Scope Framework that has looked deep into the top 25 technology that will be key to unlocking value over the next 3 to 10 years. Finally, the report also presents the short-term outlook (FY2023) – a sentiment analysis of both the enterprise (end-user industries) and the technology industry perspectives – both indicate a highly positive outlook for technology.

To understand the business sentiment for 2022 (FY2023), NASSCOM conducted its annual survey of both end-user enterprises and tech CEOs. According to the NASSCOM Enterprise CXO Survey 2022, 60% CXOs indicate a 6% higher tech spend in 2022 over 2021, with focus areas around customer service, supply chain and sales & marketing. End-user enterprises are emerging as technology job creators – about 30% of respondents intend to increase their technology team by over 15%. FY2023 growth estimates for the technology industry reflect the optimism of FY2022. 72% tech CEOs indicate 2022 Tech spend to be in line with 2021 (NASSCOM Tech CEO Survey 2022). R&D investments are expected to grow between 10% and 20% over last year. Most respondents also expect to maintain or grow their hiring in line with last year.

India Annual Technology Performance FY 2022

For both global and Indian end-user enterprises, technology was the panacea that enabled firms to not just keep the lights on, but also pivot their business models to online mode, adapt products & services to emerging market forces and customer needs and enable collaboration in a distributed work model.

FY 2022 therefore has been a spectacular year of India’s technology industry; it recorded a 15.5% growth (highest ever) to reach \$227 Bn in revenue. A combination of Digital and innovation was the industry’s winning formula; Platformisation and XaaS were instrumental in accelerating tech adoption; it was also the year of the start-ups – when Tech start-ups leapfrogging into scale-up mode. The industry doubled down on operational excellence to manage margin pressures; and the eCommerce sector saw the deeper penetration of the O+O model (Offline+Online).

Another landmark that the industry achieved was to cross 5 Mn in total direct workforce, a highest-ever net addition of 445K. The industry’s “people first employee-centric” approach saw tech firms quickly adapt to Hybrid work models and scale up the industry’s digital capacity/capability building programs.

Today, the share of digital to total revenue stands at 30-32% with 1 in 3 employees being digitally skilled stamping India’s position as the Global Digital Talent Nation. These factors have pushed India’s share in global sourcing market to 59% - a testament to India’s new tech value proposition.

Furthering the Digital Transformation Acceleration Imperative

Over the next few years, end user industries (enterprise sector) are expected to contribute \$350-400 Bn to India’s dream of becoming a \$1 Tn digital economy. As per NASSCOM’s Enterprise CXO Survey 2022, globally, 70% of end-user companies aim to significantly increase their digital investments in 2022.

With an aim to guide future tech investments by both enterprises and technology firms, NASSCOM has included, in this report, its first ever TECHScope framework that has an assessment of 25 technologies that firms should prioritize over the next 3-10 years. These are expected to invite large investments and have a strong impact on the core industry, the value chain, and the overall Indian economy.

FY 2023 growth opportunities

Infrastructure and managed services, consulting; Platform BPM, data management & RPA; ER&D will see deeper penetration of engineering cloud. The software product segment will see greater offtake of productivity software, cybersecurity solutions. Finally, eCommerce industry is set to get further disrupted by the fast-growing interest around metaverse, driven by the need for more personalised experiences.

OUR BUSINESS

This chapter should be read in conjunction with, and is qualified in its entirety by, the more detailed information about our Company and its financial statements, including the notes thereto, in the section titled “Risk Factors” and chapters titled “Restated Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 23, 136 and 139 respectively, of this Draft Prospectus.

Unless otherwise indicated, the Restated Financial Statements included herein is based on our Restated Financial Statements for period ended January 31, 2023 and September 08, 2022 and Financial Years ended on March 31, 2022, 2021 and 2020 included in this Draft Prospectus. For further information, see “Restated Financial Statements” beginning on page 136 of this Draft Prospectus.

OVERVIEW

We are a Digital Technology Services company offering multitude of boutique technology services to both B2B and B2C companies around the world. Our services include Digital Technology Services, DXP (Digital Experience Platforms) Consulting and Implementation Services, Digital projects, custom software development and consulting services, delivering powerful and scalable software systems. We have built 100% inhouse capabilities across DXP platforms like Crownpeak, Optimizely, Contentful and Strapi are the some of the industry leading enterprise DXP platforms that we specialize in. We have full-spectrum capabilities across these platforms and this includes Front-end, Middleware, Backend, DXP layers as well as custom integrations with products like Salesforce, Marketo, Brightcove, Adobe Omniture, SAP Commerce etc. We have full stack Microsoft and Node based capabilities and are engaged in doing new age decoupled builds with API first and microservices based architectures.

Further, we have also gained a lot of experience doing builds for regulated industries like Insurance, Financial Services, Pharma and Healthcare service providers. Our company has also developed 100% inhouse capabilities for front-end builds using React, Angular and Blazor. We are also engaged in doing Cognitive/AI based application builds like custom Chatbots, Voice bots etc. and are now part of our offering and a dedicated practice area for us and have also started offering WCAG Testing and Remediation as a service.

Our Company was originally formed as a partnership firm under the name and style of “M/s. Accelerate Business Solutions” pursuant to a deed of partnership dated May 20, 2011, as amended from time to time. M/s. Accelerate Business Solutions was thereafter converted into a private limited Company “AccelerateBS India Private Limited” pursuant to the provisions of Chapter XXI of the Companies Act, 2013 on September 09, 2022 and fresh a certificate of incorporation dated September 11, 2022 was issued by Registrar of Companies, Central Registration Centre.

Our Company is promoted by Mr. Keyur Dipakkumar Shah and Mr. Kunal Arvind Shah who has 15+ years of experience in the field of software development and particularly Digital Technology related services.

On the DXP Platform side we are a listed and a certified solution/service partner with Crownpeak Technology, Inc. Denver, USA, Contentful, Germany and Optimizely, London. As on January 2023, Optimizely has 9 solution partners in India, and Crownpeak has 4 partners in India – and we are one of them. We are also one of the oldest and the experienced Crownpeak practice in India. We are now officially part of Magnet Network.

Our Company is also ISO/IEC 27001:2022 and ISO 9001:2015 certified organization for Digital Technology Services provider with custom software development and consulting services.

Key Performance Indicators of our Company

(₹ in Lakhs, otherwise mentioned)

Key Financial Performance	For the period ended January 31, 2023	For the period ended September 08, 2022	March 31, 2022	March 31, 2021	March 31, 2020
Revenue from Operations ⁽¹⁾	160.58	178.36	352.21	449.97	484.65
EBITDA ⁽²⁾	39.93	54.48	47.60	69.63	109.68

PAT Margin (%) ⁽⁵⁾	16.33%	18.50%	7.36%	9.45%	14.10%

Notes:

- (1) Revenue from operation means revenue from sale of services
- (2) EBITDA is calculated as Profit before tax + Depreciation + Interest Expenses
- (3) EBITDA Margin is calculated as EBITDA divided by Revenue from Operations
- (4) PAT Margin is calculated as PAT for the period/year divided by revenue from operations

OUR LOCATIONS

Registered Office	Office 604, Quantum Tower, Off S.V. Road, Ram Baug, Malad West, Mumbai – 400 064, Maharashtra, India
Branch Office	A-206, Safal Pegasus, 100 Feet Anand Nagar Road, Prahalad Nagar, Ahmedabad – 380 015, Gujarat, India

OUR PRODUCTS AND SERVICES

We are agile, experienced service provider and offer a complete range of custom software development and consulting services in the Digital Transformation space. From idea to design to development and deployment, our proven consulting and development methodologies enable us to consistently deliver powerful and scalable software systems, on time and on budget.

Some of the prominent tools and technologies that we work with day-in day-out are:

- **Platforms:** Crownpeak, Optimizely, Contentful and Strapi
- **Front-end:** Angular, ReactJS, VueJS, Blazor
- **Back-end:** NET, NodeJS, Laravel
- **Mobile:** React Native, Xamarin, Ionic, Cordova
- **QA & Test Automation:** JMeter, Selenium, Postman, SoapUI, Browserstack, Mocha, Cypress
- **Cloud:** Azure, AWS
- **DevOps:** Jenkins, Azure Pipelines, Kubernetes, Docker
- **Project Management & Bug Tracking:** Jira, Azure DevOps

1. *Digital Applications*

We specialize doing custom application builds across multiple digital touchpoints like – Web, Mobile, Voice bots and Chatbots. This includes the application layer, API layers, DB layers, Middleware's, Cognitive/AI builds and everything in between for both B2B and B2C companies for all their digital needs.

2. *DXP (Digital Experience Platforms) Implementations*

DXP implementation is one of our specialities where we help setup, maintain, integrate and scale these DXP platforms per the business needs, to in-turn build efficient and scalable digital systems and assets across all touchpoints.

Crownpeak, Optimizely, Contentful and Strapi are some of the prominent enterprise DXP products that we specialize in. We are also a certified solution/services partner with Crownpeak & Optimizely.

3. *Web and Mobile Apps*

We specialize in multitude of back-end and front-end technologies like .NET, NodeJS, Laravel, React Native, Xamarin, Ionic, Cordova, ReactJS, VueJS, Angular and Blazor, with 100% inhouse capabilities to build both Web and Mobile systems that are easily maintainable and scalable.

4. *Cloud Infrastructure - Azure and AWS*

We help modernize your infra with using the best of available cloud services over Azure and AWS. Cloud offers flexibility and scalability to innovate and build next gen applications with ease. AccelerateBS has experience to build modern and secure platforms, support and manage cloud infrastructures - at scale. Our Managed Cloud service helps you find and select the right cloud technologies that fit your needs. We help ease your journey towards cloud adoption with our structured process, experience and documented best practices - that delivers the desired ROI on your cloud investments.

5. *QA & Test Automation*

We also provide Quality Assurance and Test Automation related services for both Web and Mobile, with expertise in multiple tools and frameworks like JMeter, Selenium, Postman, SoapUI, Browserstack, Mocha and Cypress.

6. *WCAG Accessibility Testing & Remediation services*

We provide Accessibility Testing and remediation services to help you and your digital assets be more inclusive towards people with special abilities. We have a strong background and experience in testing and remediation for your compliance needs, be it, ADA Compliance, WCAG Conformance or VPAT.

7. *Custom Chatbots and Voice bots*

We build custom chatbots & voice bots for different business scenarios like support, discovery, marketing and sales.

KEY BUSINESS PROCESS

We use the combination of both iterative and incremental process models as part of our broader agile software development practices. It focuses on process adaptability and customer satisfaction by rapid delivery of working software product. Agile SDLC (Software Development Life Cycle) breaks down the product into small incremental builds. These builds are provided into iterations and are delivered iteratively to the customer. This results in better customer engagement and in turn better customer satisfaction.

Requirement Analysis & Gathering

Requirement analysis is the most important and fundamental stage in SDLC. It is performed by the senior members of the team with inputs from the customer, the sales department, market surveys and domain experts in the industry. This information is then used to plan the basic project approach and to conduct product feasibility study in the economical, operational and technical areas.

Planning for the quality assurance requirements and identification of the risks associated with the project is also done in the planning stage. The outcome of the technical feasibility study is to define the various technical approaches that can be followed to implement the project successfully with minimum risks.

Systems Design

At this step, desired features and operations are described in detail, including screen layouts, business rules, process diagrams, pseudocode, and other documentation. A design approach clearly defines all the architectural modules of the project along with its communication and data flow representation with the external and third party modules (if any). The output of this stage will describe the new system as a collection of modules or subsystems.

Implementation

In this stage of SDLC the actual development / programming code starts and the project is built. If the design is performed in a detailed and organized manner, code generation can be accomplished without much hassle.

Testing

This stage is usually a subset of all the stages as in the modern SDLC models, the testing activities are mostly involved in all the stages of SDLC. However, this stage refers to the testing only stage of the project where project defects are reported, tracked, fixed and retested, until the project reaches the defined quality standards.

Evolution

Modern SDLCs are Iterative in nature, iterative process starts with a simple implementation of a small set of the software requirements and iteratively enhances the evolving versions until the complete system is implemented and ready to be deployed.

An iterative life cycle model does not attempt to start with a full specification of requirements. Instead, development begins by specifying and implementing just part of the software, which is then reviewed to identify further requirements. This process is then repeated, producing a new version of the software at the end of each iteration of the model.

OUR COMPETITIVE STRENGTHS

1. Experienced promoters and management team

We are led by a qualified and experienced management team that has the expertise and vision to manage and grow our business and promote our sustainability goals. Our promoters, Mr. Kunal Arvind Shah, Chairman and Managing Director has an experience of 15 years in the Digital Technology Services Industry and was previously associated with Lehman Brothers, Barclays Capital, Operations and Delivery and Mr. Keyur Dipakkumar Shah, Wholetime Director having an experience of 15 years in technology, quality and digital marketing and has worked with companies like Motorola and Atlas Medical on various roles in his previous stint.

Our management and employee team combines and experience to outline plans for the future development of the company. Industry knowledge and understanding also gives us the key competitive advantage enabling us to expand our geographical and customer presence in existing as well as target markets, while exploring new growth avenues. We have an experienced management team with significant experience in the industry. For details, relating to the experience of our promoters and management, please see the chapters titled, “*Our Management*” and “*Our Promoters and Promoter Group*” on page 136 and 130 of this Draft Prospectus. We believe this facilitates effective operational coordination and continuation of business strategies. Their individual industry experience enables us to anticipate and address market trends, manage and grow our operations.

2. Established relationships with customer base

We strive to improve our performance and ability to build longstanding relationships with our customers. This has been made possible by virtue of our adaptability to changing customer needs and our ability to service product lines right through their life cycle. Our product portfolio has helped us forge strong relationships with our major clients. We have established and will continue to focus on strengthening longstanding relationships with well-known customers across various industries that we cater to. We have a number of companies as our customers across industry vertical, thus indicating the quality of our client base. The varied applications of our products have helped us build a wide customer base across many end-use industries. From idea to design to development and deployment, our proven consulting and development methodologies enable us to consistently deliver powerful and scalable software systems, on time and on budget. This is complemented by a strong client value delivery process, with strong focus on up-selling and cross-selling. Some of our marquee customers across the end-use industries that we cater to include Insurance, Financial Services, Pharma and Healthcare service providers. Our wide customer base across various sectors reduces our dependence on any one end-use industry and provides a natural hedge against market instability in a particular end-use industry.

3. Integrated Technology Platform

We have full stack Microsoft and Node based capabilities and are experienced in doing new age decoupled builds with API first and microservices based architectures. We have also developed 100% inhouse capabilities for front-end builds using React, Angular and Blazor. We have also invested heavily to build capabilities in doing Cognitive/AI based application builds like custom Chatbots, Voice bots etc. and are now part of our offering and a dedicated practice area for us.

4. Specialty DXP Platforms

We have a decade plus of experience in the DXP space having very high entry barriers and a larger learning curve to be able to build applications on top of them. Along with the same, we are a certified solution/service partners with two prominent enterprises in the market namely, Crownpeak, Contentful and Optimizely. We have built full spectrum capabilities around these platforms for all touch points with supporting multitude of technology stacks and 100% in-house capabilities.

5. Accessibility Compliance

Web accessibility is not only ethical but also a sound business practice as well as a legal obligation. As the internet is increasingly becoming part of people’s daily lives, it could be said that web accessibility for users with disabilities is a civil right. According to The Americans with Disabilities Act, people with disabilities have the right to enjoy equal access to public services. Although the ADA does not specify web accessibility as a civil right, the legislation could also be interpreted as extending to the internet. In fact, there have already been several legal cases where the U.S. Department of Justice has determined that inaccessible websites may be a violation of the ADA — and these cases are growing more

common. Same is the case for other regions around the world - including EU, UK and APAC regions where many countries are coming up with accessibility related laws. For businesses to avoid potential litigation for discrimination, accessibility should be prioritized by following the Web Content Accessibility Guidelines (WCAG).

6. *MAGNET Global Network*

MAGNET membership validates our Global & Local credibility, provides scale, an enhanced competitive muscle, partnerships, thought leadership and access to global markets. This also brings forth the possibilities of internal MAGNET partnerships and shared businesses, strengthening our sales pipeline as well as an easy access to multiple regions including North America and EU, which has been our core focus.

OUR BUSINESS STRATEGIES

1. *Growth in the customer base*

We intend to grow our customer base by continuing to provide products and services in a seamless and integrated technology platform that meets all their business needs. We rely on repetitive orders from the existing clients and references given to the new clients by the existing ones. We intend to continuously update our relationship map, which may lead to new opportunities and creating a base in the IT Industry. We participate in multiple sessions/ seminars/ community gatherings which enables us to interact with the potential leads, thereby increasing our customer base.

2. *Support Contracts*

We intend to grow the volume of our support contracts which are lucrative and repetitive in nature and enhances our chances to win future project work and larger enhancements / integrations with the same customer. Support contracts generate more revenue from low-maintenance customers with stable, static infrastructures than would be realized from other arrangements, in turn providing for better margins. It also benefits the consumer by giving them the required flexibility, which is incredibly important in many industries where unforeseen circumstances and the need for reactive work is a commonplace - which in turn leads to better integration with the customer teams and hence more integrated deliveries.

3. *White-labelled services*

We intend to partner with multiple digital agencies across North America and EU regions and build and operate as an ODC (Off-shore development centre) for these agencies, with deep team integration with them for mutual benefit and business growth.

4. *Leveraging the MAGNET global network*

We intend to focus on relationship building with all the member agencies of the MAGNET Network and partner with them for mutual benefit. We will be chasing business internally with the MAGNET members as well as partnering with them for some larger opportunities.

5. *Focus on Digital Transformation*

Armed with the depth and the breath of the technology services we offer; we will continue to focus on this space and chase opportunities across industries and regions.

6. *Cost Optimization and productivity*

With our functional office in Ahmedabad, we intend to optimize our resourcing and talent costs with new engineers and consultants getting hired in this location, with a focus on improving our margins and optimizing costs. This improves our productivity with improved IT infrastructure, reasonable talent costs, access to large IT talent pool and favourable talent onboarding times.

7. *Product Support*

We have partnered with Crownpeak to provide support for their DXP and DQM product suites for the APAC and Eastern Time zones. We handle Level 1 and Level 2 product support tickets for them during these hours. We intend to push this relationship further and assign more support professionals and cover more time zones and improve revenues.

COLLABORATIONS

We have tie up with Crownpeak DXP, Contentful DXP and Optimizely DXP and are listed as solution partners on their respective website for providing DXP (Digital Experience Platforms) Consulting and Implementation Services. We are also a part of the MAGNET Global Network, USA.

UTILITIES

Our registered office is situated at Mumbai and a satellite development centre in Ahmedabad. The offices are equipped with computer systems, internet connectivity, other communication equipment, security and other facilities which are required for our business operations to function smoothly. Our offices are well equipped with requisite utilities and facilities including the following:

Power

Our Company meets its power requirements in our offices from the local electricity supplier and the same is sufficient for our day-to-day functioning.

Water

Our registered office and branch office have adequate water supply arrangements for human consumption purpose. The requirements are fully met at the existing premises.

EXPORT AND EXPORT OBLIGATIONS

As on date of this Draft Prospectus, our Company does not have any export and export obligations.

INTELLECTUAL PROPERTY RIGHTS

As on date of this Draft Prospectus, our Company does not have any intellectual property rights.

PLANT AND MACHINERY

Our Company does not have any plant and machinery since our business is not in the nature of a manufacturing concern.

CAPACITY AND CAPACITY UTILIZATION

Capacity and capacity utilization is not applicable to our Company since our business is not in the nature of a manufacturing concern with specified installed capacity.

HUMAN RESOURCE

We are largely dependent on our highly skilled and technically competent workforce for timely completion of our projects. We undertake selective and need-based recruitment as per identified manpower requirements identified in the manpower plan.

As on January 31, 2023, we have around 38 permanent employees to look after the day-to-day business operations, administrative, secretarial, legal and accounting functions in accordance with their respective designated duties.

COMPETITION

We operate in a competitive atmosphere. Some of our competitors may have greater resources than those available to us. While product quality, brand value, distribution network, etc. are key factors in client decisions among competitors, however, reliability and competitive pricing is the deciding factor in most cases. We face fair competition from both organized and unorganized players in the market.

With increased competition, our ability to estimate costs to provide services required under the contracts and ability to deliver the project timely will determine our profitability and competitive position in the market. While service quality, technological capacity and performance, health and safety records and personnel, as well as reputation and experience and sufficiency of financial resources are important considerations in authority decisions, there can be no assurance that we would be able to meet such qualification criteria, particularly for larger projects.

MARKETING STRATEGY

We intend to focus on reputation building with focus on showcasing our credentials across multiple marketing channels with both Outbound and Inbound outreach programs. We also use different marketing automation tools and publish web ads focused on the regions we intend to sell to, through Google Ads and others. We will also look deepen our relationships with both Optimizely, Contentful and Crownpeak and look for additional business through their Partner ecosystem – along with showcasing us as experts in both of these product suites. We will continue our focus on MAGNET member agencies through different meetups and summits – and focus on generating additional leads through the network.

QUALITY CONTROL

Our Company has been accredited with ISO/IEC 27001:2022 and ISO: 9001:2015 for Digital Technology Services provider with custom software development and consulting services.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the GoI and other regulatory bodies that are applicable to our business. The information detailed below has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies, and the bye laws of the respective local authorities that are available in the public domain. The regulations set out below may not be exhaustive and are merely intended to provide general information to the shareholders and neither designed, nor intended to substitute for professional legal advice. For details of government approvals obtained by us, see the section titled “Government and Other Statutory Approvals” on page 161 of this Draft Prospectus.

THE COMPANIES ACT

The consolidation and amendment in the law relating to the Companies Act, 1956 made way to the enactment of the Companies Act, 2013 and rules made thereunder.

The Companies Act primarily regulates the formation, financing, functioning and restructuring of Companies as separate legal entities. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

SEBI REGULATIONS

Securities And Exchange Board of India is the regulatory body for securities market transactions including regulation of listing and delisting of securities. It forms various rules and regulations for the regulation of listed entities, transactions of securities, exchange platforms, securities market and intermediaries thereto. Apart from the SEBI Act, 1992, SCRA 1956, SCRR 1957 and other rules and regulations, listed entities are mainly regulated by SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 and SEBI (Prohibition of Insider Trading) Regulations, 2015.

TAX RELATED REGULATIONS

Income Tax Act, 1961

Income Tax Act, 1961 is applicable to every Domestic / Foreign Company whose income is taxable under the provisions of this Act or Rules made under it depending upon its “Residential Status” and “Type of Income” involved. U/s 139(1) every Company is required to file its Income tax return for every Previous Year by 30th September of the Assessment Year. Other compliances like those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like are also required to be complied by every Company.

Goods and Service Tax Act, 2017

The Central Goods and Services Tax Act, 2017 is an Act to make a provision for levy and collection of tax on intra-State supply of goods or services or both by the Central Government and for matters connected therewith or incidental thereto. In line with CGST Act, each state Governments has enacted State Goods and Service Tax Act for respective states.

Goods and Services Tax (GST) is a comprehensive indirect tax on manufacture, sale and consumption of goods and services throughout India to replace taxes levied by the central and state governments. This method allows GST-registered businesses to claim tax credit to the value of GST they paid on purchase of goods or services or both as part of their normal commercial activity. The mechanism provides for two level taxation of interstate and intra state transactions. When the supply of goods or services happens within a state called as intra-state transactions, then both the CGST and SGST will be collected. Whereas if the supply of goods or services happens between the states called as inter-state transactions and IGST will be collected. Exports are considered as zero-rated supply and imports are levied the same taxes as domestic goods and services adhering to the destination principle in addition to the Customs Duty which has not been subsumed in the GST.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e. bringing into India from a place outside India or at the time of export of goods i.e. taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer

Exporter Code). Imported goods in India attract basic customs duty, additional customs duty and education cess. The rates of basic customs duty are specified under the Customs Tariff Act 1975. Customs duty is calculated on the transaction value of the goods. Customs duties are administered by Central Board of Excise and Customs under the Ministry of Finance

State Tax on Profession, Trades, Callings and Employment Rules, 1975

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional tax is classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner.

National Digital Communications Policy 2018

With significant capabilities in both telecommunications and software, India, more than most countries, stands poised to benefit from harnessing new digital technologies and platforms to unlock productivity, as well as to reach unserved and underserved markets; thus, catalyzing economic growth and development, generating new-age jobs and livelihoods, and ensuring access to next generation services for its citizens. This policy aims for Universal Coverage rather than revenue maximization. This policy and principles framework will enable creation of a vibrant competitive telecom market to strengthen India's long-term competitiveness and serve the needs of our aspiring nation. The Policy aims to remove regulatory barriers and reduce the regulatory burden that hampers investments, innovation and consumer interest and identifies steps to strengthen the sector's institutional mechanism and legislative framework, to ensure that India's economy and citizens can derive the full potential of its digital communications sector.

Data Center Policy, 2020

Indian Data Centre market has seen tremendous growth in the past decade, riding on the explosion of data through smartphones, social networking sites, ecommerce, digital entertainment, digital education, digital payments and many other digital businesses / services. This growth in data is further stimulated by adoption of emerging technologies such as quantum computing, artificial intelligence, internet of things etc. While the Data Centre sector is witnessing growth in the country, there are known impediments to its growth such as lack of infrastructure or Industry status of the Data Centres, complex clearance processes, time consuming approvals, high cost of power, lack of published standards, absence of specialised building norms for building the Data Centres, submarine cable network connectivity limited to few states and high cost of

capital and operational expenditure etc. This policy aims to offset these challenges in order to accelerate the current pace of growth and propel India in becoming a global Data Centre hub.

E-Waste (Management) Rules, 2016

SUMMARY SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS AS RESTATED**A. COMPANY INFORMATION**

Our Company was originally formed as a partnership firm under the name and style of “M/s. Accelerate Business Solutions” pursuant to a deed of partnership dated May 20, 2011, as amended from time to time. M/s. Accelerate Business Solutions was thereafter converted into a private limited Company “AccelerateBS India Private Limited” pursuant to the provisions of Chapter XXI of the Companies Act, 2013 on September 09, 2022 and fresh a certificate of incorporation dated September 11, 2022 was issued by Registrar of Companies, Central Registration Centre. Subsequently, our Company has been converted into a public limited company and the name of our Company changed to “AccelerateBS India Limited” pursuant to a special resolution passed at the Extra-Ordinary General Meeting of our Company held on March 08, 2023 and a fresh Certificate of incorporation dated April 20, 2024, 2023 is issued by the Registrar of Companies, Mumbai. The Corporate Identity Number of our Company is U72200MH2022PLC390266.

SIGNIFICANT ACCOUNTING POLICIES**1. Accounting Convention**

The financial statements are prepared under the historical cost convention on the “Accrual Concept” and Going Concern assumption of accountancy in accordance with the accounting principles generally accepted in India and comply with the accounting standards as prescribed by Companies (Accounting Standard) Rules, 2006 and with the relevant provisions of the Companies Act, 2013 and rules made there under.

2. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities on the date of the financial statement and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which results are known/materialized.

3. Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation. Cost comprises of all expenses incurred to bring the assets to its present location and condition. Borrowing cost directly attributable to the acquisition /construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charge on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same are allocated to the respective t on completion of construction / erection of the capital project / fixed assets.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future economic benefits from the existing asset beyond its previously assessed standard of performance.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as “Capital Work in Progress.”

4. Impairment of Assets

At each balance sheet date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset’s net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

5. Depreciation

All fixed assets, except capital work in progress, are depreciated on WDV Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the date of such addition /deletion as the case may be.

6. Investments

Investments are classified into current investments and non-current investments. Current investments i.e. investments that are readily realizable and intended to be held for not more than a year valued at cost. Any permanent reduction in the carrying amount or any reversals of such, reductions are charged or credited to the Statement of Profit & loss Account.

Non-current investments are stated at cost. Provision for diminution in the value of these investments is made only if such decline is other than temporary, in the opinion of the management.

7. Inventories

The company is in the business of providing services hence it doesn't have any inventories.

8. Revenue Recognition

Revenue from the operations is recognized on generally accepted accounting principal and when it is earned and no significant uncertainty exists as to its ultimate collection and includes taxes, wherever applicable.

The capital gain on sale of investments if any are recognized on completion of transaction. No notional profit/loss are recognized on such investments.

Revenue from sale of product is recognized, net of trade discounts. Sales exclude indirect taxes.

Interest income is recognized on time proportion basis, when it is accrued and due for payment.

9. Borrowing Cost

Borrowing cost that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying assets is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

10. Employee Benefits

Short – term employee benefits are recognized as an expense at the undiscounted amount in the profit & loss account of the year in which the related service is rendered.

Post employment and other long term employee benefits are recognized as an expense in the profit & loss account for the year in which the liabilities are crystallized.

11. Taxes on Income

Income tax expenses for the year comprises of current tax and deferred tax. Current tax provision is determined on the basis of taxable income computed as per the provisions of the Income Tax Act. Deferred tax is recognized for all timing differences that are capable of reversal in one or more subsequent periods subject to conditions of prudence and by applying tax rates that have been substantively enacted by the balance sheet date.

12. Foreign Currency Translation

- a) Transaction denominated in foreign currencies are recorded at the exchange rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the year end are restated at closing rate.
- b) Any exchange difference on account of settlement of foreign currency transaction and restatement of monetary assets and liabilities denominated in foreign currency is recognized in the statement of Profit & loss Account.

Borrowing cost directly attributable to the acquisition /construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charge on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same are allocated to the respective t on completion of construction / erection of the capital project / fixed assets.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future economic benefits from the existing asset beyond its previously assessed standard of performance.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as “Capital Work in Progress.”

4. Impairment of Assets

At each balance sheet date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset’s net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

5. Depreciation

All fixed assets, except capital work in progress, are depreciated on WDV Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the date of such addition /deletion as the case may be.

6. Investments

Investments are classified into current investments and non-current investments. Current investments i.e. investments that are readily realizable and intended to be held for not more than a year valued at cost. Any permanent reduction in the carrying amount or any reversals of such, reductions are charged or credited to the Statement of Profit & loss Account.

Non-current investments are stated at cost. Provision for diminution in the value of these investments is made only if such decline is other than temporary, in the opinion of the management.

7. Inventories

The company is in the business of providing services hence it doesn’t have any inventories.

8. Revenue Recognition

Revenue from the operations is recognized on generally accepted accounting principal and when it is earned and no significant uncertainty exists as to its ultimate collection and includes taxes, wherever applicable.

The capital gain on sale of investments if any are recognized on completion of transaction. No notional profit/loss are recognized on such investments.

Revenue from sale of product is recognized, net of trade discounts. Sales exclude indirect taxes.

Interest income is recognized on time proportion basis, when it is accrued and due for payment.

9. Borrowing Cost

QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Financial Market Risks

Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk. We are exposed to interest rate risk, inflation and credit risk in the normal course of our business.

Interest Rate Risk

Our financial results are subject to changes in interest rates, which may affect our debt service obligations in future and our access to funds.

Effect of Inflation

In line with changing inflation rates, we may rework our margins so as to absorb the inflationary impact.

Credit Risk

We are exposed to credit risk on monies owed to us by our customers. If our customers do not pay us promptly, or at all, we may have to make provisions for or write-off such amounts.

OTHER MATTERS

Details of Default, if any, Including Therein the Amount Involved, Duration of Default and Present Status, in Repayment of Statutory Dues or Repayment of Debentures or Repayment of Deposits or Repayment of Loans from any Bank or Financial Institution

Except as disclosed in chapter titled “*Restated Financial Statements*” beginning on page 136 of this Draft Prospectus, there have been no defaults in payment of statutory dues or repayment of debentures and interest thereon or repayment of deposits and interest thereon or repayment of loans from any bank or financial institution and interest thereon by the Company.

Material Frauds

There are no material frauds, as reported by our statutory auditor, committed against our Company, in the last three Fiscals.

Unusual or infrequent events or transactions

Except as described in this Draft Prospectus, during the period/ years under review there have been no transactions or events, which in our best judgment, would be considered “unusual” or “infrequent”.

Significant Economic Changes that Materially Affected or are Likely to Affect Income from Continuing Operations

Indian rules and regulations as well as the overall growth of the Indian economy have a significant bearing on our operations. Major changes in these factors can significantly impact income from continuing operations. There are no significant economic changes that materially affected our Company’s operations or are likely to affect income from continuing operations except as described in chapter titled “*Risk Factors*” beginning on page 23 of this Draft Prospectus.

Known trends or uncertainties that have had or are expected to have a material adverse impact on revenue or income from continuing operations

Other than as described in the section titled “*Risk Factors*” and chapter titled “*Management’s Discussion and Analysis of Financial Conditions and Results of Operations*”, beginning on page 23 and 139 of this Draft Prospectus respectively to our knowledge there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on revenues or income of our company from continuing operations.

Future relationship between Costs and Income

Other than as described in the section titled “*Risk Factors*” beginning on page 23 of this Draft Prospectus, to our knowledge there are no factors, which will affect the future relationship between costs and income or which are expected to have a material adverse impact on our operations and finances.

The extent to which material increases in revenue or income from operations are due to increased volume, introduction of new products or services or increased prices

Changes in revenue in the last three financial years are as explained in the part “*Financial Year 2021-22 compared with financial year 2020-21 and Financial Year 2020-21 Compared with Financial Year 2019-20*” above.

Any significant dependence on a single or few suppliers or customers

Significant proportion of our revenue have historically been derived from a limited number of customers. The % of contribution of our customers *vis a vis* the revenue from operations for the period ended on January 31, 2023, September 08, 2022 and for the financial years March 31, 2022, 2021 and 2020 are as follows:

Particulars	Customers				
	January 31, 2023	September 08, 2022	March 31, 2022	March 31, 2021	March 31, 2020
Top 5 (%)	83.76%	100.00%	100.00%	100.00%	100.00%

Status of any publicly announced new products or business segments

Please refer to the chapter titled “*Our Business*” beginning on page 98 of this Draft Prospectus for new products or business segments.

The extent to which the business is seasonal

Our business is not seasonal in nature.

Competitive Conditions

We face competition from various domestic and other players in the market. Most of our competitors in the regional level are from the unorganized sector of the industry. We intend to continue competing vigorously to capture more market share and manage our growth in an optimal way. Some of our competitors have greater financial, marketing, sales and other resources than we do. However, we expect that our commitment to quality, past record of timely execution and transparency will provide us with an edge over our competitors. Further we believe that our competition also depends on several factors which include changing business framework, competitive price, established relationship with suppliers, brand recognition etc. We expect competition to intensify due to possible new entrants in the market, existing competitors further expanding their operations and our entry into new markets where we may compete with well-established unorganized companies/entities. This we believe may impact our financial condition and operations. For details, please refer to the section titled “*Risk Factors*” beginning on page 23 of this Draft Prospectus.

DISCLAIMER IN RESPECT OF JURISDICTION

This Offer is being made in India to persons resident in India including Indian nationals resident in India (who are not minors, except through their legal guardian), Hindu Undivided Families (HUFs), companies, corporate bodies and societies registered under the applicable laws in India and authorized to invest in shares, Mutual Funds, Indian financial institutions, commercial banks, regional rural banks, co-operative banks (subject to RBI permission), Trusts registered under the Societies Registration Act, 1860, as amended from time to time, or any other trust law and who are authorised under their constitution to hold and invest in shares, permitted insurance companies and pension funds and to non-residents including NRIs and FIIs. This Draft Prospectus does not, however, constitute an offer to sell or an invitation to subscribe to Equity Shares offered hereby in any other jurisdiction to any person to whom it is unlawful to make an offer or invitation in such jurisdiction. Any person into whose possession the Draft Prospectus comes is required to inform himself or herself about, and to observe, any such restrictions. Any dispute arising out of this Offer will be subject to the jurisdiction of appropriate court(s) in Mumbai only.

No action has been or will be taken to permit a public offering in any jurisdiction where action would be required for that purpose. Accordingly, the Equity Shares represented thereby may not be offered or sold, directly or indirectly, and the Draft Prospectus may not be distributed, in any jurisdiction, except in accordance with the legal requirements applicable in such jurisdiction. Neither the delivery of the Draft Prospectus nor any sale hereunder shall, under any circumstances, create any implication that there has been any change in the affairs of our Company and Selling Shareholders since the date hereof or that the information contained herein is correct as of any time subsequent to this date.

The Equity Shares have not been, and will not be, registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Further, each Applicant where required agrees that such Applicant will not sell or transfer any Equity Shares or create any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S Securities Act and in compliance with applicable laws, legislations and Prospectus in each jurisdiction, including India.

DISCLAIMER CLAUSE OF THE BSE

As required, a copy of the Draft Prospectus shall be submitted to the BSE SME. The Disclaimer Clause as intimated by the BSE SME to us, post scrutiny of the Draft Prospectus, shall be included in the Prospectus prior to the filing with RoC.

DISCLAIMER CLAUSE UNDER RULE 144A OF THE U.S. SECURITIES ACT

The Equity Shares have not been and will not be registered under the U.S. Securities Act 1933, as amended (the “Securities Act”) or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S of the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Equity Shares will be offered and sold (i) in the United States only to “qualified institutional buyers”, as defined in Rule 144A of the Securities Act, and (ii) outside the United States in offshore transactions in reliance on Regulations under the Securities Act and in compliance with the applicable laws of the jurisdiction where those offers and sales occur.

Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in compliance with Regulations under the Securities Act and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been, and will not be, registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction. Further, each applicant, wherever requires, agrees that such applicant will not sell or transfer any Equity Share or create any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in compliance with applicable laws and legislations in each jurisdiction, including India.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applicants may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

LISTING

Application have been made to BSE SME for obtaining permission for listing of the Equity Shares being offered and sold in the Offer on its BSE SME after the allotment in the Offer. BSE is the Designated Stock Exchange, with which the Basis of Allotment will be finalized for the Offer.

Our company has obtained In-principle approval from BSE vide letter dated [●] to use name of BSE in the Prospectus for listing of equity shares on BSE SME.

If the permissions to deal in and for an official quotation of our Equity Shares are not granted by the BSE SME, the Company shall unblock, without interest, all moneys received from the applicants in pursuance of the Prospectus in accordance with applicable law and the Selling Shareholders will be liable to reimburse our Company for any such repayment of monies, on its behalf, with respect to their Offered Shares. If such money is not repaid within the prescribed time, then our Company, the Selling Shareholders and every officer in default shall be liable to repay the money, with interest, as prescribed under applicable law. Any expense incurred by our Company on behalf of any of the Selling Shareholders with regard to interest on such refunds will be reimbursed by such Selling Shareholder in proportion to its respective portion of the Offered Shares. For the avoidance of doubt, subject to applicable law, a Selling Shareholder shall not be responsible to pay and/or reimburse any expenses towards refund or any interest thereon for any delay, unless such delay has been caused by any act or omission solely and directly attributable to such Selling Shareholder and in any other case the Company shall take on the responsibility to pay interest. It is clarified that such liability of a Selling Shareholder shall be limited to the extent of its respective portion of the Offered Shares.

Our Company shall ensure that all steps for the completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchange are taken within six Working Days from the Offer Closing Date or within such other period as may be prescribed. The Selling Shareholders confirm that it shall extend complete co-operation

required by our Company and the LM for the completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchange within six Working Days from the Offer Closing Date, or within such other period as may be prescribed. If our Company does not Allot the Equity Shares within six Working Days from the Offer Closing Date or within such timeline as prescribed by SEBI, all amounts received in the Public Offer Accounts will be unblocked, without interest, failing which interest shall be due to be paid to the Applicants at the rate of 15% per annum for the delayed period, subject to applicable law.

STOCK MARKET DATA OF EQUITY SHARES

This being an initial public Offer of the Equity Shares of our Company, the Equity Shares are not listed on any stock exchange and accordingly, no stock market data is available for the Equity Shares.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES

The Company and the Selling Shareholders has appointed Bigshare Services Private Limited as the Registrar to the Offer, to handle the investor grievances in co-ordination with the Compliance Officer of the Company. All grievances relating to the present Offer may be addressed to the Registrar with a copy to the Compliance Officer, giving full details such as name, address of the applicant, number of Equity Shares applied for, amount paid on application and name of bank and branch. The Company would monitor the work of the Registrar to ensure that the investor grievances are settled expeditiously and satisfactorily.

The Registrar to the Offer will handle investor's grievances pertaining to the Offer. A fortnightly status report of the complaints received and redressed by them would be forwarded to the Company. The Company would also be co-ordinating with the Registrar to the Offer in attending to the grievances to the investor.

All grievances relating to the ASBA process may be addressed to the SCSBs, giving full details such as name, address of the applicant, number of Equity Shares applied for, amount paid on application and the Designated Branch of the SCSB where the Application Form was submitted by the ASBA Applicant. We estimate that the average time required by us or the Registrar to the Offer or the SCSBs for the redressal of routine investor grievances will be seven business days from the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, we will seek to redress these complaints as expeditiously as possible.

Our Company will obtain authentication on the SCORES and will comply with the SEBI circular (CIR/OIAE/1/2013) dated April 17, 2013, SEBI circular (CIR/OIAE/1/2014) dated December 18, 2014 and SEBI circular (SEBI/HO/OIAE/IGRD/CIR/P/2021/642) dated October 14, 2021 and any amendment thereto, in relation to redressal of investor grievances through SCORES, prior to filing the Prospectus.

In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and subject to applicable law, any ASBA Applicant whose Application has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within 3 months of the date of listing of the Equity Shares. SCSBs are required

to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

All grievances relating to Applications submitted with the Registered Brokers, may be addressed to the Stock Exchanges, with a copy to the Registrar to the Offer. Further, Applicants shall also enclose a copy of the Acknowledgment Slip received from the Designated Intermediaries in addition to the information mentioned hereinabove.

Our Company, Selling Shareholders, the LM and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of any SCSB, Registered broker, Syndicate member, RTA or CDP including any defaults in complying with its obligations under the SEBI ICDR Regulations.

STATUS OF INVESTOR COMPLAINTS

We confirm that we have not received any investor complaint during the three years preceding the date of this Draft Prospectus and hence there are no pending investor complaints as on the date of this Draft Prospectus.

DISPOSAL OF INVESTOR GRIEVANCES BY OUR COMPANY

The Company and the Selling Shareholders has appointed Registrar to the Offer, to handle the investor grievances in co-ordination with our Company. All grievances relating to the present Offer may be addressed to the Registrar with a copy to the Compliance Officer, giving full details such as name, address of the Applicant, number of Equity Shares applied for, amount paid on application and name of bank and branch. The Company would monitor the work of the Registrar to the Offer to ensure that the investor grievances are settled expeditiously and satisfactorily. The Registrar to the Offer will handle investor's grievances pertaining to the Offer. A fortnightly status report of the complaints received and redressed by them would be forwarded to the Company. The Company would also be coordinating with the Registrar to the Offer in attending to the grievances to the investor.

All grievances relating to the ASBA process and UPI may be addressed to the SCSBs, giving full details such as name, address of the Applicant, number of Equity Shares applied for, amount paid on application and the Designated Branch of the SCSB where the Application Form was submitted by the ASBA Applicant. We estimate that the average time required by us or the Registrar to the Offer or the SCSBs for the redressal of routine investor grievances will be seven (7) business days from the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, we will seek to redress these complaints as expeditiously as possible.

The Registrar to the Offer shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA applicants or UPI Payment Mechanism Applicants. Our Company, the Selling Shareholders, the Lead Manager and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs / Sponsor Bank including any defaults in complying with its obligations under applicable SEBI ICDR Regulations.

Our Board by a resolution on April 20, 2023 has also constituted a Stakeholders' Relationship Committee. The composition of the Stakeholders' Relationship Committee is as follows:

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

Trading of the Equity Shares will happen in the minimum contract size of 1,600 Equity Shares in terms of the SEBI circular no. CIR/MRD/DSA/06/2012 dated February 21, 2012 and the same may be modified by BSE SME from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Offer will be done in multiples of 1,600 Equity Share subject to a minimum allotment of 1,600 Equity Shares to the successful Applicants.

Further, in accordance with SEBI ICDR Regulations the minimum application size in terms of number of specified securities shall not be less than ₹1.00 Lakh per application.

JOINT HOLDERS

Where two or more persons are registered as the holders of the Equity Shares, they will be deemed to hold such Equity Shares as joint tenants with benefits of survivorship.

JURISDICTION

The Equity Shares have not been and will not be registered under the U.S Securities Act or any other applicable law of the United States and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S Securities Act and applicable state securities laws. Accordingly, the Equity Shares are only being offered and sold (i) within the United States only to persons reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the U.S Securities Act and referred to in this Prospectus as “U.S. QIBs”, for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Prospectus as “QIBs”) in transactions exempt from, or not subject to, the registration requirements of the U.S Securities Act, and (ii) outside the United States in offshore transactions in reliance on Regulation S under the U.S Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

NOMINATION FACILITY TO INVESTORS

In accordance with Section 72 (1) & 72 (2) of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 (3) of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in accordance to Section 72 (4) of the Companies Act, 2013, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Articles of Association of the Company, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

1. to register himself or herself as the holder of the Equity Shares; or
2. to make such transfer of the Equity Shares, as the deceased holder could have made

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Applicant would prevail. If the Applicant wants to change the nomination, they are requested to inform their respective Depository Participant.

SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022 which for the avoidance of doubt shall be deemed to be incorporated in the deemed agreement of the Company with the SCSBs to the extent applicable.

In terms of Regulation 265 of SEBI ICDR Regulations, the Offer shall be open after at least three (3) working days from the date of filing the Prospectus with the Registrar of Companies.

In terms of Regulation 266 (3) of SEBI ICDR Regulations, in case of force majeure, banking strike or similar circumstances, our Company may, for reasons to be recorded in writing, extend the Offer Period disclosed in the Prospectus, for a minimum period of three (3) working days, subject to the provisions of Regulation 266(1).

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Offer Closing Date, the timetable may change due to various factors, such as extension of the Offer Period by our Company and Selling Shareholders, or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws. Each of the Selling Shareholders confirms that it shall extend such reasonable support and co-operation in relation to its respective portion of the Offered Shares for completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchanges within Six Working Days from the Offer Closing Date or such other period as may be prescribed by SEBI.

Applications and any revision to the same shall be accepted **only between 10.00 a.m. and 5.00 p.m. (IST)** during the Offer Period (except for the Offer Closing Date). On the Offer Closing Date, the Applications and any revision to the same shall be accepted between **10.00 a.m. and 3.00 p.m. (IST)** or such extended time as permitted by the Stock Exchanges, in case of Applications by Retail Individual Investors after taking into account the total number of applications received up to the closure of timings and reported by the Lead Manager to the Stock Exchanges. It is clarified that Applications not uploaded on the electronic system would be rejected. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Applications on the Offer Closing Date, the Applicants are advised to submit their applications one day prior to the Offer Closing Date and, in any case, no later than 3.00 p.m. (IST) on the Offer Closing Date. All times mentioned in this Draft Prospectus are Indian Standard Times. Applicants are cautioned that in the event a large number of Applications are received on the Offer Closing Date, as is typically experienced in public offerings, some Applications may not get uploaded due to lack of sufficient time. Such Applications that cannot be uploaded will not be considered for allocation under the Offer. Applications will be accepted only on Business Days. Neither our Company nor the Lead Manager is liable for any failure in uploading the Applications due to faults in any software/hardware system or otherwise.

The above timetable is indicative and does not constitute any obligation or liability on our Company, our Promoters, the Selling Shareholders or the Lead Managers. Whilst our Company and the Selling Shareholders shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within Six (6) Working Days from the Offer Closing Date or such period as may be prescribed, with reasonable support and co-operation of the Promoter, as may be required in respect of its respective portion of the offered Shares, the timetable may change due to various factors, such as extension of the Offer Period by our Board, as applicable, in consultation with the Lead Managers. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws. The Promoter confirms that it shall extend such reasonable support and co-operation in relation to its respective portion of the Offered Shares for completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchanges within Six Working Days from the Offer Closing Date or such other period as may be prescribed by SEBI.

In terms of the UPI Circulars, in relation to the Offer, the Lead Managers will submit reports of compliance with T+6 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it. In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding Four (4) Working Days from the Offer Closing Date, the Applicant shall be compensated for the entire duration of delay exceeding Four (4) Working Days from the Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. SEBI is in the process of streamlining and reducing the post Offer timeline for IPOs. Any circulars or notifications from SEBI after the date of this Draft Prospectus/Prospectus may result in changes to the above-mentioned timelines. Further, the offer procedure is subject to change basis any revised SEBI circulars to this effect.

The Registrar to the Offer shall submit the details of cancelled/withdrawn/deleted applications to the SCSB's on daily basis within 60 minutes of the Offer closure time from the Offer Opening Date till the Offer Closing Date by obtaining the same from the Stock Exchange. The SCSB's shall unblock such applications by the closing hours of the Working Day.

It is clarified that applications not uploaded on the electronic bidding system or in respect of which the full application Amount is not blocked by SCSBs or under the UPI Mechanism, as the case may be, would be rejected.

In case of force majeure, banking strike or similar circumstances, the Issuer may, for reasons to be recorded in writing, extend the (Offer) period disclosed in the Prospectus, for a minimum period of three (3) working days, subject to the Offer Period not exceeding ten (10) working days.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not allowed to withdraw or lower the size of their applications (in terms of the quantity of the Equity Shares or the Applications Amount) at any stage. Retail Individual Investors can revise or withdraw their Applications prior to the Offer Closing Date. Except Allocation to Retail Individual Investors, Allocation in the Offer will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or the electronic Application Form, for a particular Applicant, the details as per the file received from the Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Offer shall ask the relevant SCSB or the member of the Syndicate for rectified data.

MINIMUM SUBSCRIPTION

This Offer is not restricted to any minimum subscription level. This Offer is 100% underwritten per Regulation 260(1) of SEBI ICDR Regulations.

As per Section 39 of the Companies Act, 2013, if the "stated minimum amount" has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the Offer through the Offer Document including devolvement of Underwriters, our Company shall forthwith refund the entire subscription amount received within 15 days from the closure of the Offer, if there is a delay beyond such time, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest as prescribed under the SEBI ICDR Regulations, the Companies Act, 2013 and applicable laws.

The minimum number of allottees in this Offer shall be 50 shareholders. In case the minimum number of prospective allottees is less than fifty (50), no allotment will be made pursuant to this Offer and the monies blocked by the SCSBs shall be unblocked within four (4) working days of closure of Offer.

In accordance with Regulation 260 (1) of the SEBI ICDR Regulations, our Offer shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the Offer through this Draft Prospectus and shall not be restricted to the minimum subscription level. Further, in accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than ₹ 1,00,000 (Rupees One Lakh) per application.

The Equity Shares have not been and will not registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the application law of such jurisdiction.

ARRANGEMENTS FOR DISPOSAL OF ODD LOTS

The trading of the Equity Shares will happen in the minimum contract size of 1,600 shares in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the BSE SME.

WITHDRAWAL OF THE OFFER

Our Company and Selling Shareholders in consultation with the Lead Manager, reserve the right to not to proceed with the Offer after the Offer Opening Date but before the Allotment. In such an event, our Company would Offer a public notice in the newspapers in which the pre-Offer advertisements were published, within two (2) days of the Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer. The Lead Manager

through, the Registrar to the Offer, shall notify the SCSBs or the Sponsor Bank to unblock the bank accounts of the ASBA Applicants within one (1) working day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchange on which Equity Shares are proposed to be listed. If the Offer is withdrawn after the designated Date, amounts that have been credited to the Public Offer Account shall be transferred to the Refund Account.

Notwithstanding the foregoing, this Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment, and (ii) the final ROC approval of the Prospectus after it is registered with the ROC. If our Company and Selling Shareholders withdraws the Offer after the Offer Closing Date and thereafter determines that it will proceed with an Offer, our Company shall file a fresh Draft Prospectus.

SEBI vide the UPI Circulars, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. SEBI vide the UPI Circulars, has introduced an alternate payment mechanism using UPI and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI mechanisms for RIIs applying through Designated Intermediaries have been made effective along with the existing process and existing timeline of T+6 days (“UPI Phase I”). The same was applicable until June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Applications by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applications with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Further pursuant to SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. The final reduced timeline of T+3 days be made effective using the UPI Mechanism for applications by RIIs (“UPI Phase III”), as may be prescribed by SEBI. The Offer will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI circular no SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on/or after May 01, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, are deemed to form part of the Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual applicants in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism. If the Offer is made under UPI Phase III, the same will be advertised in all editions of the English national daily newspaper, all editions of the Hindi national daily newspaper, regional edition of the regional daily newspaper on or prior to the Offer Opening Date and such advertisement shall also be made available to the Stock Exchange for the purpose of uploading on their website. Subsequently, pursuant to SEBI circular no SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, has reduced the timelines for refund of Application money to four days. In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding Four (4) Working Days from the Offer Closing Date, the Applicant shall be compensated as per the UPI Circulars for the entire duration of delay exceeding Four (4) Working Days from the Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The LM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Our Company, Selling Shareholders and Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and is not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Prospectus. Applicants are advised

to make their independent investigations and ensure that their applications are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Draft Prospectus and the Prospectus.

Further, the Company, Selling Shareholders and the Lead Manager are not liable for any adverse occurrences' consequent to the implementation of the UPI Mechanism for application in this Offer.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued UPI Circulars in relation to streamlining the process of public Offer of equity shares and convertibles. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public Offer closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circular proposes to introduce and implement the UPI payment mechanism in three phases in the following manner:

Phase I: This phase has become applicable from January 1, 2019 and will continue till June 30, 2019. Under this phase, a Retail Individual Investor would also have the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public Offer closure to listing would continue to be six working days.

Phase II: This phase commenced on completion of Phase I, i.e., with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been extended until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public offer closure to listing would continue to be six working days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public Offer closure to listing is proposed to be reduced to three working days.

Pursuant to the UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circulars include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful applicants to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the post-offer LM will be required to compensate the concerned investor.

The Offer will be made under UPI Phase II of the UPI Circular, unless UPI Phase III of the UPI Circular becomes effective and applicable on or prior to the Offer Opening Date. All SCSBs offering facility of making application in public Offers shall also provide facility to make application using UPI.

Our Company and the Selling Shareholders will be required to appoint one or more of the SCSBs as a Sponsor Bank(s) to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Investors.

The processing fees may be released to the remitter banks (SCSBs) only after an application is made by the SCSBs to the LM with a copy to the Registrar, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB in accordance with April 20, 2022 Circular.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Lead Manager.

FIXED PRICE OFFER PROCEDURE

The Offer is being made in compliance with the provisions of Chapter IX of SEBI ICDR Regulations through a Fixed Price Process wherein 50% of the Net Offer is allocated for Retail Individual Investors and the balance shall be offered to individual applicants other than Retail Individual Investors and other investors including Corporate Bodies or Institutions, QIBs and Non-Institutional Investors. However, if the aggregate demand from the Retail Individual Investors is less than 50%, then the balance Equity Shares in that portion will be added to the non-retail portion offered to the remaining investors including QIBs and NIIs and vice-versa subject to valid Applications being received from them at or above the Offer Price.

Additionally, if the Retail Individual Investors category is entitled to more than 50% on proportionate basis, the Retail Individual Investors shall be allocated that higher percentage. However, the Application by an Applicant should not exceed the investment limits prescribed under the relevant regulations/statutory guidelines.

Subject to the valid Applications being received at the Offer Price, allocation to all categories in the Net Offer, shall be made on a proportionate basis, except for the Retail Portion where Allotment to each Retail Individual Investors shall not be less than the minimum lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the LM and the Stock Exchange.

Investors should note that according to section 29(1) of the Companies Act, 2013, allotment of Equity Shares to all successful Applicants will only be in the dematerialised form. The Application Forms which do not have the details of the Applicant's depository account including DP ID, PAN and Beneficiary Account Number/UPI ID (for RII Applicants using the UPI Mechanism), shall be treated as incomplete and rejected. In case DP ID, Client ID and PAN mentioned in the Application Form and entered into the electronic system of the stock exchanges, do not match with the DP ID, Client ID and PAN available in the depository database, the application is liable to be rejected. Applicants will not have the option of getting allotment of the Equity Shares in physical form. The Equity Shares on allotment shall be traded only in the dematerialised segment of the Stock Exchange.

AVAILABILITY OF DRAFT PROSPECTUS, PROSPECTUS AND APPLICATION FORMS

MAXIMUM AND MINIMUM APPLICATION SIZE

For Retail Individual Investors

The Application must be for a minimum of 1,600 Equity Shares and in multiples of 1,600 Equity Shares thereafter, so as to ensure that the Application Price payable by the Applicant does not exceed ₹2,00,000. In case of revision of Applications, the Retail Individual Investors have to ensure that the Application Price does not exceed ₹2,00,000.

For Other than Retail Individual Investors (Non-Institutional Investors and QIBs)

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹2,00,000 and in multiples of 1,600 Equity Shares thereafter. An application cannot be submitted for more than the Net Offer Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI ICDR Regulations, a QIB Applicant cannot withdraw its Application after the Offer Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Investors, who are individuals, have to ensure that the Application Amount is greater than ₹2,00,000 for being considered for allocation in the Non-Institutional Portion.

Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Prospectus.

The above information is given for the benefit of the Applicants. The Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the Stock Exchange. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).
2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio). For applications where the proportionate allotment works out to less than 1,600 Equity shares the allotment will be made as follows:

- (a) Each successful applicant shall be allotted 1,600 Equity shares; and
 - (b) The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
3. If the proportionate allotment to an applicant works out to a number that is not a multiple of 1,600 Equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of 1,600 Equity shares subject to a minimum allotment of 1,600 Equity shares.
 4. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 1,600 Equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Prospectus.
 5. The above proportionate allotment of shares in an Offer that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
 - (a) As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - (b) The balance net offer of shares to the public shall be made available for allotment to:
 - i) Individual applicants other than retails individual investors; and
 - ii) Other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 - (c) The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.
 6. Retail Individual Investors' means an investor who applies for shares of value of not more than ₹2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with Stock Exchange. The Executive Director / Managing Director of Stock Exchange in addition to Lead Manager and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI ICDR Regulations.

PARTICIPATION BY ASSOCIATES/AFFILIATES OF LEAD MANAGER, PROMOTERS, PROMOTER GROUP AND PERSONS RELATED TO PROMOTERS/ PROMOTER GROUP

The Lead Manager shall not be entitled to subscribe to this Offer in any manner except towards fulfilling their underwriting obligations. However, associates and affiliates of the Lead Manager may subscribe to Equity Shares in the Offer, either in the QIB Portion and Non-Institutional Portion where the allotment is on a proportionate basis. The Promoters, the Selling Shareholders, Promoter Group, Lead Manager and any persons related to the Lead Manager (except Mutual Funds sponsored by entities related to the Lead Manager) cannot apply in the Offer.

APPLICATIONS BY MUTUAL FUNDS

With respect to Applications by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged with the Application Form. Failing this, our Company and the Selling Shareholders in consultation with Lead Manager, reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof. The Applications made by the asset management companies or custodians of Mutual Funds shall specifically state the names of the concerned schemes for which the Applications are made.

In case of a Mutual Fund, a separate Application can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Applications in respect of more than one scheme of the Mutual Fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

No mutual fund scheme shall invest more than 10% of its net asset value in the Equity Shares or equity related instruments of any Company provided that the limit of 10% shall not be applicable for investments in index funds or sector or industry

specific funds. No mutual fund under all its schemes should own more than 10% of any Company's paid-up share capital carrying voting rights.

APPLICATIONS BY HUFs

Applications by HUFs Hindu Undivided Families or HUFs, in the individual name of the Karta. The Applicant should specify that the Application is being made in the name of the HUF in the Application Form as follows: "Name of sole or first Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Applications by HUFs may be considered at par with Applications from individuals.

APPLICATIONS BY ELIGIBLE NRIs

Eligible NRIs may obtain copies of Application Form from the Designated Intermediaries. Only Applications accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Applicant applying on a repatriation basis by using the Non-Resident Forms should authorize their SCSB or should confirm/accept the UPI Mandate Request (in case of RIIs using the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") ASBA Accounts, and eligible NRI Applicant applying on a non-repatriation basis by using Resident Forms should authorize their SCSB or should confirm/accept the UPI Mandate Request (in case of RIIs applying using the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Application Amount, at the time of the submission of the Application Form. However, NRIs applying in the Offer through the UPI Mechanism are advised to enquire with the relevant bank where their account is UPI linked prior to submitting their application.

Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for non-residents (blue in colour).

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents. (White in colour).

Participation by Eligible NRIs in the Offer shall be subject to the FEMA Non -Debt Instruments Rules. Only Applications accompanied by payment in Indian rupees or fully converted foreign exchange will be considered for Allotment.

In accordance with the FEMA Non-Debt Instruments Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants offered by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

For further details, see "*Restrictions on Foreign Ownership of Indian Securities*" on page 206 of this Draft Prospectus.

APPLICATIONS BY FPIs AND FIIs

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of our post-Offer Equity Share capital. Further, in terms of the FEMA Non-Debt Instruments Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid -up Equity Share capital of our Company and the total holdings of all FPIs put together with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%). In terms of the FEMA Non -Debt Instruments Rules, for calculating the aggregate holding of FPIs in a company, holding of a ll registered FPIs shall be included.

Additionally, the aggregate foreign portfolio investment up to 49% of the paid -up capital on a fully diluted basis or the sectoral / statutory cap, whichever is lower, does not require Government approval or compliance of sectoral conditions as the case may be, if such investment does not result in transfer of ownership and control of the resident Indian company from resident Indian citizens or transfer of ownership or control to persons resident outside India. Other investments by a person resident outside India will be subject to conditions of Government approval and compliance with sectoral conditions as laid down in these regulations.

In case of Applications made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Application Form, failing which our Company and Selling Shareholders reserves the right to reject any application without assigning any reason.

To ensure compliance with the above requirement, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Offer to ensure there is no breach of the investment limit, within the timelines for Offer procedure, as prescribed by SEBI from time to time.

A FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognized stock exchange in India, and/ or may purchase or sell securities other than equity instruments FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may Offer, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is offered overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are offered only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are offered only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are offered after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants offered that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to, inter alia, the following conditions:

- (a) each offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

The FPIs who wish to participate in the Offer is advised to use the Application Form for non-residents.

Further, Applications received from FPIs bearing the same PAN will be treated as multiple Applications and are liable to be rejected, except for Applications from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants which were issued in November 2019 to facilitate implementation of SEBI FPI Regulations (such structure "MIM Structure") provided such application have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple application received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid application, FPIs making multiple applications using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, were required to provide a confirmation along with each of their Application Forms that the relevant FPIs making multiple Applications utilize the MIM Structure and indicate the names of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Applications will be rejected.

APPLICATIONS BY SEBI REGISTERED AIF, VCF AND FVCI

The SEBI VCF Regulations, the SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs.

The holding by any individual VCF or FVCI registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company, Selling Shareholders or the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIPS

In case of applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing which, the Company and Selling Shareholders in consultation with the LM, reserves the right to reject any application, without assigning any reason thereof.

METHOD AND PROCESS OF APPLICATIONS

The Designated Intermediaries shall accept applications from the Applicants during the Offer Period.

The Offer Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Offer Period may be extended, if required, by an additional three Working Days, subject to the total Offer Period not exceeding 10 Working Days.

During the Offer Period, Applicants who are interested in subscribing to the Equity Shares should approach the Designated Intermediaries to register their applications.

The Applicant cannot apply on another Application Form after applications on one Application Form have been submitted to the Designated Intermediaries. Submission of a second Application form to either the same or to another Designated Intermediaries will be treated as multiple applications and is liable to be rejected either before entering the application into the electronic collecting system or at any point prior to the allocation or Allotment of Equity Shares in this Offer.

Designated Intermediaries accepting the application forms shall be responsible for uploading the application along with other relevant details in application forms on the electronic bidding system of stock exchange and submitting the form to SCSBs for blocking of funds (except in case of SCSBs, where blocking of funds will be done by respective SCSBs only). All applications shall be stamped and thereby acknowledged by the Designated Intermediaries at the time of receipt.

The Designated Intermediaries will enter each application option into the electronic collecting system as a separate application and generate a TRS and give the same to the applicant.

Upon receipt of the Application Form, submitted whether in physical or electronic mode, the Designated Intermediaries shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form, prior to uploading such applications with the Stock Exchange.

If sufficient funds are not available in the ASBA Account, the Designated Intermediaries shall reject such applications and shall not upload such applications with the Stock Exchange.

If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form and will enter each application option into the electronic collecting system as a separate application and generate a TRS for each price and demand option. The TRS shall be furnished to the Applicant on request.

The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Application Amount against the Allotted Equity Shares to the Public Offer Account, or until withdraw/ failure of the Offer or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Offer shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Applicants to the Public Offer Account. In case of withdrawal/ failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Offer.

TERMS OF PAYMENT

The entire Offer price of ₹ 90/- per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Applicants. SCSBs will transfer the amount as per the instruction of the Registrar to the Public Offer Account, the balance amount after transfer will be unblocked by the SCSBs.

The applicants should note that the arrangement with Bankers to the Offer or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Offer and the Registrar to the Offer to facilitate collections from the Applicants.

PAYMENT MECHANISM

The applicants shall specify the bank account number in their Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Individual Investors shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Application Form or for unsuccessful Application Forms, the Registrar to the Offer shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Offer and consequent transfer of the Application Amount to the Public Offer Account, or until withdrawal/ failure of the Offer or until rejection of the Application by the ASBA Applicant, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI ICDR Regulations, all the investors applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Offer have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued, issued the Consolidated FDI Policy Circular of 2020 (“**FDI Policy**”), which, with effect from October 15, 2020, subsumes and supersedes all press notes, press releases, clarifications, circulars issued by the DPIIT, which were in force as on October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that: (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the SEBI SAST Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

On October 17, 2019, Ministry of Finance, Department of Economic Affairs, had notified the FEMA Rules, which had replaced the Foreign Exchange Management (Transfer and Issue of Security by a Person Resident Outside India) Regulations 2017. Foreign investment in this Issue shall be on the basis of the FEMA Rules. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020 issued on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India.

As per the FDI policy, FDI in companies engaged in the retail trading sector, which is the sector in which our Company operates, is permitted up to 100% of the paid-up share capital of such company under the automatic route.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer. For further details, see “*Offer Procedure*” on page 185 of this Draft Prospectus. Each Applicant should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Applicant shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Offer Period.

The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any state securities laws of the United States and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws of the United States. Accordingly, the Equity Shares are only being offered and sold only outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company, the Selling Shareholders and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations, seek independent legal advice about its ability to participate in the Offer and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.
